Background

Tuition rates for students admitted to academic programs are established via student classification (undergraduate, graduate and doctoral), residency, and credit hours taken. Tuition revenue supports the administrative and instruction costs of each OUS institution and vary based on factors including class sizes, faculty salaries, specialized programs and equipment as well as facilities required to teach courses. There are three basic tuition and fee structures at OUS institutions: the regular Academic Year, Summer Session, and Continuing Education programs. Under existing policy, each of the three tuition structures is separate with its own unique rate setting process. The Academic Year and Summer Session tuition and fees are set by the Board of Higher Education and Continuing Education rates are set by the institutions.

The tuition and fee rates shown in this publication represent the enrollment charges assessed to students in the Summer Session programs of all institutions. These charges are comprised of the following separately maintained fees: Tuition, Mandatory Enrollment, Universal Resource Programmatic Resource and One-time fees. The revenue generated by each fee element is dedicated to a specific purpose, independent of the other components. Students enrolled under the Part-time Student Fee Policy are subject to assessment of fees appropriate to specific courses taken. Institutions have the option of assessing resource and other fees during the Summer Session at rates comparable to those assessed in the preceding *2008-09 Academic Year Fee Book*.

The proposed fee rates and policies for the 2009 Summer Session are set forth in the accompanying tuition and fee schedules beginning on page 15. The housing section included in this document reflects contract policies and rates for summer dormitory housing starting on page 40.

Tuition

Tuition supports the direct instruction and administrative costs of each institution's Summer Session program. To determine the recommended tuition rates, institutions must balance the fiscal requirements of their Summer Session programs with market considerations, including tuition rates of competing education providers. Institutions are not required to make a residency determination for summer term but may choose to do so.

Mandatory Enrollment Fees

Building Fee: The Building Fee is assessed at the same rate for all institutions. Historically, the Building Fee charge for Summer Session is approximately 75% percent of the academic year rate. For summer 2009, the rate will be \$34 per student. Oregon Revised Statute 351.170 allows OUS to assess up to \$45 per student per term to finance debt service for construction associated with student centers, health centers, and recreational facilities constructed through the issuance of Article XI-F(1) bonds.

Incidental Fee: Recommendations for the Incidental Fee are generally made by student committees in accordance with a Board-approved Incidental Fee Policy (OAR 580-010-0090) on each campus. In some instances, the student committee recommendations are supported by campus student referenda. The funds generated by this fee are to be used for "student union activities, educational, cultural, student government activities, and athletic activities." The president of each institution reviews the student committee recommendations then submits the recommendations to the Chancellor for final review and approval by the Board of Higher Education.

Health Services Fee: This fee is used to support each institution's student health services, which are operated as an auxiliary enterprise on a self-sustaining basis. Optional health insurance policies are covered by this fee and made available by some institutions. During Summer Session, student health services may function at reduced levels or are not provided at all. The recommended Summer Session rates reflect these lower levels of activity.

Recreation Center Fee: This fee is used to fund the construction and operation of Student Recreation Centers. It is assessed to provide additional funding as the Building Fee is not adequate to fully fund or operate projects of this scale. Currently, only the UO assesses this fee, although PSU will add this fee when they open their new student recreation center, known as the PCAT project. Other OUS campuses are also currently contemplating fees of this type.

Universal Resource Fees

Registration Fee: The Registration Fee is used to defray the costs associated with registration activities, awarding and disbursement of financial aid, enrollment and fee payment processes, grade processing, and degree certification.

Technology Fee: The Technology Fee is currently used for the support and improvement of student-related computing facilities and services, including network infrastructure. The fee makes possible the creation and expansion of information technology services within the library, general classroom, and departmental areas. A student advisory committee participates in setting this fee rate each year and gives input regarding the scope of services to be funded with this fee revenue.

Programmatic Resource Fees

Programmatic Resource Fees were established to provide funds to assist with faculty, resource materials, equipment and specialized services. Programmatic Resource Fees vary by institution and are assessed to students admitted to, or enrolled in a school, college or department, or degree program.

