INTRODUCTION

The Academic Year Fee Book, adopted by the State Board of Higher Education through Oregon Administrative Rule (OAR) 580-040-0040, contains enrollment fee policies that are common to the institutions of the Oregon University System. The Board of Higher Education is responsible for assuring the fiscal accountability of the seven institutions under its jurisdiction and the Oregon University System has a responsibility to students attending the institutions to provide contextual information concerning the costs of education for academic year tuition and fees assessments. The Academic Year Fee Book contains policy statements and delegation of authority for a variety of OUS policies and fees and is published for public informational purposes.

Delegation of Authority

The Oregon Legislature grants authority to the State Board of Higher Education to establish tuition and fees for enrollment at Oregon University System institutions. Based on recommendations from the institutions and the Chancellor, the Board annually sets fees for enrollment at the institutions, including:

- Tuition
- Building Fees
- Health Service Fees
- Incidental Fees
- Student Recreation Center Fees
- Student Union Fees
- Other Mandatory Enrollment Fees
- Residence Hall Room and Board Rates
- Other Special Fees as determined by the Board

The Board has delegated authority to the institution presidents to establish certain fees, fines, and charges for services and materials, including:

- Laboratory and Course fees
- Fees for workshops
- Instruction fees for Continuing Education, Extended Programs, and Distance Education
- Charges for auxiliary services, e.g. food services, student centers, and parking
- Fines for violation of campus regulations
- Charges for facilities use
- Charges for other materials and services

Both the Board and the institutions are required to follow Oregon administrative rulemaking procedures when adopting tuition, fees, fines, and charges, giving adequate notice and opportunity for public comment. The schedule of charges must be on file in the business office of the institution and also filed with the Vice Chancellor for Finance and Administration. Income from such services must be reflected in the institution budget.

*Statutory Authority: ORS 351.070 Board General Powers

Administrative Authority: OAR 580-040-0010 Institutional Authority to Establish Fees

Summary of Changes

The following narrative summarizes proposed tuition and fee changes for 2011-12, focusing on resident tuition and fees. Campuses were asked to submit additional information for any new differential tuition rates in accordance with the Differential Fee Policy (page 29). Changes to existing differential rates are noted if proposed differential rates exceed proposed base rate increases.

EOU – Eastern Oregon University proposes an increase of 5.5% in the per credit hour rate for resident and nonresident undergraduate tuition and is removing the tuition plateau for credits in excess of 10. Removal of the plateau results in incremental increases depending upon credit level, – for example 5.8% at the 12 credit hour level, 6.8% at the 15 credit hour level. Graduate per credit hour tuition increases by 4.0%; The Master of Arts in Teaching (MAT) tuition increases 2.9%. EOU is instituting a separate tuition rate for international students beginning Academic Year (AY) 2011-12 that is three times the resident rate for each classification – undergraduate, graduate and MAT. International students admitted prior to Fall 2011 are exempted from international tuition rates.

Incidental fees are \$5.00 per term higher due to increased costs, and Health Service Fees are increasing \$11.00 per term based on the student health insurance premium increase.

OIT – Oregon Institute of Technology proposes increasing resident undergraduate tuition by 9% and resident graduate tuition by 9.1%

OIT is proposing a change to the Part-Time Fee Policy (page 17), adjusting the maximum credit level from 8 credits to 6 credits that non-resident students are assessed resident tuition rates. OIT also has submitted fee schedules which reflect this change. The intent is to gradually phase out this policy for OIT with minimal impact to current students.

Incidental fees will increase a maximum of \$15 (7.9%) per term depending on credit level. No increases were proposed for existing differential programs. The Health Service Fee, which includes a component for basic health insurance, is increasing \$19 per term.

OSU - Oregon State University is proposing to increase resident undergraduate tuition by 8.1% and resident graduate tuition by 4.4%. Due to high demand and high cost, OSU has added new undergraduate differential rates for in Forestry and Design & Human Environment and a new graduate differential rate for the Professional Science Masters (PSM) program. Incremental increases for these new differentials are 3.1-3.9% for undergraduate programs and 7.2-10.8% for PSM.

As approved by ASOSU Congress, OSU is raising Incidental fees \$4.78 per term primarily due to new and expanded student services. Health Service Fees are increasing by 0.8%.

The Cascades Campus is proposing to increase resident undergraduate tuition by 5.8% and resident graduate tuition by 4.4%. Incidental Fees for the Cascades Campus will increase by \$5.00 to account for additional student programs.

PSU – Portland State University is proposing to increase its resident undergraduate tuition rate by 9% and resident graduate tuition up to 6%. Undergraduate Fine and Performing Arts differential rates would increase an incremental 3.4% and graduate Engineering and Computer Science differential rates would increase an incremental 1.1-1.2%.

Health Service Fees are proposed to increase \$40 (21.1%). The change is due to increases in health insurance premiums and increased costs for operations as well as new services. Incidental Fees are increasing with approval from the Student Fee Committee by 1%. The Matriculation Fee for undergraduate students will increase \$15 (5%) from 2010-11. The increase is proposed to cover increased recruiting, orientation, and matriculation expenses and aligns with similar fees for OSU and UO.

SOU – Southern Oregon University proposes tuition increases for resident undergraduate of 6.8%. Resident undergraduate rates were brought in line with Summer 2011 rates. SOU proposes to simplify their tuition structure by 1) eliminating their optional Part-Time Fee Policy (0% increase to per credit hour rate, but increases for non-resident enrollment at the 1-8 credit hour level) and 2) utilizing a consistent per credit hour rate at the graduate level instead of the previous structure that assessed a single per credit hour rate for 1-9 credits hours and another rate for 10 or more credit hours. Resident graduate tuition increases 0% for 1-9 credit hours with incrementally higher increases for 10 or more credit hours, while Non-resident graduates have higher increases at the 1-8 credit hour levels.

Commensurate with Student Fee Committee recommendation, SOU will increase Incidental Fees \$7 per term. This increase is to support student initiatives and the addition of a mental health and drug and alcohol counseling services. Health Service Fees are increasing \$13 (7.9%) per term to account for increases in insurance premiums.

SOU is eliminating the differential rate for their Masters Mental Health Counseling and elected to charge students in that program the base tuition and fee rates. SOU is adding a new differential rate for their Masters in Education program, but due to market considerations of pricing and demand, the tuition per credit hour for this program will be lower than SOU's base graduate rates.

