INTRODUCTION

The Academic Year Fee Book, adopted by the State Board of Higher Education through Oregon Administrative Rule (OAR) 580-040-0040, contains enrollment fee policies that are common to the institutions of the Oregon University System. The Board of Higher Education is responsible for assuring the fiscal accountability of the seven institutions under its jurisdiction and the Oregon University System has a responsibility to students attending the institutions to provide contextual information concerning the costs of education for academic year tuition and fees assessments. The Academic Year Fee Book contains policy statements and delegation of authority for a variety of OUS policies and fees and is published for public informational purposes.

DELEGATION OF AUTHORITY

The Oregon Legislature grants authority to the State Board of Higher Education to establish tuition and fees for enrollment at Oregon University System institutions. Based on recommendations from the institutions and the Chancellor, the Board annually sets fees for enrollment at the institutions, including:

- Tuition
- Building Fees
- Health Service Fees
- Incidental Fees
- Education Resource Fees
- Residence Hall Room and Board Rates
- Other Special Fees as determined by the Board

The Board has delegated authority to the institution presidents to establish certain fees, fines, and charges for services and materials, including:

- Laboratory and Course fees
- Fees for workshops
- Instruction fees for self-support courses
- Charges for auxiliary services, e.g. food services, student centers, and parking
- Fines for violation of campus regulations
- Charges for facilities use
- Charges for other materials and services

Both the Board and the institutions are required to follow Oregon administrative rulemaking procedures when adopting tuition, fees, fines, and charges, giving adequate notice and opportunity for public comment. The schedule of charges must be on file in the business office of the institution and also filed with the Vice Chancellor for Finance and Administration. Income from such services must be reflected in the institution budget.

SUMMARY OF CHANGES FOR 2007-08

It is not anticipated that the Oregon Legislature will have the operating budget for higher education finalized at the time this fee book is approved and published; the proposed tuition and fee increases shown within this document are in accordance with the commitment of the Oregon University System that tuition increases for undergraduate resident tuition will be limited to 3.4% for 2007-08, with the exception of Western Oregon University, and that resource fees would continue to be limited to the same percentage of total tuition as was the case in 2005-07.

Proposed changes in tuition rates for the 2007-08 academic year:

Increases in resident undergraduate rates will not increase by more than the projected change in median family income. The weighted average rate increase for the system, exclusive of Western Oregon University, is 3.34%. The action of some campuses to continue eliminating their plateaus, results in a lower rate of increase for some carrying loads and a higher rate for other carrying loads.

Resident graduate and all nonresident rates are set according to market and are increasing between 0% and 5% with the exception of PSU and WOU as discussed below.

PSU - Portland State University's School of Business graduate program proposes resident and nonresident rates to increase by \$40 per credit hour for 2007-08, a 16.8% increase for residents, and 9.8% increase for nonresidents. This increase will provide additional resources to develop and market a national brand that will raise the reputation of PSU's business programs.

Portland State's proposal also increases its resident graduate tuition for 1-12 credit hours from \$238 per credit to \$261 per credit, a 9.7% increase to cover inflationary and program quality maintenance costs. In addition, PSU's proposal institutes a reduced per resident graduate credit hour charge of \$173 per credit for each additional credit over 12 hours, down from \$238 per credit hour in 2006-07.

WOU – Western Oregon University will implement the Western Oregon Promise in the 2007-08 academic year. This undergraduate program will hold tuition constant for the program length, typically 4 years although there is an exception process available for specific degree programs. The students eligible for the Western Oregon Promise include all new WOU undergraduate Oregon residents and Western Undergraduate Exchange (WUE) participants who are U.S. citizens or permanent residents.

Students entering in winter or spring terms will have the same tuition rate as fall enrollees and the eligible time period for transfer students will be based on the number of transferable credits to WOU, using 15 credits as equal to one term.

Students in the dual enrollment programs with Community Colleges will begin their four-year tuition guarantee period based on the first academic year dually enrolled. In addition, all eligible current WOU students received a mailing in the spring of 2007 that will provide them a one-time, non-revocable opportunity to join in the program.

Continuing undergraduate students will see an increase in tuition from \$90 to \$96 per credit hour and a complete elimination of the tuition plateau.

In 2006-07 nonresident undergraduate and graduate students paid a lower per credit hour rate if they were taking less than nine credit hours. Under the policies proposed in the 2007-08 Academic Year fee book, in 2007-08 WOU will charge full non-resident tuition rates to all non-resident students regardless of course load. This results in a large percentage tuition increase for nonresident students taking fewer than nine credit hours.

Proposed changes in resource fee rates for the 2007-08 academic year:

Resource fees were at the limit prescribed by the 2005-07 budget note, 9.1% of tuition. Providing that fee revenue increases by no more than 3.4% in 2007-2008, the OUS level of resource fee income as a percentage of tuition should remain constant with the level in 2006-07.

The projected revenue from the four new resource fees and ten existing fees with increases, will remain at approximately the same percentage of tuition as in the previous biennium. There are 75 programmatic resource fees with no increase. A summary of the new and increased resource fees is discussed below:

EOU – Eastern Oregon University is proposing to increase its one-time, Matriculation Fee assessment for both undergraduates and graduates from \$100 to \$120. The increase is necessary to adequately fund personal services expenditures in 2007-08 stemming from minimum wage and collective bargaining increases, general inflationary pressures, and to provide for expansion in current program service levels.

OSU – Oregon State University is proposing to implement a new \$75 per term Merchandising Management programmatic resource fee for 2007-08. This fee will enable the Department of Design and Human Environment to provide opportunities for students to participate in programs that heighten student involvement and professional development (e.g., internships, research and international experience) and better prepare students for successful careers within the global business environment.

OSU is also proposing to implement a new universal Registration fee of \$5 per student, per term. This Registration Fee is necessary to cover the increased demands for student services in the Office of the Registrar. Additionally, OSU is proposing to increase its one-time graduate Matriculation Fee from \$175 to \$205.