One-time Fees

The Matriculation (all campuses) and Transcript for Life (OIT only) Fees are examples of one-time fee charges to new or transfer students. This fee is a one-time assessment and was developed to reduce the large number of enrollment-related fees for student orientation, course schedules (drop/add fees), transcripts, degree applications, and re-enrollment. The fee is also used to support academic programming for Freshmen Interest Groups and Learning.

Fee Policy

The State Board of Higher Education at its January 9, 2009 meeting adopted the *2009 Summer Session Fee Book* as a permanent rule through Oregon Administrative Rule 580-040-0035. Fee policies outlined herein apply to the 2009 Summer Session. Fees and policies that are not specifically described for the summer but are applicable throughout the fiscal year (July 1 through June 30) are administered under the preceding *2008-09 Academic Year Fee Book*.

1. Tuition rates may be assessed based on undergraduate and graduate course designation or student classification.
2. Course level designations are generally defined as follows:
 - a. Course numbers assigned 499 and below are assigned undergraduate fee rates.
 - b. Course numbers assigned 500 and higher are assigned graduate fee rates.
3. Semester rates for students attending the University of Oregon Law programs are modified for the Summer Session program.
4. Tuition may be assessed on a per-credit hour basis or aligned to the preceding academic year structure.
5. Staff, qualifying family/dependents, and graduate assistant fee privileges may be authorized during the Summer Session at the option of the institution. If authorized, fees and study privileges shall conform to policies set forth in the preceding, *2008-09 Academic Year Fee Book*. Staff members or qualifying family/dependents who seek to use the staff fee privilege for courses away from their home institution are subject to corresponding fee policies of the instructing institution.
6. Cooperating supervisors of OUS Student Educator Professionals will be allowed to exercise contract provisions in accordance with policies set forth in the preceding *2008-09 Academic Year Fee Book*. The program title has changed to the University/School Partnership Co-Pay Program.
7. The Concurrent Enrollment Fee Policy was eliminated effective January 1, 2004.
8. Resource fees may be assessed during Summer Session under the policies set forth in the preceding *2008-09 Academic Year Fee Book*.
9. The Building Fee is assessed at \$34.00 per student as a mandatory charge to all students attending Summer Session classes, on-campus.
10. The Incidental Fee is based on recommendations and incidental fee guidelines of each institution. Summer fee rates cannot exceed the per-term amount charged during the previous academic year. Institutions may choose to extend incidental fee services to students not enrolled for Summer Session, under the following conditions:
 - a. A student had been enrolled in the prior academic year term and is expected to enroll in the subsequent academic year term; and
 - b. The student pays the Summer Session Incidental Fee.
11. The Health Service Fee is authorized by the Board based on institutional recommendations for the level of service to be provided during the summer. Summer fee rates cannot exceed the per term amount charged during the previous, *2008-09 Academic Year Fee Book*. Institutions may choose to extend health services to students not enrolled for Summer Session, under the following conditions:

- a. A student had been enrolled in the prior academic year term and is expected to enroll in the subsequent academic year term; and
 - b. The student pays the Summer Session Health Services Fee.
12. Off-campus tuition rates may be established by each institution for summer courses taught outside the campus boundaries. Building, Incidental, and Health Services fees are generally excluded from off-campus tuition rates but may be assessed when the course enrollment includes the opportunity for participation in services provided by such fees.

Special on-campus tuition rates may be established by the institution for specific short-term, on-campus instructional activities including workshops, seminars, conferences, and short courses. These activities require payment of the Building Fee. The Incidental and Health Service fees are assessed only if students may participate in the services provided by such fees.
13. A student enrolled in a combination of credit and audit courses will be assessed for the total hours under the tuition and fee schedule appropriate to that individual's course or student level. If enrolled for audit courses only, the student will pay the same required fees as assessed for similar hours of for-credit classes.
14. The summer refund policy for course load reduction or withdrawal may follow the rule adopted in the preceding academic year fee book or a rule adopted by the institution. The intent of this option is to provide an opportunity for institutions to apply policies better suited to management of summer programs.

