SPRIDEN – *Person Identification Table*

Submission Schedule	
4th-week Fall	x
End-of-Term	x
End-of-Year	x
Summer Degrees	x

For the 4th-week and end-of-term runs, this repeating table will store records for all of the process term's registered students as well as records for the instructors contained in the process term's SIRASGN SCARF table.

The end-of-year and summer degrees submissions consist of records for degree recipients only.

<i>Column Name</i>	<i>Page Number</i>	<i>Key</i>	<i>Data Type</i>	<i>Size</i>	<i>Description</i>
SPRIDEN_PIDM	1	X	number	8	Person Identification Master
SPRIDEN_ID	2	X	varchar2	9	Person Identification Number

SPRIDEN_ACTIVITY_DATE	7		date		Activity Date

SPRIDEN_PIDM *Person Identification Master*

Width: **8** Type: **number** **Not Null**

Table: **SPRIDEN** *Person Identification Table*

Validation Table: **none**

Banner internal system-assigned identification number.

SPRIDEN_ID *Person Identification Number*Width: **9** Type: **varchar2** **Not Null**Table: **SPRIDEN** *Person Identification Table*Validation Table: **none**

The Social Security Number of the person. If the person does not have a Social Security Number, the institutionally-assigned number should be prefixed with a three-digit number consisting of a “9” followed by the two-digit institution number. The numbers will be as follows, where XXXXXX is the sequential institutionally-assigned number:

EOU	=	910XXXXXX
OIT	=	918XXXXXX
WOU	=	920XXXXXX
OSU	=	930XXXXXX
SOU	=	940XXXXXX
UO	=	950XXXXXX
OHSU	=	970XXXXXX
PSU	=	990XXXXXX

SPRIDEN_LAST_NAME *Last Name*Width: **60** Type: **varchar2** **Not Null**Table: **SPRIDEN** *Person Identification Table*Validation Table: **none**

Last name by which the person is identified in the institution's records. Last names should include the appropriate upper- and lower-case characters. The special characters: pound sign (#), period (.), and comma (,) should not be used.

SPRIDEN_FIRST_NAME *First Name*Width: **15** Type: **varchar2**Table: **SPRIDEN** *Person Identification Table*Validation Table: **none**

First name or initial by which the person is identified in the institution's records. Students using the first initial should be coded without a period after the first initial.

SPRIDEN_MI *Middle Name*Width: **15** Type: **varchar2**Table: **SPRIDEN** *Person Identification Table*Validation Table: **none**

Middle name or initial by which the person is identified in the institution's records. Students using the middle initial should be coded without a period after the initial.

SPRIDEN_CHANGE_IND *Person Change Indicator*Width: **1** Type: **varchar2**Table: **SPRIDEN** *Person Identification Table*Validation Table: **none**

This column keeps track of ID and/or name changes. A SPRIDEN_CHANGE_IND of “I” or “N” marks the record as having a superseded ID or name — and indicates that a more current record exists. The record with the null SPRIDEN_CHANGE_IND is the record with the current name and ID (therefore, each person represented in the table must have exactly one record with a null change indicator).

I	Indicates a previous ID
N	Indicates a previous name
null	Identifies the most current record

SPRIDEN_ACTIVITY_DATE *Activity Date*Width: Type: **date** **Not Null**Table: **SPRIDEN** *Person Identification Table*Validation Table: **none**

This column identifies the last date the record was added or updated.

SPRADDR – Address Table

Submission Schedule	
4th-week Fall	x
End-of-Term	x
End-of-Year	x
Summer Degrees	x

For the 4th-week and end-of-term runs, this repeating table will store two records for all of the process term’s registered students. One of the records will have an address type of ‘CU’ and will store the student’s current mailing address. The other record will have an address type of ‘XO’ and will store the student’s geographic origin.

For the end-of-year run and for summer degrees, this table will store the two records (see above) for degree recipients only.

<i>Column Name</i>	<i>Page Number</i>	<i>Key</i>	<i>Data Type</i>	<i>Size</i>	<i>Description</i>

SPRADDR_PIDM *Person Identification Master*

Width: **8** Type: **number** **Not Null**

Table: **SPRADDR** *Address Table*

Validation Table: **none**

Banner internal system-assigned identification number.