PSU – PSU is proposing to increase its Technology Fee in 2007-08 by \$1.25 per credit hour. The increased funding from this proposed Technology Fee will fund upgrades to PSU's information technology infrastructure and provide additional support in the area of instruction, student computing facilities and student services.

PSU is also proposing to implement a new College of Liberal Arts and Science resource fee of \$2 per credit up to a maximum of \$30 per term, for all undergraduate students admitted to liberal arts and sciences programs. The resultant funding will be used to further the campus' strategic initiatives relating to student success, including enhanced counseling and advising for undergraduate College of Liberal Arts and Sciences majors with a focus on completion, and also to provide a broader array of undergraduate student research opportunities.

SOU – Southern Oregon University is proposing to increase its one-time, Matriculation Fee from \$205 to \$212 to offset inflationary pressures and support the level of current services provided to students (i.e., student handbooks, catalogs, tutoring, orientation, and career guidance). Also, SOU is proposing to increase its Technology Fee by \$2 per term to help fund additional costs associated with software licensing, network infrastructure equipment and network services.

Furthermore, SOU is proposing to implement a new \$20 per credit hour (up to \$160/term) programmatic resource fee for its new Master in Business Administration program to generate funding that will be used to purchase necessary resource materials, equipment and specialized services.

UO – The University of Oregon is proposing to increase three of its undergraduate programmatic resource fees. If approved, the Lundquist College of Business undergraduate programmatic fee will increase from \$145 to \$160 to support additional demand for technology access, software licensing, individual support counseling, and skills development seminars. The Journalism (including pre-majors) fee will increase from \$85 to \$125 to enhance student support services in the specific areas of technology, advising and career services and the College of Arts and Sciences Fee will increase from \$45 to \$50 to help fund the cost of activities designed to enrich classroom instruction.

In addition, the graduate Matriculation Fee is proposed to increase from \$150 to \$250.

WOU – Western Oregon University's Matriculation Fee for undergraduate students is proposed to increase from \$100 to \$106 in 2007-08. This increase is necessary due to inflationary pressures and for expanding programming for new students. WOU is also proposing to increase its Technology Fee by \$2 per credit hour to fund costs associated with licensing, infrastructure, and network services.

In tables 1 through 4, undergraduate tuition and fees for the 2007-08 academic year are listed by campus and compared to 2006-07 rates at 6, 9, 12 and 15 credit hours for resident and nonresident students.

RESIDENCE HALL AND FOOD SERVICE CHANGES

Institutional residence halls and food services operate as auxiliary services. Auxiliary fees and charges are expected to cover the cost of their operations. In recommending residence hall room and board charges for 2007-08, institution administrators estimated residence hall occupancy in relation to enrollment projections and current occupancy patterns.

TUITION AND FEE POLICIES

TUITION AND FEE POLICIES FOR 2007-08

A. Tuition Structure and Assessment

Tuition rates for students admitted to academic programs are established via student classification (undergraduate, graduate and doctoral), residency, and credit hours taken. Tuition revenue supports the administrative and instruction costs of each OUS institution vary based on factors including class sizes, faculty salaries, specialized programs and equipment as well as facilities required to teach courses.

There are three basic tuition and fee structures at OUS institutions: the regular academic year, summer session, and continuing education programs. Under existing policy, each of the three tuition structures is separate with its own unique rate setting process. The Academic Year and Summer Session tuition and fees are set by the Board of Higher Education and Continuing Education rates are set by the institutions.

Academic Year:

- Charges assessed to students during the academic year are comprised of the following fee structure that includes: Tuition, Resource, Building, Incidental, and Health Services. The revenue generated by each component is dedicated to a specific purpose, independent of the other components. Enrollments during the academic year are generally referred to as “in-load” enrollments.

Summer Session:

- As with the academic year, tuition supports the direct instruction and administrative costs of each institution’s summer session program. For summer session programs, tuition may be assessed on a per-credit hour basis or aligned to the preceding academic year’s structure. Institutions are not required to make a residency determination for summer term but may choose to do so. Generally tuition rates in the summer session are lower than in the academic year, do not have the same residency differentials and do not contain tuition plateaus (see Summer Session Fee book for specific summer fees and policies).

Continuing Education:

- Continuing Education, Extended Programs, and Distance Education courses all fall within the category that was previously referred to as self-support. Continuing Education courses are offered through special campus programs not generally available during the academic year or summer session. Tuition and fees for Continuing Education are assessed regardless of residency or course load. Rates are set at levels necessary to cover the direct costs of providing the course plus an indirect cost recovery for administrative overhead. Tuition and fees are charged to participating students apart from enrollment fees paid for other courses. Assessment of Resource Fees for Continuing Education courses is an institutional decision.

B. Student Residency

A resident student is one who fulfills Oregon residency requirements as established by OAR 580-010-0030 through 580-010-0045. Oregon residency is generally based on the following criteria: a person with a bona fide fixed and permanent physical presence established and maintained in Oregon of not less than 12 consecutive months immediately prior to the term for which residence status is requested. Also, all students who become Graduate Teaching or Research Assistants are automatically converted to resident status for fee purposes.

A nonresident student is one who does not meet Oregon residency requirements as specified in OAR-010-0081. Eastern Oregon University's nonresident rate is the same as the resident rate.

C. Resource Fees

Resource fees fall into five distinct categories: Mandatory Enrollment Fees, Universal Fees, Programmatic Fees, One-time Fees, and Other Student Fees. At the institutions, academic or administrative units begin the process for requesting a new fee or revising an existing fee by preparing a fee proposal and submitting it to the appropriate campus administrator for review and approval.

The fee requests must include information regarding the academic unit initiating the fee, fee designation or name, justification of need, amount, estimated revenues and expenditures, and expected implementation date. All fee proposals are thoroughly reviewed by campus administration before being submitted to the OUS Chancellor's Office for final assessment and adoption into the Academic Year or Summer Session Fee Book by the Oregon State Board of Higher Education.

1. Mandatory Enrollment Fees

Mandatory enrollment fees include the Building, Health Service, and Incidental Fees. Students enrolled under the part-time student fee policy are subject to these fees at a rate appropriate to the specific number of credit hours taken each term. Institutions have the option of assessing mandatory enrollment fees during the summer session at rates comparable to those assessed in the academic year.