UO – The University of Oregon is proposing up to a 9% increase to resident undergraduate tuition and a 6.9% increase to resident graduate tuition. The UO is proposing to implement a new graduate differential tuition schedule for the Strategic Communication Masters program in the School of Journalism and Communication which would be an incremental increase of 3.1%. Journalism students were previously charged programmatic resource fees. Graduate differential programs with incremental increases: MBA 3.1%; Law, LL.M., and Conflict and Resolution 2.1%.

UO is decreasing Incidental Fees by 6.8% while increasing Health Service Fees and Recreation Center fees by \$3.75 (2.7%) and \$2 (4.6%), respectively.

UO is also proposing an increase to their Matriculation fee of \$27 (9%).

WOU - Western Oregon University is eliminating schedules for the non-Promise, resident undergraduate students. All resident WOU students will now fall under one of the Western Promise Fee Schedules. For the new cohort of Promise 2011, WOU proposes to increase rates 5.1% over 2010 rates. Graduate resident tuition will increase by 4.4%.

With student approval, WOU is proposing to increase its Incidental Fee by \$14 for AY 2011-12. Health Service Fees are increasing by 11.3% which include a 3.6% increase to campus health services and a 19.5% increase due to student health insurance premiums. Per Student Senate support and a student referendum vote, WOU is proposing a \$7 increase to the Recreation Center Building Fee.

WOU proposes a \$32 (15.6%) increase to its one-time Matriculation Fee for all new and transfer students. The proposed increase is to account for increased expenses in providing existing and new expanded services for SOAR and New Student Week.

[3] Commensurate with student recommendations, OSU-Corvallis increased all incidental fees by \$4.78. (Revised 7/20/2011 to reflect a decrease in the proposed and approved 2011-12 OSU-Corvallis Incidental Fees for the Student Experience Building Capital project. The bonds required for this project did not obtain needed legislative approval during the 2011 legislative session.)								
[4] Commensurate with student recommendations, OSU - Cascades increased all incidental fees \$5.00.								
[5] Commensurate with approval by Student Fee Committee - PSU increased student incidental fees \$2.00.								
[6] SOU eliminated their optional Part-time policy which assessed nonresidents taking fewer than 9 hours at resident rates. The effect of the changes for Non-Resident Undergraduate students results in an unusually higher increase for 8 credits and below but no increase for 8 credits and above. Resident Undergraduate rates were brought in-line with Summer rates.								
[7] UO student government approved a 6.8% decrease in Incidental Fees with student representatives supporting a \$2 increase in Rec Center Fees.								
[8] WOU resident rate increase pertains to the incoming freshman and transfer student cohort only. Students already enrolled at WOU receive no increase in tuition under the "WOU Tuition Promise". The percent increase compares 2011 Promise rates to the 2010 Promise rates. WOU student health insurance premium increased by 19.5%. Health insurance is 51.7% of the total Health Fee. Western opened the Student Recreation Center in Spring Term 2011 and increased the Recreation Center and Incidental fees concurrent with that opening. Comparison data for these two categories is based on the 2010-2011 Winter/Spring Term Rates for WOU. Commensurate with student recommendations, WOU increased incidental fees \$14/term and approved a Rec Center Fee increase of \$7/term.								
*Percent change in Incidental fees may vary by credit level as some institutions utilize graduated, step based algorithms to determine fee charges.

[8] WOU resident rate increase pertains to the incoming freshman and transfer student cohort only. Students already enrolled at WOU receive no increase in tuition under the "WOU Tuition Promise". The percent increase compares 2011 Promise rates to the 2010 Promise rates. WOU student health insurance premium increased by 19.5% Health insurance is 51.7% of the total Health Fee. Western opened the Student Recreation Center in Spring Term 2011 and increased the Recreation Center and Incidental fees concurrent with that opening. Comparison data for these two categories is based on the 2010-2011 Winter/Spring Term Rates for WOU. Commensurate with student recommendations, WOU increased incidental fees \$14/term and approved a Rec Center Fee increase of \$7/term.								
*Percent change in Incidental fees may vary by credit level as some institutions utilize graduated, step based algorithms to determine fee charges.

[1] EOU instituted a separate tuition for International Students beginning AY 2011-12. International Students admitted prior to Fall 2011 are exempt from International Tuition rates.								
[2] Commensurate with student recommendations, OIT increased incidental fees 7.9%.								
[3] Commensurate with student recommendations, OSU-Corvallis increased all incidental fees by \$4.78. (Revised 7/20/2011 to reflect a decrease in the proposed and approved 2011-12 OSU-Corvallis Incidental Fees for the Student Experience Building Capital project. The bonds required for this project did not obtain needed legislative approval during the 2011 legislative session.)								
[4] Commensurate with student recommendations, OSU - Cascades increased all incidental fees \$5.00.								
[5] Commensurate with approval by Student Fee Committee - PSU increased student incidental fees \$2.00.								
[6]SOU simplified their tuition structure for 2011-12 by moving from a stepped based tuition structure to a standard rate per credit hour for all Graduate students. The effect of the changes for Resident Graduate students results in a range of higher increases for 10 credits and above but no increase for 9 credits and below. Implementing the standard rate per credit hour for Non-Resident Graduate students results in an unusually higher increase for 8 credits and below, decreases for 9 -14 credits and then increasing incrementally for 15 or more credit hours.								
[7] UO student government approved a 6.8% decrease in Incidental Fees with student representatives supporting a \$2 increase in Rec Center Fees.								
[8] WOU student health insurance premium increased by 19.5% Health insurance is 51.7% of the total Health Fee. Western opened the Student Recreation Center in Spring Term 2011 and increased the Recreation Center and Incidental fees concurrent with that opening. Comparison data for these two categories is based on the 2010-2011 Winter/Spring Term Rates for WOU. Commensurate with student recommendations, WOU increased incidental fees \$14/term and approved a Rec Center Fee increase of \$7/term.								
*Percent change in Incidental fees may vary by credit level as some institutions utilize graduated, step based algorithms to determine fee charges.								

Residence Hall and Food Service Fee Changes Over Prior Year

Table 9 shown below provides a cross-section of 2011-12 room and board rates. Residence halls are self-supporting auxiliary enterprises that furnish essential services to students and authorized persons attending educational activities supported by the institution. In addition to living quarters and meal service, residence halls provide counseling, advising, and social and recreational programs that augment the instructional programs. Rates are established to cover the cost of the service, including the proportionate share of the debt service associated with the residence hall and food service activities at the respective institutions.