SPRADDR_ATYP_CODE *Address Type*Width: **2** Type: **varchar2** **Not Null**Table: **SPRADDR** *Address Table*Validation Table: **STVATYP**

This column identifies the type of address being reported.

CU = The student's current mailing address.

XO = Geographic Origin at time of most recent admission. (State, county and nation columns only.)

The Geographic Origin address record is to be composed as follows:

- Use the Nation for foreign Geographic Origin. Use the State for a U.S. Geographic Origin. Use County if the State is "OR".
- The Oregon counties in alphabetical order are numbered 01 through 36 (STVCNTY). The states are the standard two-digit abbreviations as adopted by the U.S. Postal Service.
- Foreign country codes will be a three-character code (STVNATN). The first character (Pos. 1) is the region code followed by the two-character country code (Pos. 2 and 3). The foreign country code shall reflect the country of the student's citizenship at the time of admission.
- Oregon residents living in another state or country shall be coded from their legal address in Oregon.
- Students who are U.S. citizens who are entering from a foreign country shall be coded from their legal state of residence. For stateless or dual citizenship students, code state code as "US" and code the nation code with the appropriate foreign country.
- Students who are Resident Aliens should be coded as US citizens (include State but not Nation). Non-resident Aliens should have only Nation coded.
- A student's Geographic Origin remains the same throughout a graduate program or throughout an undergraduate degree program, even when the student receives an Associate Degree and continues into the Bachelor's Degree program.
- A postbaccalaureate-nongraduate student should be coded anew with current Geographic Origin when entering the institution after the baccalaureate was received.
- Geographic Origin of students readmitted to the same degree objective at the institution shall be coded from the original admissions file if less than 5 years since last attendance. If the student is being readmitted after an absence of more than 5 years, the Geographic Origin at readmission may be used if the original Geographic Origin data is not available.

SPRADDR_STREET_LINE1 *Street 1*

Width: **30** Type: **varchar2**

Table: **SPRADDR** *Address Table*

Validation Table: **none**

This column maintains the first line of the street address associated with student's current address (Type = CU).

Abbreviations should be those recommended in the *Post Office Directory*.

SPRADDR_STREET_LINE2 *Street 2*Width: **30** Type: **varchar2**Table: **SPRADDR** *Address Table*Validation Table: **none**

This column maintains the second line of the street address associated with student's current address (Type = CU).

Abbreviations should be those recommended in the *Post Office Directory*.

SPRADDR_STREET_LINE3 *Street 3*

Width: **30** Type: **varchar2**

Table: **SPRADDR** *Address Table*

Validation Table: **none**

This column maintains the third line of the street address associated with student's current address (Type = CU).

Abbreviations should be those recommended in the *Post Office Directory*.

SPRADDR_CITY *City*Width: **20** Type: **varchar2** **Not Null**Table: **SPRADDR** *Address Table*Validation Table: **none**

This column maintains the city associated with student's current address (Type = CU).

SPRADDR_STAT_CODE *State*Width: **2** Type: **varchar2**Table: **SPRADDR** *Address Table*Validation Table: **STVSTAT**

This column maintains the state, territory, or province code associated with the student's current address type.

Only valid US state, US territory, or Canadian province abbreviations should be used.

This column will indicate a U.S. state Geographic Origin if address type = "XO".

SPRADDR_ZIP *Zip Code*Width: **10** Type: **varchar2**Table: **SPRADDR** *Address Table*Validation Table: **none**

This column maintains the zip code associated with the student's current address (Type = CU).

SPRADDR_CNTY_CODE *County*Width: **3** Type: **varchar2**Table: **SPRADDR** *Address Table*Validation Table: **STVCNTY**

This column maintains the county associated with the student's address type "XO" record. Only Oregon county codes need be provided.

SPRADDR_NATN_CODE *Nation*Width: **5** Type: **varchar2**Table: **SPRADDR** *Address Table*Validation Table: **STVNATN**

This column maintains the nation associated with mailing address of student, if the student's address type is "CU".