Building Fee:

- The Building Fee is the same for all institutions. This fee is established by legislative statute ORS 351.170 and allows OUS to assess up to \$45 per student per term or \$67.50 per semester to finance debt service for construction associated with student centers, health centers, and recreational facilities constructed through the issuance of Article XI-F(1) bonds. The fee charge for summer session is approximately 75% percent of the academic year rate. A pro rata fee is assessed on part-time students.

Health Services Fee:

- This fee is used to support each institution's student health services, which are operated as an auxiliary enterprise on a self-sustaining basis. Optional health insurance policies are covered by this fee and made available by some institutions. During summer sessions, student health services operations function at reduced levels or are not provided at all. The recommended summer session rates reflect these lower levels of activity. *OAR 580-011-0005*

Incidental Fee:

- Incidental fee recommendations are made by student committees in accordance with a Board-approved incidental fee policy (OAR 580-010-0090) on each campus. In some instances, the student committee recommendations are supported by general campus student referenda. Funds generated by incidental fees are used to fund student union operations, educational, cultural, and student government activities, and athletics. *Statutory Authority: ORS 351.070 (3)(d)*
- The president of each institution reviews the student committee recommendations for establishing incidental fees for the subsequent academic year. Once approved, presidents submit recommendations to the Chancellor, who, after review for compliance, makes the proposal to the Board. Generally, there are fewer incidental fee supported activities during the summer term, resulting in lower rates than those assessed during the academic year.

Other Mandatory Fees

The University of Oregon Recreation Center Fee was initiated and approved by student referendum in the spring of 1995 and assessed to UO students beginning fall term 1998. This fee is used to fund the construction and operation of the UO Student Recreation Center because Building Fees are not adequate to fund or operate projects of this scale. Currently, only the UO assesses this fee although PSU will add this fee when they open their new student recreation center, known as the PCAT project. Other OUS campuses are also currently contemplating fees of this type.

2. Universal Resource Fees

Universal Resource Fees are assessed to all students and include the Student Services Fee, Energy Surcharge Fee, Registration and Technology Fees.

Student Services Fee:

- The Student Services Fee supports activities designed to directly and indirectly assist students. For example, recruitment and transcript evaluations for international students, scholarship outreach activities, student outreach, personnel for specialized student service programs, coordinating commencement and other student recognition activities.

Registration Fee:

- The Registration Fee is used to defray the costs associated with registration activities, awarding and disbursement of financial aid, enrollment and fee payment processes, grade processing, and degree certification.

Technology Fee:

- In 1994, the Board and the university community recognized the importance of technology for student success in both the academic and work arenas. Concerns were great enough that students agreed to add a Technology Resource Fee to their current fee assessments to improve student access and use of available technology.

The Technology Fee is currently used for the support and improvement of student-related computing facilities and services, including network infrastructure. The fee makes possible the creation and expansion of information technology services within the library, general classroom, and departmental areas. A student advisory committee participates in setting this fee rate each year and gives input regarding the scope of services to be funded with this fee revenue.

Energy Surcharge:

- Originally authorized in 2001-02, the Energy Surcharge was created to address a significant increase in energy costs to OUS institutions. Electricity and natural gas are essential to the operation of the campuses and are significant cost factors. Reports indicated the rates of increase would be substantial enough to impose a severe financial burden on the institutions, affecting their ability to serve the current student populations.

Two campuses currently assess the Energy Surcharge: EOU and UO. UO students have worked with the administration to direct these funds for the purchase of “green” power.

3. Programmatic Resource Fees

Programmatic Resource Fees vary by institution. These resource fees were established to provide funds to assist with faculty, resource materials, equipment and specialized services. Programmatic resource fees vary by institution and are assessed to students admitted to, or enrolled in a school, college or department, or degree program (see each institution's tuition and fee schedules, starting on page 33 for a detailed list of Programmatic Fees).

4. One-time Resource Fees

The Matriculation (all campuses) and Transcript (OIT only) Fees are examples of one-time fee charges to new or transfer students. This fee is a one-time assessment and was developed to reduce the large number of enrollment-related fees for student orientation, course schedules (drop/add fees), transcripts, degree applications, and re-enrollment. The fee is also used to support academic programming for Freshmen Interest Groups and Learning.

5. Other Student Fees

Fees for Instruction Related Services:

- The Laboratory or Course Fees must be published in the institution's catalogue and/or time schedule of classes. Laboratory or Course Fees are limited to institutional sale to students of equipment, materials, or ancillary services consumed by the student as a part of course instruction where the equipment or material is not readily available for purchase through the bookstore or other external source.

Approval will not be given for Laboratory or Course Fees that constitute a charge for the use of institution owned equipment, specimens, software licenses or other microcomputer application charges for goods or services, or other materials and supplies consumed in the instruction process, except for certain non-required physical education courses that involve use of non-state-owned facilities or expensive equipment.

Fees and Fines for Non-Instruction Related Services and Materials:

- The Board requires that the level of charges should be sufficient to ensure recovery of the cost of providing the services and materials as well as to recover the indirect costs associated with these activities. These include charges for auxiliary services, e.g. housing, food services, student centers, parking, and bookstores; charges for facilities use; etc. Institutions also set the level of fines for violation of campus regulations, such as late fines for library books, parking fines, etc.

Application Fee

- Each institution may determine the amount of the application fee (up to \$100.00) and establish policies governing the conditions under which application fees will be required. Institutions may assess additional application fees for admission to selected programs or schools within their institution. In instances where an application is received without the Application Fee, request will be made for the Application Fee, and the fee must be received before the application will be evaluated. Application Fees are not refundable.

Application Fee Deferral Program

- Institutional executives may, upon request, defer the Application Fee for first-time freshmen or transfer students who, at the time of application, meet family income and general program eligibility requirements for participation in either:
 - 1) Free or reduced school lunch program;
 - 2) TRIO-type college preparatory programs (e.g., Upward Bound, Talent Search, EOC, HEP); or
 - 3) Oregon or other U.S. public assistance program whether or not the student was ever actually a program participant.