TUITION AND FEE POLICIES FOR 2011-12

A. Tuition Structure and Assessment

Tuition rates for students admitted to academic programs are established via student classification (undergraduate, graduate and doctoral), residency, and credit hours taken. Tuition revenue supports the instructional and administrative costs of each OUS institution and varies based on factors including class sizes, faculty salaries, specialized programs and equipment as well as facilities required to teach courses. Part-time students enrolling for a combination of undergraduate and graduate courses are assessed tuition using the rates for each respective classification and fees based on undergraduate costs for total enrolled credits.

There are three basic tuition and fee structures at OUS institutions: the regular academic year, summer session, and continuing education programs. Under existing policy, each of the three tuition structures is separate with its own unique rate setting process. The Academic Year and Summer Session tuition and fees are set by the Board of Higher Education and Continuing Education rates are set by the institutions.

Academic Year:

- Charges assessed to students during the academic year are comprised of Tuition, Mandatory Enrollment Fees, One-time Fees and Other Student Fees. The revenue generated by each component is dedicated to a specific purpose, independent of the other components. Enrollments during the academic year are usually referred to as “in-load” enrollments.

Summer Session:

- As with the academic year, tuition supports the direct instruction and administrative costs of each institution’s summer session program. For summer session programs, tuition may be assessed on a per-credit hour basis or aligned to the preceding academic year’s structure. Institutions are not required to make a residency determination for summer term but may choose to do so. Generally tuition rates in the summer session are lower than in the academic year, do not have the same residency differentials and do not contain tuition plateaus (see Summer Session Fee Book for specific summer fees and policies).

Continuing Education:

- Continuing Education, Extended Programs, and Distance Education courses all fall within the category previously referred to as self-support. Continuing Education courses are offered through special campus programs not generally available during the academic year or summer session. Tuition and fees for Continuing Education are assessed regardless of residency or course load. Rates are set at levels necessary to cover the direct costs of providing the course plus an indirect cost recovery for administrative overhead costs. Tuition and fees are charged to participating students apart from enrollment fees paid for other courses. Assessment of Resource Fees for Continuing Education courses is an institutional decision.

B. Student Residency

A resident student is one who fulfills Oregon residency requirements as established by OAR 580-010-0030 through 580-010-0047. Oregon residency is generally based on the following criteria: a person with a bona fide fixed and permanent physical presence established and maintained in Oregon of not less than 12 consecutive months immediately prior to the term for which residence status is requested. State funded graduate students who become Graduate Teaching or Research Assistants are automatically converted to resident status for fee purposes. A nonresident student is one who does not meet Oregon residency requirements as specified in OAR 580-010-0031. Eastern Oregon University's nonresident rate is the same as the resident rate. Beginning AY 2011-12 EOU will be institute a separate international student rate.

C. Fees

Fees fall into three distinct categories: Mandatory Enrollment Fees, One-time Fees, and Other Student Fees. At the institutions, academic or administrative units begin the process for requesting a new fee or revising an existing fee by preparing a fee proposal and submitting it to the appropriate campus administrator for review and approval.

The fee requests must include information regarding the academic unit initiating the fee, fee designation or name, justification of need, amount, estimated revenues and expenditures, and expected implementation date. All fee proposals are thoroughly reviewed by campus administration before being submitted to the OUS Chancellor's Office for final assessment and adoption into the Academic Year or Summer Session Fee Book by the Oregon State Board of Higher Education.

1. Mandatory Enrollment Fees

Mandatory enrollment fees include the Building, Health Service, Incidental, and Recreation Center Fees. Students enrolled under the part-time student fee policy are subject to these fees at a rate appropriate to the specific number of credit hours taken each term. Institutions have the option of assessing mandatory enrollment fees during the summer session at rates comparable to those assessed in the academic year.

Building Fee:

- The Building Fee is the same for all institutions. This fee is established by legislative statute ORS 351.170 and allows OUS to assess up to \$45 per student per term or \$67.50 per semester to finance debt service for construction associated with student centers, health centers, and recreational facilities constructed through the issuance of Article XI-F(1) bonds. The fee charge for summer session is approximately 75% percent of the academic year rate. A pro rata fee is assessed on part-time students.

Incidental Fee:

- Incidental fee recommendations are made by student committees in accordance with a Board-approved incidental fee policy (OAR 580-010-0090) on each campus. In some instances, the student committee recommendations are supported by general campus student referenda. Funds generated by incidental fees are used to fund student union operations, educational, cultural, and student government activities, and athletics. *Statutory Authority: ORS 351.070 (3)(d)*

The president of each institution reviews the student committee recommendations for establishing incidental fees for the subsequent academic year. Once approved, presidents submit recommendations to the Chancellor, who, after review for compliance, presents the proposal to the Board. Generally, there are fewer incidental fee supported activities during the summer term, resulting in lower rates than those assessed during the academic year.

Health Services Fee:

- This fee is used to support each institution's student health services, which are operated as an auxiliary enterprise on a self-sustaining basis. Optional health insurance policies are covered by this fee and made available by some institutions. During summer sessions, student health services operations may function at reduced levels or are not be provided at all. The recommended summer session rates reflect these lower levels of activity. *Statutory Authority: OAR 580-011-0005*

Recreation Center Fee:

- The Recreation Center Fee is used to fund the construction, debt service, maintenance, and operation costs of the Student Recreation Centers as the mandatory Building Fee assessed per term is not adequate to fund or operate projects of this scale. The University of Oregon Recreation Center Fee was approved by student referendum in the spring of 1995 and assessed to UO students beginning winter term 1998. PSU added

the Recreation Center fee in academic year 2009-10 to support its new Academic Student Recreation Center (ASRC). Western Oregon University's new Student Recreation Center began operation in winter term 2011. Other OUS campuses are also currently contemplating fees of this type.

2. One-time Fees

The Matriculation (all campuses) and Transcript (OIT only) fees are examples of one-time fee charges to new or transfer students. This fee is a one-time assessment and was developed to reduce the large number of enrollment-related fees for student orientation, course schedules (drop/add fees), transcripts, degree applications, and re-enrollment. The fee is also used to support academic programming for Freshmen Interest Groups and Learning.

3. Other Student Fees

Fees for Instruction Related Services:

- The Laboratory or Course Fees must be published in the institution's catalogue and/or time schedule of classes. Laboratory or Course Fees are limited to institutional sale to students of equipment, materials, or ancillary services consumed by the student as a part of course instruction where the equipment or material is not readily available for purchase through the bookstore or other external source.