Resource Fees Transition to Tuition

In January 2008, the State Board of Higher Education approved policy changes to transition resource fees into tuition no later than Fall term 2011. Starting in academic year 2008-09, Portland State University and Southern Oregon University transitioned all universal and programmatic resource fees into tuition for both undergraduate and graduate students. Eastern Oregon University and Western Oregon University transitioned universal resource fees into tuition for both undergraduate and graduate students and the University of Oregon transitioned undergraduate universal resource fees into tuition. Oregon Institute of Technology and Oregon State University did not transition any fees into tuition in academic year 2008-09.

For more detailed information on the resource fee and differential tuition policy changes, see pages 30 and 31 of the 2008-09 Academic Year Fee Book located on the Oregon University System website at: <http://www.ous.edu/factreport/tuition/>.

2009 Summer Session Board and Room Charges

The State Board of Higher Education reserves the right to modify room and board charges if the cost expectations on which the charges are based substantially exceed present estimates. Below is a table showing an example of each institution's 2009 Summer Session room and board charges. For more detailed information on OUS room and board rates, see the housing section starting on page 40.

Endnote:

Veterinary Medicine students will not be assessed the over-time fee. This exception to the general policy for other graduate programs results from the Veterinary Medicine curricular design which requires larger carrying loads in certain terms for normal progress toward a degree.

Fourth Year Veterinary students taking a series of study, externship, and clinical rotations from the beginning of Finals Week in June to the end of Dead Week the following June, will be assessed four term fees during that period of time. Fee payment dates will correspond to normal Fall, Winter, Spring and Summer term schedules.

Qualified tuition and fees do not include student health insurance fees for Tax Relief Act reporting.

Contract Period Rates - Room

Occupancy Status	Daily Rate	Summer Term Rate
Double	\$11.00	\$590.00
Single	15.00	820.00

The 2009 summer term begins June 22 and ends August 14. The summer term rates are for room only and are subject to the provisions in the Summer Housing Contract. The number of days for the 2009 summer term is 56 (June 21-August 15, with 2 days added to the term to allow for moving in and out). Summer residents with a Fall 2009 Housing Contract will be allowed to stay in the Residence Hall during the period of time that the summer term ends and the building opens for the fall term without additional charges. Residents that cancel their Fall Housing Contract will be charged the daily room rate beginning August 15 until they officially check out of the Residence Hall.

Conference Meals

The following are the rates for conference meals. Schedule 1 is the rate for three meals per day and provides the breakdown for each meal (used for guest meals or additional meals). Schedule 2 provides rates for combination meals (less than three meals per day). Meal counts are based on individual head count as determined by the Residence Hall Roster. Meals served on holidays, weekends and evening are subject to adjustment for additional labor costs.

Schedule 1

# Served	Breakfast	Lunch	Dinner	Daily Package
<100	Negotiable	Negotiable	Negotiable	Negotiable
100-199	5.00	8.00	11.50	24.50
200 and up	4.50	7.50	10.50	22.50

Schedule 2

Meals Served	Rate
Continental Breakfast	\$4.00
Breakfast only	30% of the daily package
Lunch only	40% of the daily package
Dinner only	60% of the daily package
Breakfast and lunch only	70% of the daily package
Breakfast and dinner only	90% of the daily package
Brunch and dinner only	95% of the daily package
Lunch and dinner only	85% of the daily package

Special meal service may be arranged as follows:

Banquets- Subject to service and menu requirements, additional charges will be added to the daily rates. Specific charges to the group will be computed by using the standard procedure of a guaranteed number and actual attendance.

Sack lunch- A single sandwich sack lunch may be substituted for any lunch with no additional charge. A lunch with an extra sandwich(es) is charged more than the standard lunch cost (and the daily rate for that particular day).

Other- Costs for other services will be determined on an individual/event basis.