To request Application Fee deferral, the student must complete the official University System admission Application Fee deferral form that requires the signature of a school official, special program official, or University System official, and submit it at the time of application. Application Fees deferred under this provision become payable upon the student's enrollment and receipt of financial aid funds.

If a student does not complete the application process or does not enroll, the Application Fee is canceled. Students residing outside the United States at the time of their application must prove to the satisfaction of institutional officials that they would meet comparable eligibility guidelines if they applied in their country of residence.

D. Optional Part-time Fee Policy

Part-time Fee Policies, if adopted by an institution, apply to students enrolled for up to eight Academic Year credits in a term. The adoption of these policies for part-time students is optional with each institution. Institutions may adopt the Part-time Fee Policy for all students, or restrict it to non-admitted students. The part-time fee policy does not differentiate residents from nonresident students in tuition assessment. Students may take additional credits through Continuing Education courses.

E. Postbaccalaureate, Nongraduate Student Classification

A holder of an accredited baccalaureate degree who has not been admitted to a graduate degree program and who submits an official application for admission to pursue a second baccalaureate degree or enroll in course work not to be used for graduate credit is called a *postbaccalaureate, nongraduate student* and is assessed tuition at undergraduate rates.

Fees and policies applicable under the part-time fee policy shall prevail when a student classified as a postbaccalaureate, nongraduate enrolls for eight or fewer credits at an institution that has adopted the part-time student policy.

Baccalaureate degree holders who are admitted to postbaccalaureate, nongraduate status at undergraduate tuition rates are precluded from claiming graduate credits for graduate courses taken while in that status. However, individual institutions may allow the reservation of not more than six of their graduate credits per term to apply in their institution's graduate programs. Graduate credits reserved in combination as an undergraduate and postbaccalaureate, nongraduate cannot exceed 15 credits. Baccalaureate degree holders who are not admitted to postbaccalaureate, nongraduate status will be assessed graduate tuition rates.

Students who are admitted to an advanced degree program may convert to postbaccalaureate, nongraduate student status only if the graduate degree has been awarded, if a student has been dropped from the degree program by the institution, or upon a request approved by the dean of the Graduate School for voluntary relinquishment of graduate status.

Students in the education programs who are admitted to the 45-hour standard norm certificate program are not eligible for the postbaccalaureate, nongraduate student status. Graduate tuition rates are applicable whether or not students in the program seek graduate credit.

REDUCED TUITION POLICIES

A. Western Undergraduate Exchange

Tuition for students admitted under the Western Undergraduate Exchange (WUE) program is assessed at 150% of the prevailing resident undergraduate tuition rate.

The WUE program allows first-time enrolling, nonresident undergraduate students from participating states to pay 150% of resident tuition when enrolled in selected programs at Oregon University System institutions. Students participating in this program must maintain enrollment in these designated programs to retain qualification. The time spent as a WUE student cannot apply toward residency status. Students previously or currently enrolled in System schools are not eligible for this program. Neither the institutions nor the Oregon University System is obligated to notify prospective, admitted, or enrolled students who are eligible for this program. Institutions that implement this program must report WUE enrollment as directed, and validate WUE students quarter to quarter.

OAR 580-010-0081 Waiver of Nonresident Instruction Fee*

B. Academic and Classified Staff Tuition

The academic term rate is 25% of resident undergraduate tuition assessed at the teaching institution, rounded to the nearest dollar.

The academic semester rate is 150% of resident undergraduate tuition assessed per term at the teaching institution, rounded to the nearest dollar.

1. On approval of the president or designee of the teaching institution and with the concurrence of the employee's immediate supervisor, the staff fee is available to employees appointed at half-time or more (not including temporary classified employees, graduate assistants, or other student employees). To qualify for this fee, the staff member must meet the criteria no later than the first day of classes of the term of enrollment. The maximum number of credits to which the staff fee may apply is 12 credits per quarter or per semester. See exception for retired employees and staff members on leave, Section d (OAR 580-022-0030). (Go to <http://www.ous.edu/dept/hr/benefits/stafffee.php> for more information)
2. Fee Calculation: Employees enrolled for more than 12 credits in one term will pay for each additional credit at the campus designated per credit Tuition rate applicable to resident undergraduate or graduate students, dependent upon the employee's degree status. Charges for Building Fee, Health Service Fee, and Incidental Fee do not apply; nor are staff members entitled to Health Service or Incidental Fee services through this program.

No Application Fee will be required for staff members who are eligible for the staff fee rate. Resource Fees do apply. No breakage or other deposit is required of staff members. Staff fees are not applicable to certain courses. For a complete list of excluded programs, please go to <http://www.ous.edu/dept/hr/benefits/stafffee.php>. Chancellor's Office employees must have approval of the Chancellor or supervisor before registering for credit at the staff fee rate. The Concurrent Enrollment fee policy was eliminated effective January 1, 2004.

For purposes of this rule, the term "employee" may include persons with full-time courtesy appointments who provide a benefit to the institution in the form of teaching, research, or counseling, under the direction of the institution and using the facilities of the institution.

3. Retired employees and staff members on leave are eligible for staff fee privileges. Subject to the approval of the president of the teaching institution, the maximum credit limitation may be waived for retired employees and for staff members on leave. However, the staff fee will be required. See exception under Senior Citizen Tuition.
4. Staff members who use the staff fee for courses away from their home institution are subject to staff fee policies and procedures of the instructing institution.
5. Staff members may be permitted to take *noncredit* courses at *one-third* of the fee assessed to other registrants. Teaching units are not required to extend staff fees for noncredit courses, self-sustaining workshops, or self-support credit courses.
6. Staff members on furlough or lay-off status may be eligible for staff fees in accordance with provisions of a collective bargaining agreement.

Note: There is no fee plateau at any campus for staff members, family and dependents, or retired staff.