Approval will not be given for Laboratory or Course Fees that constitute a charge for the use of institution owned equipment, specimens, software licenses or other microcomputer application charges for goods or services, or other materials and supplies consumed in the instruction process, except for certain non-required physical education courses that involve use of non-state-owned facilities or expensive equipment.

Fees and Fines for Non-Instruction Related Services and Materials:

- The Board requires that the level of charges be sufficient to ensure recovery of the cost of providing the services and materials as well as to recover the indirect costs associated with these activities. These include charges for auxiliary services, e.g. housing, food services, student centers, parking, and bookstores; charges for facilities use; etc. Institutions also set the level of fines for violation of campus regulations, such as late fines for library books, parking fines, etc.

Application Fee

- Each institution may determine the amount of the application fee (up to \$100.00) and establish policies governing the conditions under which application fees will be required. Institutions may assess additional application fees for admission to selected programs or schools within their institution. In instances where an application is received without the Application Fee, request will be made for the Application Fee, and the fee must be received before the application will be evaluated. Application Fees are not refundable.

Application Fee Deferral Program

- Institutional executives may, upon request, defer the Application Fee for first-time freshmen or transfer students who, at the time of application, are either eligible for or participate in any of the following:
 - 1) Free or reduced school lunch program;
 - 2) TRIO-type college preparatory programs (e.g., Upward Bound, Talent Search, EOC, HEP);
 - 3) State of Oregon or U.S. public assistance; and/or
 - 4) College Board fee waiver.

To request an online application for Application Fee deferral, go to the following web address located at: <http://www.ous.edu/stucoun/prospstu/admissions.php>. The student must complete the deferral form and have it signed by a school official (high school counselor), special program official, or University System official, and submit it at the time of application. Application fees deferred under this provision become payable upon the student's enrollment and receipt of financial aid funds. If a student does not complete the application process or does not enroll, the Application Fee is canceled. Students residing outside the United States at the time of their application must prove to the satisfaction of institutional officials that they would meet comparable eligibility guidelines in their country of residence.

D. Optional Part-time Fee Policy

Part-time Fee Policies, if adopted by an institution, apply to students enrolled for up to eight academic year credits in a term (up to six credits at OIT). The adoption of these policies for part-time students is optional for each institution. Institutions may adopt the Part-time Fee Policy for all students, or restrict it to non-admitted students. The part-time fee policy does not differentiate residents from nonresident students in tuition assessment. Students may take additional credits through Continuing Education courses.

E. Post baccalaureate, Non-graduate Student Classification

A holder of an accredited baccalaureate degree who has not been admitted to a graduate degree program and who submits an official application for admission to pursue a second baccalaureate degree or enroll in course work not to be used for graduate credit is called a *post baccalaureate, non-graduate student* and is assessed tuition at undergraduate rates.

Fees and policies applicable under the part-time fee policy shall prevail when a student classified as a post baccalaureate, non-graduate enrolls for eight or fewer credits (up to six credits at OIT) at an institution that has adopted the part-time student policy.

Baccalaureate degree holders who are admitted to post baccalaureate, non-graduate status at undergraduate tuition rates are precluded from claiming graduate credits for graduate courses taken while in that status. However, individual institutions may allow the reservation of not more than six of their graduate credits per term to apply in their institution's graduate programs. Graduate credits reserved in combination as an undergraduate and post baccalaureate, non-graduate cannot exceed 15 credits. Baccalaureate degree holders who are not admitted to post baccalaureate, non-graduate status will be assessed graduate tuition rates.

Students who are admitted to an advanced degree program may convert to post baccalaureate, non-graduate student status only if the graduate degree has been awarded, if a student has been dropped from the degree program by the institution, or upon a request approved by the dean of the Graduate School for voluntary relinquishment of graduate status.

Students in the education programs who are admitted to the 45-hour standard norm certificate program are not eligible for the post baccalaureate, non-graduate student status. Graduate tuition rates are applicable whether or not students in the program seek graduate credit.

Reduced Tuition Policies

A. Western Undergraduate Exchange

Tuition for students admitted under the Western Undergraduate Exchange (WUE) program is assessed at 150% of the prevailing resident undergraduate tuition rate.

The WUE program allows first-time enrolling, nonresident undergraduate students from participating states to pay 150% of resident tuition when enrolled in selected programs at Oregon University System institutions. Students participating in this program must maintain enrollment in these designated programs to retain qualification. The time spent as a WUE student cannot apply toward residency status. Students previously or currently enrolled in System schools are not eligible for this program. Neither the institutions nor the Oregon University System are obligated to notify prospective, admitted, or enrolled students who are eligible for this program. Institutions that implement this program must report WUE enrollment as directed, and validate WUE students quarter to quarter.

*Administrative Authority: OAR 580-010-0080 Payment of Nonresident Instruction Fee
OAR 580-010-0081 Waiver of Nonresident Instruction Fee*

B. Reduced Tuition Benefit for Academic and Classified Employees

The academic term rate for employees is 30% of resident undergraduate tuition assessed at the teaching institution, rounded to the nearest dollar. For campuses where an undergraduate differential tuition structure is in effect for academic year 2011-12; the staff fee rate will be charged at the "regular" (not differential) resident undergraduate tuition rate for both undergraduate and graduate student employees.

Charges for Building, Health Service, Recreation, Student Union, and Incidental Fees do not apply; nor are employees entitled to health services or incidental fee services through this program. No Application Fee will be required for employees and no breakage or other deposit is required when registering for classes. Other fees such as lab or course fees are assessed at the full rate and no discount is provided.

Staff fees are not applicable to certain courses. For a complete reference list of excluded programs, please go to <http://www.ous.edu/dept/hr/benefits/stafffee.php>. Excluded programs are determined at the discretion of the institution's president and the notice of exclusion must be filed with the institution's Registrars' office prior to the first day of registration for a term.

1. On approval of the president or designee of the teaching institution and with the concurrence of the employee's immediate supervisor, the staff fee is available to employees appointed at half-time (.5 FTE) or more (not including temporary classified employees or other student employees).
2. To qualify for this fee, the staff member must meet the criteria no later than the first day of classes of the term of enrollment. The maximum number of credits to which the staff fee may be applied is 12 credits per quarter or per semester. See exception for retired employees and employees on leave, Section (d) of OAR580-022-0030. For more information please go to: <http://www.ous.edu/dept/hr/benefits/stafffee.php>.
3. Employees enrolled for more than 12 credits in one term will pay for each additional credit at the campus designated per credit tuition rate applicable to resident undergraduate or graduate students, depending upon the employee's degree status.
4. Chancellor's Office employees must have the approval of the Chancellor or supervisor before registering for credit at the staff fee rate. Per ORS 351.070, Chancellor's Office employees are *exempt* from the graduate school approval process required of academic faculty ranked employees who seek entry into a graduate program at the same campus where employed.

