BACKGROUND
Tuition rates for students admitted to academic programs are established via student classification (undergraduate, graduate and doctoral), residency, credit hours taken, and in some cases by discipline for differential tuition. Tuition revenue supports the instruction and administrative costs of each OUS institution and varies based on factors including class sizes, faculty salaries, specialized programs and equipment as well as facilities required to teach courses. There are three basic tuition and fee structures at OUS institutions: the regular Academic Year, Summer Session, and Continuing Education programs. Under existing policy, each of the three tuition structures is separate with its own unique rate setting process. The Academic Year and Summer Session tuition and fees are set by the Board of Higher Education. Continuing Education rates are set by the institutions.

The tuition and fee rates shown in this publication represent the enrollment charges assessed to students in the Summer Session programs of all institutions. These charges are comprised of the following separately maintained fees: Tuition, Mandatory Enrollment, and One-time fees. The revenue generated by each fee element is dedicated to a specific purpose, independent of the other components. Students enrolled under the Part-time Student Fee Policy are subject to assessment of fees appropriate to specific courses taken. Institutions have the option of assessing fees during the Summer Session at rates comparable to those assessed in the preceding 2011-12 Academic Year Fee Book.

The proposed fee rates and policies for the 2012 Summer Session are set forth in the accompanying tuition and fee schedules beginning on page 17.

Tuition
Tuition supports the direct instruction and administrative costs of each institution’s Summer Session program. To determine the recommended tuition rates, institutions must balance the fiscal requirements of their Summer Session programs with market considerations, including tuition rates of competing education providers. Institutions are not required to make a residency determination for summer term but may choose to do so.

Mandatory Enrollment Fees
Building Fee: The Building Fee is assessed at the same rate for all institutions. Historically, the Building Fee charge for Summer Session is approximately 75% percent of the academic year rate. For summer 2012, the rate will be $34 per student. Oregon Revised Statute 351.170 allows OUS to assess up to $45 per student per term to finance debt service for construction associated with student centers, health centers, and recreational facilities constructed through the issuance of Article XI-F(1) bonds.

Incidental Fee: Recommendations for the Incidental Fee are generally made by student committees in accordance with a Board-approved Incidental Fee Policy (OAR 580-010-0090) on each campus. In some instances, the student committee recommendations are supported by campus student referenda. The funds generated by this fee are to be used for “student union activities, educational, cultural, student government activities, and athletic activities.” The president of each institution reviews the student committee recommendations then submits the recommendations to the Chancellor for final review and approval by the Board of Higher Education.

Health Services Fee: This fee is used to support each institution’s student health services, which are operated as an auxiliary enterprise on a self-sustaining basis. Optional health insurance policies are covered by this fee and made available by some institutions. During Summer Session, student health services may function at reduced levels or are not provided at all.

Recreation Center Fee: This fee is used to fund the construction and/or operation of Student Recreation Centers. It is assessed to provide additional funding as the Building Fee is not adequate to fully fund or operate projects of this scale. PSU, UO and WOU currently assess this fee.
**Universal and Programmatic Resource Fees**
As of Summer 2011 Universal Resource fees were completely transitioned into tuition and are no longer included in the fee schedules as a separate fee item. All Programmatic Resource Fees were eliminated or rolled into differential tuition rates effective Fall 2011.

**One-time Fees**
The Matriculation (all campuses) and Transcript for Life (OIT, only) Fees are examples of one-time fee charges to new or transfer students. These fees are a one-time assessment and were developed to reduce the large number of enrollment-related fees for student orientation, course schedules (drop/add fees), transcripts, degree applications, and re-enrollment. The fees are also used to support academic programming for Freshmen Interest Groups and Learning.
**Fee Policy**

The State Board of Higher Education at its January 6, 2012 meeting adopted the *2012 Summer Session Fee Book* as a permanent rule via Oregon Administrative Rule 580-040-0035. Fee policies outlined herein apply to the 2012 Summer Session. Fees and policies that are not specifically described for the summer session but continue to be applicable throughout the fiscal year (July 1 through June 30), are administered under the preceding 2011-12 Academic Year Fee Book.

1. Tuition rates may be assessed based on undergraduate and graduate course designation or student classification.

2. Course level designations are generally defined as follows:
   a. Course numbers assigned 499 and below are assigned undergraduate fee rates.
   b. Course numbers assigned 500 and higher are assigned graduate fee rates.

3. Semester rates for students attending the University of Oregon Law programs are modified for the Summer Session program.

4. Tuition may be assessed on a per-credit hour basis or aligned to the preceding academic year structure.

5. Staff, qualifying family/dependents, and graduate assistant fee privileges may be authorized during the Summer Session at the option of the institution. If authorized, fees and study privileges shall conform to policies set forth in the preceding, *2011-12 Academic Year Fee Book*. Staff members or qualifying family/dependents who seek to use the staff fee privilege for courses away from their home institution are subject to corresponding fee policies of the instructing institution.