7. No fee shall be assessed to courses enrolled in by staff members with a grading option of 'audit'. Attendance under such condition must be with the instructor's consent and on a space-available basis. Institutions are required to maintain a record of the courses audited. Courses approved for audit by the instructor confer no credit to the student, are not charged staff fee rates or regular tuition, and may be used in addition to staff fee privileges during a term. However, this provision cannot be subdivided in conjunction with the Employee Family Member and Domestic Partner Transfer provisions.

Administrative Authority: OAR 580-022-0030 Staff Fee Privileges

C. Employee Family Member and Domestic Partner Tuition and Fees

The academic term rate is 25% of resident undergraduate tuition assessed at the teaching institution, rounded to the nearest dollar.

The academic semester rate is 150% of resident undergraduate tuition assessed per term at the teaching institution, rounded to the nearest dollar.

To improve the recruitment and retention of high quality faculty and staff within the Oregon Department of Higher Education, the staff fee policy is extended to qualified family members, eligible dependents, as well as domestic partners and their eligible dependents on a limited basis (go to <http://www.ous.edu/dept/hr/benefits/stafffee.php> for more information).

1. The staff fee provisions may be transferred to a qualified family member or domestic partner of employees appointed at half-time or more (not including temporary classified employees, graduate assistants, or other student employees). Employee qualification will be verified through Human Resource System records. To qualify for this fee, the family member, domestic partner, or eligible dependent must meet the criteria no later than the first day of classes of the term of enrollment.

For purposes of this policy, the eligible family members include spouse, domestic partner, dependent children and dependent children of domestic partners in accordance with IRS Code and Section One of the Public Employees Benefit Board. The employee will be expected to verify the eligible qualification of the family member or domestic partner. The maximum number of credits to which the staff fee may apply is 12 credits per quarter or per semester.

Only one staff member, family member or domestic partner within a family may use the staff fee benefit per term. The benefit may not be subdivided during a term.

The benefit is transportable (i.e., may be utilized at any Oregon University System institution). Please note that Presidents of Oregon University System institutions may exclude certain programs from the policy. Excluded programs must be filed with the institution's Registrars office prior to the first day of registration for a term. A list of excluded programs may be found at: <http://www.ous.edu/dept/hr/benefits/stafffee.php>.

2. Fee Calculation: The qualified family member or domestic partner enrolled for more than twelve (12) credits in one term must pay for *additional credits* at the per credit tuition rate applicable to resident undergraduate or graduate students, depending upon the family member's or domestic partner's degree status. All applicable credits will be charged at the relevant resident tuition rate. Fees for credits in excess of twelve (12) shall be at the standard institutional rate. There is no fee plateau at any campus for staff members, retired staff, domestic partners, or eligible dependents.

All Mandatory Enrollment Fees apply to family members (except for courses taken in audit status), as well as applicable Universal Resource Fees, One-time Fees, Programmatic Fees, Laboratory/Course Fees and any Late or change of Registration fees. Please note that employees are not assessed the Building, Health and Incidental Fees and are therefore not eligible for these services. Breakage and other mandatory application deposits are required of the participating family member or domestic partner.

3. The transfer of staff fee benefits is not available for retired employees.
4. Qualified family members or domestic partners of staff members who use the staff fee for courses away from the employee's employing institution are subject to staff fee policies and procedures of the instructing institution.
5. Qualified family members or domestic partners of staff members may be permitted to take noncredit courses at approximately one-third of the fee assessed to other registrants. Teaching units are not required to extend staff fees for noncredit courses, self-sustaining workshops, or self-supported credit courses.
6. Eligibility of employees on furlough or lay-off status is subject to applicable collective bargaining agreements.
7. No fee shall be assessed to courses enrolled in by the family member or domestic partner with a grading option of 'audit'. Attendance under such condition must be with the instructor's consent and on a space-available basis. Institutions are required to maintain a record of the courses audited. Courses approved for audit by the instructor confer no credit to the student, are not charged staff fee rates or regular tuition, and may be used in addition to staff fee privileges during a term. However, this provision cannot be subdivided in conjunction with the Staff Fee Policy provisions.

Administrative Authority: OAR 580-022-0031 Transfer of Staff Fee Privileges

D. Graduate Assistants

Graduate students appointed by the institution and paid at established institutional salary rates as graduate teaching assistants, graduate research assistants, or graduate fellows are exempt from the payment of Tuition up to the first 16 credits per term subject to institutional policy. The graduate student exemption from payment of Tuition does not apply to courses leading to the D.V.M. degree at Oregon State University. Appointment as an assistant may not be for less than .15 FTE for the term of appointment.

The Tuition will be assessed to the employing account or department within the institution, not to exceed the graduate resident, full-time student Tuition per term. When an assistant is authorized to exceed 16 credits per term, the institution shall charge the assistant the resident overload Tuition for the excess credits. The enrollment privilege does not apply to self-support courses.

If an assistant has been on an academic year appointment, serving in that appointment spring term, and the institution intends to reappoint the assistant in the following fall term, the assistant may exercise the study privilege during the interim summer term upon approval of the institution.

Graduate assistants are assessed and are individually responsible for payment of the Building, Health, Incidental, and Resource Fees approved for the institution and program in which they are enrolled at the credit hour level carried, and at rates applicable to graduate students. Overload Tuition is assessed at the resident graduate student Tuition rate for each overload hour.

Administrative Authority: OAR 580-022-0030 Staff Fee Privileges

E. Resident Oregon Senior Citizen

Senior citizens age 65 or older who are residents of Oregon may attend classes on a space-available basis. Charges for special materials, if any, will be made.

Incidental Fee services are not provided.

The senior citizen program is designed for persons not seeking credit or working toward a degree. If credit is sought, fees will be assessed as provided under applicable tuition schedules, and records will be maintained.

F. Auditors

Students enrolled in a combination of credit and audit courses or audit only will be assessed for the total credits under the credit tuition and fee schedule appropriate to their classification and residency.

G. University/School Partnership Co-Pay Program

School districts having contracts with Oregon University System institutions to supervise educator professionals preparing for Oregon licensure may exercise these provisions.