5. For purposes of this rule, the term "employee" may include persons with full-time courtesy appointments who provide a benefit to the institution in the form of teaching, research, or counseling, under the direction of the institution and using the facilities of the institution.
6. Retired employees and employees on leave are eligible for staff fee privileges. Subject to the approval of the president or designee of the teaching institution, the maximum credit limitation may be waived for retired employees and for employees on leave. See exception under Senior Citizen Tuition.
7. Employees who use the staff fee for courses away from their home institution are subject to staff fee policies and procedures of the instructing institution. *There is no fee plateau at any campus for employees, family and dependents, or retired staff.*
8. Employees may be permitted to take *noncredit* courses at *one-third* of the fee assessed to other registrants. Teaching units are not required to extend staff fees for noncredit courses, self-sustaining workshops, or self-support credit courses.
9. Employees on furlough or lay-off status may be eligible for staff fees in accordance with provisions of a collective bargaining agreement.
10. No tuition shall be assessed to courses enrolled in by employees with a grading option of 'audit'. Attendance under such condition must be with the instructor's consent and on a space-available basis. Institutions are required to maintain a record of the courses audited. Courses approved for audit by the instructor confer no credit to the student, are not charged staff fee rates or regular tuition, and may be used in addition to staff fee privileges during a term. However, any applicable course, lab or material fees associated with auditing for-credit classes will be assessed by the institution and is the responsibility of the employee. This provision cannot be subdivided in conjunction with the Employee Family Member and Domestic Partner Transfer provisions.
11. The benefit may be used at any Oregon University System institution, however; please note the *Concurrent Enrollment policy was eliminated January 1, 2004.*

C. Reduced Tuition Benefit for Family Members and Domestic Partners of Employees

To improve the recruitment and retention of high quality faculty and staff within the Oregon Department of Higher Education, the staff fee policy is extended to qualified family members, eligible dependents, as well as domestic partners and their eligible dependents on a limited basis.

The academic term rate for family members is 30% of resident undergraduate tuition assessed at the teaching institution, rounded to the nearest dollar. For campuses where an undergraduate differential tuition structure is in effect for academic year 2011-12; the staff fee rate will be charged at the "regular" (not differential) resident undergraduate tuition rate for both undergraduate and graduate students.

Qualified family members including spouse, domestic partners, and dependents receiving the transferred benefit are responsible for all mandatory enrollment fees such as Building, Health, Recreation, Student Union, Incidental, Matriculation and Other fees (Laboratory/Course Fees, Late fees, and Registration fees), if applicable. Breakage and/or other mandatory application deposits are required of the participating family member to register for classes.

Staff fees are not applicable to certain courses. For a complete reference list of excluded programs, please go to <http://www.ous.edu/dept/hr/benefits/stafffee.php>. Excluded programs are determined at the discretion of the

institution's president and the notice of exclusion must be filed with the institution's Registrars' office prior to the first day of registration for a term.

1. The staff fee provisions may be transferred to a qualified family member or domestic partner of employees appointed at half-time (.5 FTE) or more (not including temporary classified employees, graduate assistants, or other student employees). Employee eligibility is verified through Human Resource System records. To qualify for this fee, the family member, domestic partner, or eligible dependent must meet the criteria no later than two weeks prior to the first day of classes of the term of enrollment.
2. For purposes of this policy, the eligible family members include spouse, domestic partner, dependent children and dependent children of domestic partners in accordance with IRS Code 152 and Section One of the Public Employees Benefit Board. If requested to do so, the employee is expected to verify family member or domestic partner eligibility by providing documented proof such as a tax return from the prior year.
3. The maximum number of transferrable credits is 12 credits per quarter or per semester. Only one staff member, spouse, domestic partner or dependent may use the staff fee benefit per term or semester. The benefit may not be subdivided among family members during a term.
4. The qualified family member or domestic partner enrolled for more than twelve (12) credits in one term must pay for *additional credits* at the per credit tuition rate applicable to resident undergraduate or graduate students, depending upon the family member's or domestic partner's degree status. All applicable credits will be charged at the relevant resident tuition rate.
5. Presidents of Oregon University System institutions may exclude certain programs from the policy. For a comprehensive list of excluded programs please visit the OUS website listed above.
6. The transfer of staff fee benefits is not available for retired employees.
7. Qualified family members or domestic partners of employees who use the staff fee for courses away from the employee's employing institution are subject to staff fee policies and procedures of the instructing institution. *There is no fee plateau at any campus for employees, retired staff, domestic partners, or eligible dependents.*
8. Qualified family members or domestic partners of employees may be permitted to take noncredit courses at approximately one-third of the fee assessed to other registrants. Teaching units are not required to extend staff fees for noncredit courses, self-sustaining workshops, or self-supported credit courses.
9. Eligibility of employees on furlough or lay-off status is subject to applicable collective bargaining agreements.
10. No tuition shall be assessed to courses enrolled in by employees with a grading option of 'audit'. Attendance under such condition must be with the instructor's consent and on a space-available basis. Institutions are required to maintain a record of the courses audited. Courses approved for audit by the instructor confer no credit to the student, are not charged staff fee rates or regular tuition, and may be used in addition to staff fee privileges during a term. Any applicable course, lab or material fees associated with auditing for-credit classes will be assessed by the institution and is the responsibility of the family member. This provision cannot be subdivided in conjunction with the Employee Family Member and Domestic Partner Transfer provisions.
11. The benefit may be utilized at any Oregon University System institution, however; please note the *Concurrent Enrollment policy was eliminated January 1, 2004.*

Administrative Authority: OAR 580-022-0031 Transfer of Staff Fee Privileges

D. Graduate Assistants

Graduate students appointed by the institution and paid at established institutional salary rates as graduate teaching assistants, graduate research assistants, or graduate fellows are exempt from the payment of Tuition up to the first 16 credits per term subject to institutional policy. The graduate student exemption from payment of Tuition does not apply to courses leading to the D.V.M. degree at Oregon State University. Appointment as an assistant may not be for less than .15 FTE for the term of appointment.