6. Cooperating supervisors of OUS Student Educator Professionals will be allowed to exercise contract provisions in accordance with policies set forth in the preceding *2011-12 Academic Year Fee Book*. The program title has changed to the University/School Partnership Co-Pay Program.

7. The Concurrent Enrollment Fee Policy was eliminated effective January 1, 2004.

8. Fees may be assessed during Summer Session under the policies set forth in the preceding *2011-12 Academic Year Fee Book*.

9. The Building Fee is assessed at $34.00 per student as a mandatory charge to all students attending Summer Session classes, on-campus.

10. The Incidental Fee is based on recommendations and incidental fee guidelines of each institution. Summer fee rates cannot exceed the per-term amount charged during the previous academic year. Institutions may choose to extend incidental fee services to students not enrolled for Summer Session, under the following conditions:
   a. A student had been enrolled in the prior academic year term and is expected to enroll in the subsequent academic year term; and
   b. The student pays the Summer Session Incidental Fee.

11. The Health Service Fee is authorized by the Board based on institutional recommendations for the level of service to be provided during the summer. Summer fee rates cannot exceed the per term amount charged during the prior academic year. Institutions may choose to extend health services to students not enrolled for Summer Session, under the following conditions:
   a. A student had been enrolled in the prior academic year term and is expected to enroll in the subsequent academic year term; and
b. The student pays the Summer Session Health Services Fee.

12. Off-campus tuition rates may be established by each institution for summer courses taught outside the campus boundaries. Building, Incidental, and Health Services fees are generally excluded from off-campus tuition rates but may be assessed when the course enrollment includes the opportunity for participation in services provided by such fees.

Special on-campus tuition rates may be established by the institution for specific short-term, on-campus instructional activities including workshops, seminars, conferences, and short courses. These activities require payment of the Building Fee. The Incidental and Health Service fees are assessed only if students may participate in the services provided by such fees.

13. A student enrolled in a combination of credit and audit courses will be assessed for the total hours under the tuition and fee schedule appropriate to that individual's course or student level. If enrolled for audit courses only, the student will pay the same required fees as assessed for similar hours of for-credit classes.

14. The summer refund policy for course load reduction or withdrawal may follow the rule adopted in the preceding academic year fee book or a rule adopted by the institution. The intent of this option is to provide an opportunity for institutions to apply policies better suited to management of summer programs.

SUMMARY OF CHANGES
The following narrative summarizes proposed tuition and fee changes for Summer Term 2012.

EOU
- EOU continued implementation of non-resident rates that began with the addition of International Rates in the Academic Year 2011-12.
- EOU is proposing a 5.6% tuition increase for resident undergraduate and 4.1% increase for resident graduates.

OIT
- OIT established non-resident rates for Summer 2012 commensurate with changes approved for Academic Year 2011-12. The maximum credit level for which non-resident students could be assessed resident rates was reduced from 8 credits to 6 credits.
- OIT is proposing 9% fee increases for both resident undergraduate and graduate rates commensurate with Academic Year 2011-12

OSU – Corvallis
- OSU Corvallis is increasing the Incidental Fee by $34.19 predominantly to provide support for The Student Experience Building. That project requires legislative bonding approval; if that approval is not obtained during the February 2012 session, the incidental fee will be reduced by the $36 attributable to the Student Experience Building. The Health Service Fee is increasing $1.02 to provide additional support for counseling services. Incidental fee funding was approved by the OSU Incidental Fee Committee and ASOSU.
- OSU is aligning Summer 2012 undergraduate rates with those rates previously approved for Academic Year 2011-12. This represents a 17.7% increase over the prior summer but no increase compared to the academic year for most credit hour levels. Summer is based on per credit hour charges and excludes the tuition plateaus in place for the academic year. OSU is initiating a 2 year process to align graduate tuition rates with Academic Year rates. Summer is based on per credit hour charges and excludes the tuition plateaus in place for the academic year.
OSU – Cascades
- OSU is aligning Summer 2012 undergraduate rates with those previously approved for Academic Year 2011-12. This represents an 11.6% increase over the prior summer but no increase compared to the prior academic year for most credit hour levels. Summer is based on per credit hour charges and excludes the tuition plateaus in place for the academic year.
- OSU is initiating a 2 year process to align graduate tuition rates with Academic Year rates. Summer is based on per credit hour charges and excludes the tuition plateaus in place for the academic year.

PSU
- PSU tuition increases of 9% are commensurate with rates approved for the Academic Year. The Health Service Fee is $40.00 more than Summer 2012 but the same as charged for Academic Year 2011-12.

SOU
- SOU is increasing the Resident Undergrad per credit hour rate by 8% - from $125 to $135 which will support additional course sections needed due to enrollment increases. SOU eliminated their part-time fee policy effective with Academic Year 2011-12; the effect of this change is reflected in the Summer 2012 schedules.
- Previously SOU assessed nonresident graduate students at resident rates for summer terms. For Summer 2012, SOU is instituting nonresident rates for graduates.
- SOU Health Service Fee is increasing by $3.00 to support expanded hours.