Earning the Co-Pay

For each permissible activity provided under contract with a cooperating district (see 'a' and 'b' below), a district earns a co-pay privilege to register any licensed educational professional employed by the district at the Oregon University System co-pay fee rate. The rate should be one-third of the tuition charged for the course. Institutions with current contractual obligations may elect to defer compliance of the rate until expiration of the existing contract. A "co-pay privilege" allows one individual to register for up to 8 quarter credit hours in the term it is used. The total reduced fee credits awarded for practica and student teaching may not exceed 11 in a year, per each university student provided services by the district.

- a. Supervised full-time student teaching: Co-pay privileges of 5 credit hours may be awarded for supervision of the final full-time student teaching per quarter. Student teaching is the culminating, full-time supervised teaching experience provided for students completing a program approved by the Teacher Standards and Practices Commission, leading to Initial Licensure in one or more of four authorizations: Early Childhood, Elementary, Middle, and High School; and specialty endorsements.
- b. Experiential preparatory practica or part-time student teaching: Co-pay privileges of 3 credit hours may be awarded for supervision of students in experiential preparatory practica or part-time student teaching per academic quarter. These are practica assigned to or required of the student prior to or concurrent with student teaching and block practica and/or other miscellaneous practica offered by colleges and divisions of education for students completing a program approved by the Teacher Standards and Practices Commission, leading to Initial Licensure in one or more of four authorizations: Early Childhood, Elementary, Middle, and High School; and specialty endorsements.

Redeeming Reduced Fee Credits

- c. Earned co-pay privileges must be used by a licensed educator professional employed by the school district within five successive academic quarters (including summer session) following the quarter in which the supervision is provided, after which time the co-pay privilege is void.
- d. The co-pay fee is applicable only up to 8 credit hours in any academic quarter for any one licensed educator professional, including summer session, even though the district may have earned two or more enrollment privileges, or if the licensed educator professional using the privilege enrolls for fewer than 8 credits. Unused portions of an enrollment privilege may not be carried to another term or used by another teacher.
- e. A co-pay privilege may be used during any academic term (including summer session) at the issuing institution within the Oregon University System, which has a teacher preparation program. Institutions may enter into "partnerships of trade" with any sister institution if they are willing to accept vouchers from other institutions.
- f. Each institution may set limits on courses available for those redeeming vouchers/co-pays (for example, courses in summer session, distance education, continuing licensure, continuing/extended education). Each institution will indicate on the voucher the existence of restrictions.
- g. The co-pay privilege may also be redeemed by an administrator, counselor, or other licensed educator professional in a cooperating district.

- h. Institutions with current contractual obligations may elect to defer compliance of the rate until the expiration of the existing contract.

Other Provisions

- i. If a licensed educator professional using a co-pay privilege registers for 8 hours or fewer and desires the in-residence services provided by the Health Service and Incidental Fee, the licensed educator professional may elect those services by paying the appropriate fee for the number of hours enrolled. If the licensed educator professional using the co-pay privilege registers for more than 8 credit hours, the first 8 hours may be taken at the institution's co-pay rate. Hours in excess of 8 shall be at the appropriate credit hour rate (graduate or undergraduate, resident or nonresident) and the institution shall charge all Enrollment Fees applicable to the total number of hours for which the licensed educator professional is registering.
- j. Each institution may, at its discretion, extend to the eligible district licensed educator professional other privileges such as use of the institution library, access to campus parking, and admission to campus events at faculty and staff rates, provided that such extended privileges do not exceed the benefits made available to the faculty and staff of the institution.

H. Approved Programmatic Fee Remission Programs

Fee remissions are funded through institution resources. The policies governing each fee remission program specify the extent to which the enrollment fees are to be reduced under each program. The combined total fee remissions for a student may not exceed the total enrollment fees for that student. The Oregon University System's programmatic fee remission program is similar to many programs offered across the country. Programmatic fee remissions are also referred to as fee waivers or tuition discounts at other public and private colleges and universities. The objective of programmatic fee remission programs is to provide financial incentives for certain student groups to enroll. As an enrollment management tool, programmatic fee remissions allow an institution to target specific campus enrollment goals including recruitment of needy or meritorious students, international students, athletes, and other student populations.

The following are summaries of OUS fee remission programs:

1. *Diversity Programs*

- a. Oregon University System Educational Diversity Initiative

The Educational Diversity Initiative replaces three fee remission programs: the Minority Achievement Scholarship Program for First-time Freshmen, Under-represented Minorities Achievement Scholarship Program, and the Oregon Laurels Program. These original three programs were completely phased out and eliminated from the Fee Book by the Board on July 19, 2002. New students admitted effective fall 1998 will come under the policies of the Educational Diversity Initiative.

Criteria: This program is open to all students, resident or nonresident, undergraduate or graduate. Under the guidelines approved by the Board on October 17, 1997, each campus may have a program of its own design and may describe the program in the manner it wishes.

Similarly, the program may consider different factors in making awards and may offer one or more tuition and fee remission programs as long as it maintains its commitment to diversity. Under these guidelines, campuses may consider different factors in support of their educational mission.

Awards: Rather than a prescribed allocation of funds for educational diversity fee remissions, each institution has the discretion to determine the amount to be remitted as well as its allocation schedule. Campuses may make partial or full waivers based on need or to expand the number of students who receive at least some funding support. Awards are not transferable. Students may not take a tuition remission with them if they move to another OUS institution, but will be evaluated based on the receiving school's educational diversity needs.

b. Portland Teacher Program.

Criteria: This is a cooperative effort between the Portland Public Schools, Portland Community College, and Portland State University. This program is for students who complete their Portland Community College education and enroll at Portland State University to complete the final stages of teacher preparation.

Awards: Awards will consist of a remission of all Enrollment Fees (Tuition, Resource, Building, Incidental, and Health Service Fees). This program is administered according to policies adopted by the Board on November 16, 1989.

2. *International Cultural Service Program*

a. International Fee Remission Program

Criteria: This program is for undergraduate or graduate students with foreign student status.