The Tuition will be assessed to the employing account or department within the institution, not to exceed the graduate resident, full-time student Tuition per term. When an assistant is authorized to exceed 16 credits per term, the institution shall charge the assistant the resident overload Tuition for the excess credits. The enrollment privilege does not apply to self-support courses.

If an assistant has been on an academic year appointment, serving in that appointment spring term, and the institution intends to reappoint the assistant in the following WINTER & SPRING TERMS, the assistant may exercise the study privilege during the interim summer term upon approval of the institution.

Graduate assistants are assessed and are individually responsible for payment of the Building, Health, Incidental, Recreation Center, Student Union and other mandatory fees as approved for the institution and program in which they are enrolled at the credit hour level carried, and at rates applicable to graduate students. Overload Tuition is assessed at the resident graduate student Tuition rate for each overload hour.

Administrative Authority: OAR 580-022-0030 Staff Fee Privileges

E. Resident Oregon Senior Citizen Program

The Senior Citizen Program is designed for persons not seeking credit or working toward a degree. If credit is sought, charges for special materials or fees, if any, will be assessed according to applicable tuition schedules and records will be maintained. Self-support classes are excluded from this benefit and Incidental Fee services are not available. Oregon resident senior citizens, age 65 or older, may attend classes on a space-available basis.

F. Auditors

Students enrolled in a combination of credit and audit courses or audit only will be assessed for the total credits under the credit tuition and fee schedule appropriate to their classification and residency.

G. University/School Partnership Co-Pay Program

School districts having contracts with Oregon University System institutions to supervise educator professionals preparing for Oregon licensure may exercise these provisions.

Earning the Co-Pay

For each permissible activity provided under contract with a cooperating district (see 'a' and 'b' below), a district earns a co-pay privilege to register any licensed educational professional employed by the district at the Oregon University System co-pay fee rate. The rate should be one-third of the tuition charged for the course. Institutions with current contractual obligations may elect to defer compliance of the rate until expiration of the existing contract.

A "co-pay privilege" allows one individual to register for up to 8 quarter credit hours in the term it is used. The total reduced fee credits awarded for practica and student teaching may not exceed 11 in a year, per each university student provided services by the district.

- a. Supervised full-time student teaching: Co-pay privileges of 5 credit hours may be awarded for supervision of the final full-time student teaching per quarter. Student teaching is the culminating, full-time supervised teaching experience provided for students completing a program approved by the Teacher Standards and Practices Commission, leading to Initial Licensure in one or more of four authorizations: Early Childhood, Elementary, Middle, and High School; and specialty endorsements.
- b. Experiential preparatory practica or part-time student teaching: Co-pay privileges of 3 credit hours may be awarded for supervision of students in experiential preparatory practica or part-time student teaching per academic quarter. These are practica assigned to or required of the student prior to or concurrent with student teaching and block practica and/or other miscellaneous practica offered by colleges and divisions of education for students completing a program approved by the Teacher Standards and Practices Commission, leading to Initial Licensure in one or more of four authorizations: Early Childhood, Elementary, Middle, and High School; and specialty endorsements.

Redeeming Reduced Fee Credits

- c. Earned co-pay privileges must be used by a licensed educator professional employed by the school district within five successive academic quarters (including summer session) following the quarter in which the supervision is provided, after which time the co-pay privilege is void.
- d. The co-pay fee is applicable only up to 8 credit hours in any academic quarter for any one licensed educator professional, including summer session, even though the district may have earned two or more enrollment privileges, or if the licensed educator professional using the privilege enrolls for fewer than 8 credits.

Unused portions of an enrollment privilege may not be carried to another term or used by another teacher.

- e. A co-pay privilege may be used during any academic term (including summer session) at the issuing institution within the Oregon University System, which has a teacher preparation program. Institutions may enter into “partnerships of trade” with any sister institution if they are willing to accept vouchers from other institutions.
- f. Each institution may set limits on courses available for those redeeming vouchers/co-pays (for example, courses in summer session, distance education, continuing licensure, continuing/extended education). Each institution will indicate on the voucher the existence of restrictions.
- g. The co-pay privilege may also be redeemed by an administrator, counselor, or other licensed educator professional in a cooperating district.
- h. Institutions with current contractual obligations may elect to defer compliance of the rate until the expiration of the existing contract.

Other Provisions

- i. If a licensed educator professional using a co-pay privilege registers for 8 hours or fewer and desires the in-residence services provided by the Health Service and Incidental Fee, the licensed educator professional may elect those services by paying the appropriate fee for the number of hours enrolled. If the licensed educator professional using the co-pay privilege registers for more than 8 credit hours, the first 8 hours may be taken at the institution’s co-pay rate. Hours in excess of 8 shall be at the appropriate credit hour rate (graduate or undergraduate, resident or nonresident) and the institution shall charge all Enrollment Fees applicable to the total number of hours for which the licensed educator professional is registering.

- j. Each institution may, at its discretion, extend to the eligible district licensed educator professional other privileges such as use of the institution library, access to campus parking, and admission to campus events at faculty and staff rates, provided that such extended privileges do not exceed the benefits made available to the faculty and staff of the institution.

H. Approved Programmatic Student Financial Aid Programs

Student financial aid programs are funded through institutional resources. The policies governing each program specify the extent to which the enrollment fees are to be reduced. The combined total aid for a student may not exceed the total enrollment fees for that student.

The Oregon University System's student financial aid programs are similar to programs offered across the country. Programmatic student aid may be referred to as fee waivers or tuition discounts at other public and private colleges and universities. The objective of programmatic student aid programs is to provide financial incentives for certain student groups to enroll. As an enrollment management tool, programmatic student aid allows an institution to target specific campus enrollment goals including recruitment of needy or meritorious students, international students, athletes, and other student populations. The following are summaries of OUS student financial assistance programs:

1. Diversity Programs

- a. Oregon University System Educational Diversity Initiative

The Educational Diversity Initiative replaces three fee remission programs: the Minority Achievement Scholarship Program for First-time Freshmen, Under-represented Minorities Achievement Scholarship Program, and the Oregon Laurels Program. These original three programs were completely phased out and eliminated from the Fee Book by the Board on July 19, 2002. New students admitted effective Fall 1998 come under the policies of the Educational Diversity Initiative.