UO
- UO is increasing base resident tuition by 6.6 – 6.9% but these rates still represent a discount from academic year rates.
- UO School of Law has historically charged summer tuition far below the Academic Year. This is not sustainable. Therefore, UO School of Law is proposing a Summer 2012 tuition increase of 84% over prior summer to better align summer tuition with the academic year. Summer tuition will still be less than the academic year tuition for most credit levels. Summer is based on per credit hour charges and excludes the tuition plateaus in place for the academic year. UO is also aligning Summer 2012 Conflict and Resolution graduate program rates with those previously approved for the Academic Year 2011-12. This represents an increase over the prior summer but no increase over the academic year for most credit hour levels.
- UO is adjusting fees to align with approved 2011-12 rates, including a Health Service fee increase of $33.25, a Rec Center fee increase of $2.00 and a decrease of $3.75 for the Incidental Fee.

WOU
- WOU is increasing the Incidental Fee by $7.00 to support campus recreation and student activities.
- WOU is increasing the Rec Center fee by $7.00, reflecting student approval for new turf and commensurate with Academic Year 2011-12.
- WOU is increasing the Health Service Fee by $2.00 to cover increased staffing and hours.
**SUMMARY OF 2012 SUMMER SESSION UNDERGRADUATE TUITION AND MANDATORY ENROLLMENT FEES**

The following tables 1 through 4 summarize the 2012 Summer Session Tuition and Mandatory Enrollment fee rates for undergraduate students enrolled for 6, 9, 12, and 15 credit hours as compared to rates assessed during the 2011 Summer Session. The rates reflect the transition of selected resource fees into tuition where applicable.

Note: Amounts are rounded to nearest dollar.

[1] EOU instituted a separate tuition for Non-resident students in Summer 2012 and for International Students in AY 2011-12. Students admitted prior to the respective inception terms of these new rates will be exempt from the new rates.

[2] OIT changed their non-resident part-time fee policy for Summer 2012 commensurate with changes approved for AY 2011-12. Previously, non-residents were charged resident rates for Summer Session, OIT is now phasing in a non-resident rate for Summer Session. The maximum credit level for which students were assessed resident rates was reduced from 8 credits to 6 credits.

[3] OSU is aligning undergraduate per credit hour tuition rates with Academic Year rates with Summer 2012 representing the trailing term. Tuition plateaus are not in effect for the summer session. Commensurate with student approval, OSU Corvallis incidental fees increased and include a $36 increase for the Student Experience Center which is pending legislative approval.

[4] PSU tuition and health rate increases commensurate with approved AY 11-12 Board approved rate increases.

[5] PSU increased Health Fees $3 to cover expanded hours. SOU health fees do not include Health Insurance premium which is optional for summer term. SOU eliminated their part-time fee policy effective with AY 2011-12. The effect of this change is reflected in the Summer 2012 schedules. Undergraduate non-resident tuition charges are adjusted to align with AY Feebook rates.

[6] UO aligned Summer Health fee with the Academic Year fee due to increasing demand from expanding enrollments and inflationary increases.

[7] WOU tuition increases reflect increases and rates approved for AY 2011-12. Proposed increases to Incidental Fees and Rec Center increases commensurate with student approval. Health fee increase reflects inflationary increase and expanded services.

**International students are assessed a separate, mandatory Health Insurance fee.**

**Percent change in Incidental fees may vary by credit level as some institutions utilize graduated, step based algorithms to determine fee charges.**

SOU eliminated their part-time fee policy effective with AY 2011-12, the effect of this change is reflected in the Summer 2012 schedules. SOU increased Health Fees $3 to cover expanded hours. Previously, non-Resident Graduate students were charged resident rates. Beginning, Summer 2012, SOU is implementing a separate rate for non-resident tuition charges which aligns with AY Feebook rates.

[6] WOU tuition increases reflect increases and rates approved for AY 2011-12. Proposed increases to Incidental Fees and Rec Center increases commensurate with student approval. Health fee increase reflects inflationary increase and expanded services.

*International students are assessed a separate, mandatory Health Insurance fee.

**Percent change in Incidental fees may vary by credit level as some institutions utilize graduated, step based algorithms to determine fee charges.

Endnotes:

Veterinary Medicine students will not be assessed the over-time fee. This exception to the general policy for other graduate programs results from the Veterinary Medicine curricular design which requires larger carrying loads in certain terms for normal progress toward a degree.

Fourth Year students taking a series of study, externship, and clinical rotations from the beginning of Finals Week in June to the end of Dead Week the following June are assessed four term fees during that period of time. Fee payment dates will correspond to normal Fall, Winter, Spring and Summer term schedules.

Qualified tuition and fees do not include student health insurance fees for Tax Relief Act reporting.

A one-time matriculation fee of $300 is assessed to all new transfer and graduate students.