Awards: Awards may vary in amount but cannot exceed the total nonresident undergraduate or graduate Enrollment Fees (Tuition, Resource, Building, Incidental, and Health Service Fees). Remission of the Resource, Building, Incidental, and Health Service Fees is at the institution's option.

b. Cultural Service Program

Criteria: This program is for undergraduate or graduate students with foreign student status who: are competitively selected on the basis of academically meritorious achievement; and fulfill the community service requirements of the program while receiving the award.

Awards: Awards may vary in amount but cannot exceed the total nonresident undergraduate or graduate Enrollment Fees (Tuition, Resource, Building, Incidental, and Health Service Fees). Remission of the Resource, Building, Incidental, and Health Service Fees is at the institution's option.

3. *International Exchanges*

a. International OUS Exchange Program

Criteria: This program is for students who are attending Oregon University System institutions as a part of an approved system-wide exchange program.

Awards: Awards may consist of remission of all or some of the Enrollment Fees, depending upon the reciprocal agreement under which the student is enrolled.

b. International Institution Exchange Program

Criteria: This program is for students who are attending Oregon University System institutions as a part of a Board-approved institution exchange program.

Awards: Awards may consist of remission of all or some of the Enrollment Fees, depending upon the reciprocal agreement under which the student is enrolled.

4. *Contract and Grant*

a. Contract and Grant: Academic Year

Criteria: This provision is for students who participate in specific courses or programs during the academic year funded by grant or contract with an outside agency or firm.

Awards: Awards are generally for remission of the Tuition and any applicable Resource Fees only, depending upon agreement with the granting agency.

b. Contract and Grant: Summer Session

Criteria: This provision is for students who participate in specific courses or programs during the summer session funded by grant or contract with an outside agency or firm.

Awards: Awards are generally for remission of the Tuition and any applicable Resource Fees only, depending upon agreement with the granting agency.

5. *OUS Supplemental Tuition Grant*

Criteria: The OUS Supplemental Tuition Grant is a need-based tuition grant program available to qualified Oregon resident students.

Awards: These supplemental tuition grants may vary at institutional discretion but may not exceed the total Tuition assessed for the regular academic year.

6. *VOYAGER Fee Remission*

Criteria: The VOYAGER fee remissions are for Oregon residents (OAR 580-010-02-to 045) who are members of the National Guard or Reserves and were deployed in an area of military combat since September 11, 2001. This fee remission is for full-time students pursuing their initial bachelor's degree. Students must submit a Free Application for Federal Student Assistance annually and continue to maintain satisfactory academic progress to maintain eligibility.

Awards: Award is the difference between the National Guard and Reserves tuition benefit of \$4,500 and total enrollment fees. Students are responsible for securing the National Guard or Reserves tuition benefit. Duration of the VOYAGER award is four years excepting those five-year degree programs as documented in the campus general catalogs. Students may not earn more than fifteen credits above the minimum number of credits required by the degree to maintain eligibility.

7. *Other Remission Programs*

Institutions may create individual institution fee remission programs to address enrollment management and financial aid program needs. The institution will report to the Board on the creation of each program following guidelines approved by the Board.

Awards: Awards may vary in amount but cannot exceed the total nonresident undergraduate or graduate Enrollment Fees (Tuition, Resource, Building, Incidental, and Health Service Fees).

Veteran's Dependent Fee Remission

Criteria: The Veteran's Dependent fee remission is a tuition waiver for qualified students accepted into a baccalaureate or master's degree program within the Oregon University System (OUS). To qualify for the remission, the student must be a child (includes adopted child or stepchildren), a spouse, or un-remarried surviving spouse of a member of the United States Armed Forces who:

- Died on active duty after September 11, 2001
- Veteran has a total and permanent service-connected disability for conditions incurred after September 11, 2001
- Died as a result of a military service connected disability as certified by the United States Department of Veterans Affairs after September 11, 2001

An eligible child must be 23 years of age or younger at the time the child applies for the waiver. A child who is older than 23 years of age is eligible for a waiver for a master's degree program if the child:

- 1) Applied for and received a waiver for a baccalaureate degree when the child was 23 years of age or younger; and
- 2) Applied for a master's program waiver within 12 months of receiving a baccalaureate degree.

The qualifying new, transfer, or co-enrolled student must meet Oregon residency requirements as stipulated within OAR 580-010-0030 through 580-010-0045, which generally describes an Oregon resident as a person with a bona fide fixed and permanent physical presence established and maintained in Oregon of not less than 12 consecutive months immediately prior to the term of entry.

The qualifying student, whether child, spouse, or un-remarried surviving spouse, is required to provide proof of eligibility of the veteran's active duty status in the armed forces after September 11, 2001.

Awards: The award may be granted for credit hours for courses that are offered at an eligible post-secondary institution. The award does not cover other mandatory enrollment and course fees. Some courses that may be excluded from this remission include post-baccalaureate courses, certificate programs, additional undergraduate degrees, distance education classes, self-supported classes, and other campus-designated programs. The maximum waiver granted under this remission program shall be:

- 1) The total number of attempted credit hours equal to four years of full-time attendance for a baccalaureate degree; and
- 2) The total number of attempted credit hours equal to two years of full-time attendance for a master's degree.

Notwithstanding sections 1 and 2 of this paragraph, a waiver may not exceed the total number of credit hours the qualified student needs to graduate with a baccalaureate or a master's degree. Transferred credit hours accepted for a degree program may or may not count toward the total credit hours needed for degree completion.

REFUNDS, WAIVERS, AND ACCOUNTS RECEIVABLE POLICIES

A. Refund Policy

Refund policies for course load reduction or withdrawal are separately developed by each campus and adopted under institution fees and charges procedures. Refunds may be granted to students in accordance with the refund schedule on file with the Registrars or Business Office. This schedule shall be prepared annually.

Any student with orders to report for active military duty may withdraw at any time during the term and receive a full refund. If sufficient course work has been accomplished and the instructor feels justified in granting credit for the course work completed, credit may be granted and no refund will be given.

B. Waiver of Certain Student Fees

Certain student fee charges may be waived when regulations of federal agencies or contract agreements preclude the assessment of those fees.