Criteria: This program is open to all students, resident or nonresident, undergraduate or graduate. Under the guidelines approved by the Board on October 17, 1997, each campus may have a program of its own design and may describe the program in the manner it wishes. Similarly, the program may consider different factors in making awards and may offer one or more tuition and fee remission programs as long as it maintains its commitment to diversity. Under these guidelines, campuses may consider different factors in support of their educational mission.

Awards: Rather than a prescribed allocation of funds for educational diversity fee remissions, each institution has the discretion to determine the remittance amount and allocation schedule. Campuses may make partial or full waivers based on need or to expand the number of students who receive at least some funding support. Awards are not transferable. Students may not take a tuition remission with them if they move to another OUS institution, but will be evaluated based on the receiving school's educational diversity needs.

- b. Portland Teacher Program.

Criteria: This is a cooperative effort between the Portland Public Schools, Portland Community College, and Portland State University. This program is for students who complete their Portland Community College education and enroll at Portland State University to complete the final stages of teacher preparation.

Awards: Awards will consist of a remission of all Enrollment Fees (Tuition, Building, Incidental, and Health Service Fees). This program is administered according to policies adopted by the Board on November 16, 1989.

2. International Cultural Service Program

a. International Fee Remission Program

Criteria: This program is for undergraduate or graduate students with foreign student status.

Awards: Awards may vary in amount but cannot exceed the total nonresident undergraduate or graduate Enrollment Fees (Tuition, Building, Incidental, and Health Service Fees). However, the institution has the option to remit these fees if they see fit.

b. Cultural Service Program

Criteria: This program is for undergraduate or graduate students with foreign student status who: are competitively selected on the basis of academically meritorious achievement; and fulfill the community service requirements of the program while receiving the award.

Awards: Awards may vary in amount but cannot exceed the total nonresident undergraduate or graduate Enrollment Fees (Tuition, Resource, Building, Incidental, and Health Service Fees). Remission of the Resource, Building, Incidental, and Health Service Fees is at the institution's option.

3. International Exchanges

a. International OUS Exchange Program

Criteria: This program is for students who are attending Oregon University System institutions as a part of an approved system-wide exchange program.

Awards: Awards may consist of remission of all or some of the Enrollment Fees, depending upon the reciprocal agreement under which the student is enrolled.

b. International Institution Exchange Program

Criteria: This program is for students who are attending Oregon University System institutions as a part of a Board-approved institution exchange program.

Awards: Awards may consist of remission of all or some of the Enrollment Fees, depending upon the reciprocal agreement under which the student is enrolled.

4. Contract and Grant

a. Contract and Grant: Academic Year

Criteria: This provision is for students who participate in specific courses or programs during the academic year funded by grant or contract with an outside agency or firm.

Awards: Awards are generally for remission of the Tuition and any applicable Resource Fees only, depending upon agreement with the granting agency.

b. Contract and Grant: Summer Session

Criteria: This provision is for students who participate in specific courses or programs during the summer session funded by grant or contract with an outside agency or firm.

Awards: Awards are generally for remission of the Tuition and any applicable Resource Fees only, depending upon agreement with the granting agency.

5. OUS Supplemental Tuition Grant

Criteria: The OUS Supplemental Tuition Grant is a need-based tuition grant program available to qualified Oregon resident students.

Awards: These supplemental tuition grants may vary at institutional discretion but may not exceed the total Tuition assessed for the regular academic year.

6. VOYAGER Fee Remission

Criteria: The VOYAGER fee remissions are for Oregon residents (OAR 580-010-0030 to -0045) who are members of the National Guard or Reserves and were deployed in an area of military combat since September 11, 2001. This fee remission is for full-time students pursuing their initial bachelor's degree. Students must submit a Free Application for Federal Student Assistance annually and continue to maintain satisfactory academic progress to maintain eligibility.

Awards: Award is the difference between the National Guard and Reserves tuition benefit of \$4,500 and total enrollment fees. Students are responsible for securing the National Guard or Reserves tuition benefit. Duration of the VOYAGER award is four years excepting those five-year degree programs as documented in the campus general catalogs. Students may not earn more than fifteen credits above the minimum number of credits required by the degree to maintain eligibility.

7. Veteran's Dependent Fee Remission

Criteria: The Veteran's Dependent fee remission is a tuition waiver for qualified students accepted into a baccalaureate or master's degree program within the Oregon University System (OUS).

To qualify for the remission, the student must be a child (includes adopted child or stepchildren), a spouse, or un-remarried surviving spouse of a member of the United States Armed Forces who:

- Died on active duty
- Has a 100% total and permanent service-connected disability rating as certified by the United States Department of Veterans Affairs
- Died as a result of a military service-connected disability

An eligible child must be 23 years of age or younger at the time the child applies for the waiver. A child who is older than 23 years of age is eligible for a waiver for a master's degree program if the child:

- 1) Applied for and received a waiver for a baccalaureate degree when the child was 23 years of age or younger; and
- 2) Applied for a master's program waiver within 12 months of receiving a baccalaureate degree.

The qualifying new, transfer, or community college co-enrolled student must meet Oregon residency requirements as stipulated within OAR 580-010-0030 through 580-010-0045, which generally describes an Oregon resident as a person with a bona fide fixed and permanent physical presence established and maintained in Oregon of not less than 12 consecutive months immediately prior to the term of entry.

Awards: The award may be granted for credit hours for courses that are offered at an eligible post-secondary institution. The award does not cover other mandatory enrollment and course specific fees.

Some courses that may be excluded from this remission include post-baccalaureate courses, certificate programs, additional undergraduate degrees, PhD courses, distance education classes, self-supported classes, and other campus-designated programs. The maximum waiver granted under this remission program shall be:

- 1) The total number of attempted credit hours equal to four years of full-time attendance for a baccalaureate degree; and

- 2) The total number of attempted credit hours equal to two years of full-time attendance for a master's degree.

Notwithstanding sections 1 and 2 of this paragraph, a waiver may not exceed the total number of credit hours the qualified student needs to graduate with a baccalaureate or a master's degree. Transferred credit hours accepted for a degree program may or may not count toward the total credit hours needed for degree completion.

8. Nonresident Veteran Fee Remission

As required by Law, every Oregon University System (OUS) institution shall participate to the fullest extent allowed in the federal educational assistance programs under the Supplemental Appropriations Act of 2008 (e.g., Post 9/11 G.I. Bill and its component Yellow Ribbon Program), so as to reduce the overall tuition rate for students eligible under this policy.

Criteria: The Nonresident Veteran Fee Remission is a tuition and fee reduction for qualified students who are not Oregon residents and who are attending classes as an admitted undergraduate at one of the seven OUS campuses.