This column maintains the nation of foreign Geographic Origin if the student's address type is "XO".

SPRADDR_PHONE_AREA *Phone Number Area Code*Width: **3** Type: **varchar2**Table: **SPRADDR** *Address Table*Validation Table: **none**

This column maintains the area code of the phone number associated with the student's current address (Type = CU).

SPRADDR_PHONE_NUMBER *Phone Number*Width: **7** Type: **varchar2**Table: **SPRADDR** *Address Table*Validation Table: **none**

This column maintains the phone number associated with the student's current address (Type = CU).

SPRADDR_ACTIVITY_DATE *Activity Date*Width: Type: **date**Table: **SPRADDR** *Address Table*Validation Table: **none**

This column identifies the last date the record was added or updated.

SGBSTDN_PIDM *Person Identification Master*

Width: **8** Type: **number** **Not Null**

Table: **SGBSTDN** *Student Table*

Validation Table: **none**

Banner internal system-assigned identification number.

SGBSTDN_STST_CODE *Student Status*Width: **2** Type: **varchar2** **Not Null**Table: **SGBSTDN** *Student Table*Validation Table: **STVSTST**

The student's attendance status at this institution:

- AS = *New* – First-time admitted to this institution at this degree level (i.e., undergraduate, graduate). Do not use this code if a student changes degree programs within the same degree level (e.g., masters to doctoral).
- CN = *Continuing* – Student attended last academic term (where either spring or summer term may count as the last term during fall term).
- RT = *Returning* – Student has enrolled for courses at this institution during at least one previous academic term, but not the last academic term. During fall term, either spring or summer term may count as the immediate previous term.

If a student changes to or from non-admitted or postbaccalaureate status, *within the same degree level*, the student would be coded as “CN” or “RT” as appropriate.

SGBSTDN_LEVEL_CODE *Student Level*Width: **2** Type: **varchar2** **Not Null**Table: **SGBSTDN** *Student Table*Validation Table: **STVLEVL**

The level at which the student is admitted or enrolled.

UG = Undergraduate (including postbaccalaureate nongraduate)

GR = Graduate

NU = Nonadmitted Undergraduate

NG = Nonadmitted Graduate

FP = First Professional (e.g., Law, Veterinary Medicine, Medicine, Dentistry)

SGBSTDN_RES_D_CODE *Oregon Residency*Width: **1** Type: **varchar2** **Not Null**Table: **SGBSTDN** *Student Table*Validation Table: **STVRESD**

Coded for all students including nonadmitted students.

Residency is determined by each institution's Residency Classification Officer and reviewed by the Inter-institutional Residency Committee. Residency rules appear in OAR 580-10.

R = Resident

N = Nonresident

All out-of-state students should be coded "N" (nonresident) regardless of fee remissions that allow them to pay other than nonresident fees.

All students who have been previously granted residency-by-exception must be coded either as Resident-by-exception or International Cultural Service Program in the Fee Remission Program Category data element, but as a nonresident here.

SGBSTDN_ACTIVITY_DATE *Activity Date*Width: Type: **date** **Not Null**Table: **SGBSTDN** *Student Table*Validation Table: **none**

This column identifies the last date the record was added or updated.

SSSSTDN_STYP_CODE *Student Type*Width: **1** Type: **varchar2** **Not Null**Table: **SGBSTDN** *Student Table*Validation Table: **STVSTYP**

The code placing the student into one of the following categories:

- A = *Freshman* (0-44 credit hours)
- B = *Sophomore* (45-89 credit hours) and first-year nursing
- C = *Junior* (90-134 credit hours) and first-year OHSU dental hygiene, and second-year nursing
- D = *Senior* (135+ credit hours, but no baccalaureate), second-year OHSU dental hygiene, third-year nursing and medical technician
- E = *Registered nurses enrolled in baccalaureate nursing program at the senior level*
- F = *Postbaccalaureate nongraduate* (admitted students who possess the baccalaureate and are enrolled under the postbaccalaureate nongraduate fee policy)
- G = *Unknown*
- H = *Graduate Master* (admitted to Master's program)
- I = *Graduate Doctoral* (admitted to PhD or EDD)
- J = *Graduate Other* (other admitted students who possess the baccalaureate, not in any other student-level category)
- K = *1st-year Professional* (Law, DVM, DMD, MD)
- L = *2nd-year Professional* (Law, DVM, DMD, MD)
- M = *3rd-year Professional* (Law, DVM, DMD, MD)
- N = *4th-year Professional* (DVM, DMD, MD)
- O = *Nonadmitted undergraduate* (includes NSE and other exchange programs)
- P = *Nonadmitted graduate* (including graduate enrollment in exchange programs)
- Q = *Masters Certificate* (OHSU)

SSSSTDN_ACAT_CODE_1 *Academic Award Objective 1*Width: **2** Type: **varchar2**Table: **SGBSTDN** *Student Table*Validation Table: **STVACAT**

This column identifies the CIP Program Purpose Dimension Code associated with the degree that the student is pursuing as of the end of the academic period being reported.

SSSSTDN_CIPC_CODE_1 *Major 1*Width: **6** Type: **varchar2**Table: **SGBSTDN** *Student Table*Validation Table: **STVCIPC**

The student's first major at the end of the period being reported as identified by the six-character CIP code.

SSSSTDN_ACAT_CODE_2 *Academic Award Objective 2*Width: **2** Type: **varchar2**Table: **SGBSTDN** *Student Table*Validation Table: **STVACAT**

This column identifies the CIP Program Purpose Dimension Code associated with the degree that the student is pursuing as of the end of the academic period being reported.

SSSSTDN_CIPC_CODE_2 *Major 2*Width: **6** Type: **varchar2**Table: **SGBSTDN** *Student Table*Validation Table: **STVCIPC**

The student's second major at the end of the period being reported as identified by the six-character CIP code.

SSSSTDN_SPEC_BILLING *Special Billing*Width: **1** Type: **varchar2**Table: **SGBSTDN** *Student Table*Validation Table: **none**

A student's special fee privilege or classification, as described in the OUS Fee Book.

- 1 = *Staff Fee* (academic and classified)
- 2 = *Graduate Assistants* (graduate teaching assistants, graduate research assistants, or graduate fellows)
- 3 = *Senior Citizen*
- 4 = *Refugee in ESL*
- 5 = *Supervisor of Student Teachers*
- 6 = *Tribal Affiliation*

SPRINTL_VTYP_CODE_CURRENT *Visa Type*Width: **2** Type: **varchar2** **Not Null**Table: **SPRINTL** *International Student Table*Validation Table: **STVVTYP**

A code identifying the visa type for non-U.S. citizens. Valid codes are listed in STVVTYP.

Resident Alien (code = RA) is used for an alien admitted to the U.S. under a permanent immigration visa. This designation may also apply to an alien whose purpose in coming to the U.S. may require an extended stay, or who has no definite intention as to the length of stay, and who establishes a home in the U.S. An “extended stay” for a foreign student, or a Cultural and Educational Exchange Program participant, is generally two full years or more without leaving the U.S., or one full year or more for other aliens with a limited visa. A foreign student who leaves the U.S. during the summer vacation periods is not considered a resident alien.

A foreign student with any valid visa type (other than RA) listed in STVVTYP is considered a *nonresident alien* (i.e., an alien admitted to the U.S. under a temporary visa for a definite period of time, whose status is that of a transient or sojourner, and who does not establish a home in the U.S.).

SPRINTL_NATN_CODE_LEGAL *Nation of Legal Residence*Width: **5** Type: **varchar2**Table: **SPRINTL** *International Student Table*Validation Table: **STVNATN**

A code identifying the student's country of legal residence for non-U.S. citizens.

If **SPRINTL_VTYP_CODE_CURRENT** = RA then this column may be null. Otherwise, it should contain a valid nation code.

SPRINTL_ACTIVITY_DATE *Activity Date*Width: Type: **date** **Not Null**Table: **SPRINTL** *International Student Table*Validation Table: **none**