C. Institution Authority to Adjust Charges

Authorized institution officials may make tuition refunds and waive fines or charges that result from circumstances beyond the student's control or are for the best interest of the institution.

D. Revolving Charge Accounts Policy

Institutions offering extended payment terms utilizing a revolving charge account method adopt rules creating the Revolving Charge Account Plan, and describe the terms and conditions applicable to the Plan.

Transactions covered by the Plan may include (by way of description and not limitation) tuition, fees, housing charges and other obligations primarily involving students; facilities rentals, lease agreements, program user charges and other transactions with non-students; and fines and penalties, incurred by anyone.

If adopted, institutional rules shall:

- 1) Describe the interest to be charged, as well as service charges, collection and other fees and costs, if any, and penalties that would apply should an account become delinquent;
- 2) Provide for an agreement to be signed by the obligor, the form of which shall be approved by the Vice Chancellor for Finance and Administration; the institution shall use its best efforts to have the agreement signed, except for debts arising from fines, penalties and the like; and
- 3) Provide that tuition and fees incurred in any given term are paid in full prior to enrollment in any subsequent term.

Administrative Authority: OAR 580-040-0041 - Revolving Charge Accounts Policy

E. Interest on Overdue Accounts

Section 1: Institutions may, pursuant to an institutionally adopted rule, charge nine percent interest on all liquidated debts that are past due. A liquidated debt is one in which the amount owed is certain, e.g., a standard fee or a debt based on a promissory note.

Section 2: Where the institution so provides by administrative rule and a contract or note signed by the obligor so specifies, the institute may charge not more than 12 percent interest on the obligation evidenced by the signed note or contract.

Institutions may not charge interest under both Sections 1 and 2, above, simultaneously on a single obligation; in no event shall the institution charge more than 12 percent interest.

Institution rules may provide for interest charges to begin immediately following the date on which a debt becomes overdue or after a specified waiting period.

STUDENT SHARED GOVERNANCE POLICY

Policy and Guidelines

I. PURPOSE

The Oregon University System (OUS) hereby endorses the concept and philosophy of shared governance between OUS institutions and the students of those institutions. The following policy statement provides a framework and principles to guide each campus' enactment of a campus-specific policy that sets forth the application of this principle to that campus' governance structure.

II. OBJECTIVES

- To recognize the value and importance of assuring students a voice in the educational process, particularly with respect to student life, services, and interests.
- To recognize students' rights to organize themselves and to select and recommend student representatives to a university governance structure.
- To encourage and facilitate student involvement in university decision-making.

III. PRINCIPLES

- A. Ultimate authority for the welfare of OUS and its institutions resides with the Oregon State Board of Higher Education. The Board has delegated (and may further delegate) aspects of that authority to the Chancellor (and/or the presidents) to assure efficient management of the System and its institutions.
- B. Many aspects of shared governance with the faculties of OUS institutions have a long and successful history.
- C. The intent of the current policy is to recognize the value of shared governance with the students of OUS institutions.
- D. It is the intent of this policy to establish a state level of support for student shared governance. It shall be the responsibility of each institution to identify the particular areas best suited for the application of this concept at the respective institution. Accordingly, students shall have the opportunity to participate, appropriate to their special knowledge and perspective, in decisions that relate to, but are not limited to:
 - 1. Academic grading policies
 - 2. Academic disciplinary policies
 - 3. Academic courses or programs to be initiated or discontinued
 - 4. Codes of student conduct
 - 5. Curriculum development
 - 6. Institutional planning
 - 7. Selection and appointment of student services administrators
 - 8. Tuition, fees, room and board rates
 - 9. University mission and vision

IV. IMPLEMENTATION

- A. Each institution shall develop written procedures to incorporate the principles of this Board policy.
- B. Each institution shall report the resulting procedures, evidence of implementation or, in the alternative, provide a report documenting how these principles of shared governance have already been incorporated into the institution's governance structure. The report shall be provided to the Chancellor, or his designee, by December 1, 2003.
- C. In developing the institutional report referenced above, each institution shall ensure appropriate input from and collaboration with the respective officially recognized student government association for that campus. For purposes of the report on student shared governance the respective recognized student government association shall be regarded as the appropriate liaison for student input.
- D. The presidents are charged with the responsibility of ensuring that the principles of shared governance with students are incorporated, where appropriate, throughout the university.

Adopted by the State Board of Higher Education on April 18, 2003.

Footnote:

Veterinary Medicine students will not be assessed the over-time fee. This exception to the general policy for other graduate programs results from the Veterinary Medicine curricular design which requires larger carrying loads in certain terms for normal progress toward a degree.

Third Year veterinary students registering at Oregon State University for a session scheduled early May to mid-July will be assessed a one-term fee as above.

Fourth Year students taking a series of study, externship, and vocation blocks from mid-July through early June will be assessed four term fees during that period of time. Fee payment dates will correspond to normal Fall, Winter, Spring and Summer term schedule.

Qualified tuition and fees do not include student health insurance fees for Tax Relief Act reporting.

ANNUAL HOUSING AND BOARD RATES

ANNUAL HOUSING AND BOARD RATES AND POLICIES

Residence halls are self-supporting auxiliary enterprises that furnish essential services to students and authorized persons attending educational activities supported by the institution. In addition to living quarters and meal service, residence halls provide counseling, advising, and social and recreational programs that augment the instructional programs. The rates of charge are established at levels that cover the cost of the service, including the proportionate share of the debt service associated with the residence hall and food service activities at the respective institutions.

Residence Hall rates are proposed annually by the institutions and approved by the State Board of Higher Education. The institutions establish fee policies related to housing, including length of contracts, installment payments, late fees, pro-ration of fees, and charges for vacation periods. The institutions also set rates for optional services such as telephones, refrigerators, and laundry.

A. Application Fee/Deposit, Cancellation, and Refund Policies

Application Fee/Deposit.....Up to \$150

An application fee, deposit or combination thereof, may be assessed.

Rate policies, room reservation, cancellation, and refund policies are all established and approved by each institution.

B. Pro-ration of Annual Charges by Term