To qualify for the discount, the nonresident veteran must have served in the Armed Forces of the United States and was relieved or discharged from that service under honorable conditions as defined by ORS 408.225 and as shown on an original or certified copy of the student's DD-214.

Award: Qualified students are charged tuition and fees no greater than the resident rate, plus 50 percent of the difference between the resident tuition and fee total and the nonresident tuition and fee total with the following qualifications:

- A student who served in the Armed Forces of the United States *and* who receives federal tuition benefits in excess of the tuition and fees charged under this policy shall pay tuition and fees equal to the federal tuition benefits received.
- Distance education and self-support courses as identified by each OUS institution are excluded from this discount.
- If a nonresident student is otherwise eligible for tuition benefits under this discount and receiving federal vocational rehabilitation education benefits, that student shall pay full nonresident tuition and fees charged by the enrolling OUS institution.

9. Other Remission Programs

Institutions may create individual institution fee remission programs to address enrollment management and financial aid program needs. The institution will report to the Board on the creation of each program following guidelines approved by the Board.

Awards: Awards may vary in amount but cannot exceed the total nonresident undergraduate or graduate Enrollment Fees (Tuition, Building, Incidental, and Health Service Fees).

Refunds, Waivers, and Accounts Receivable Policies

A. Refund Policies

Refund policies for course load reduction or withdrawal are separately developed by each campus and adopted under institution fees and charges procedures. Refunds may be granted to students in accordance with the refund schedule on file with the Registrars or Business Office. This schedule shall be prepared annually.

Military Duty Refund Policy

Any student with orders to report for active military duty may withdraw at any time during the term and receive a full refund. If sufficient course work has been accomplished and the instructor feels justified in granting credit for the course work completed, credit may be granted and no refund will be given.

B. Waiver of Certain Student Fees

Certain student fee charges may be waived when regulations of federal agencies or contract agreements preclude the assessment of those fees. Please contact the institution's Business Office to determine which fee charges are eligible, if any, for this waiver.

C. Institution Authority to Adjust Charges

Authorized institution officials may make tuition refunds and waive fines or charges that result from circumstances beyond the student's control or are for the best interest of the institution.

D. Revolving Charge Accounts Policy

Institutions offering extended payment terms utilizing a revolving charge account method adopt rules creating the Revolving Charge Account Plan, and describe the terms and conditions applicable to the Plan.

Transactions covered by the Plan may include (by way of description and not limitation) tuition, fees, housing charges and other obligations primarily involving students; facilities rentals, lease agreements, program user charges and other transactions with non-students; and fines and penalties, incurred by anyone.

If adopted, institutional rules shall:

- 1) Describe the interest to be charged, as well as service charges, collection and other fees and costs, if any, and penalties that would apply should an account become delinquent;
- 2) Provide for an agreement to be signed by the obligor, the form of which shall be approved by the Vice Chancellor for Finance and Administration; the institution shall use its best efforts to have the agreement signed, except for debts arising from fines, penalties and the like; and
- 3) Provide that tuition and fees incurred in any given term are paid in full prior to enrollment in any subsequent term.

Administrative Authority: OAR 580-040-0041 - Revolving Charge Accounts Policy

E. Interest on Overdue Accounts

Section 1: Institutions may, pursuant to an institutionally adopted rule, charge nine percent interest on all liquidated debts that are past due. A liquidated debt is one in which the amount owed is certain, e.g., a standard fee or a debt based on a promissory note.

Section 2: Where the institution so provides by administrative rule and a contract or note signed by the obligor so specifies, the institute may charge not more than 12 percent interest on the obligation evidenced by the signed note or contract.

Institutions may not charge interest under both Sections 1 and 2, above, simultaneously on a single obligation; in no event shall the institution charge more than 12 percent interest.

Institution rules may provide for interest charges to begin immediately following the date on which a debt becomes overdue or after a specified waiting period.

Resource Fee Policy

No new undergraduate one-time, universal or programmatic resource fees will be initiated after January 4, 2008.

All *universal* resource fees (technology, energy surcharge, registration, and student services) assessed to undergraduate students will be rolled into tuition no later than WINTER & SPRING TERMS 2011. Undergraduate students enrolled in the WOU tuition promise program that entered with the Fall 2007 cohort will be exempted.

Programmatic resource fees assessed to undergraduate students will be eliminated no later than Fall 2011 by: a) increasing tuition for all students in an amount equivalent to that generated by undergraduate resource fees; or b) by creating differential tuition for certain programs in accordance with the Differential Tuition Policy; or some combination of a) and b) above.

One-time matriculation resource fees will be replaced by an approved matriculation fee to be defined in the Academic Year Fee Book and assessed as a one-time charge for new students when they matriculate to an institution.

The disposition of universal and programmatic resource fees assessed to graduate students will be determined after further study by a subgroup appointed by the Provost Council and resolution of the impacts this change will have on the recruitment and retention of graduate assistants and related collective bargaining agreements.

Staff tuition rates and policies will be modified to recover lost resource fee income associated with these proposed policy changes as staff members currently pay a reduced tuition amount but 100% of all applicable resource fees.

Differential Tuition Policy

Differential tuition will be allowed in certain programs (as approved by the Board; however, it is understood that the initial conversion from resource fees to differential tuition would be allowed as part of this policy change) with the understanding that: 1) an amount equal to 10 percent of such differential tuition for undergraduate programs be earmarked for financial aid funding targeted to low-income students majoring in the program(s) assessing differential tuition, such that this does not become an impediment to degree choice (Note: in order to maintain revenue neutrality during the conversion if institutions choose to do this using fee remissions, this may

necessitate an increase in the tuition, over and above the amount of current resource fees); and 2) that after the initial transition institutions will need to submit the rationale for the need for differential tuition in accordance with the proposed differential tuition policy framework outlined below.

Universities may request OUS Board approval for differential tuition at either the undergraduate or graduate level subject to the following:

1. University(ies) considering differential tuition must develop a proposal for OUS Board consideration addressing the following criteria:
 - a. Quality of the student experience:
 - i. The proposal should address how differential tuition will substantially increase the quality of the learning experience for students and provide the basis for later opportunities that would not be possible without the differential revenues.
 - b. Access, affordability and student choice of undergraduate major:
 - i. The proposal for differential tuition for undergraduate programs must include a financial aid plan with a minimum of ten percent (10%) of the differential tuition set aside for need-based aid to be awarded to needy students enrolled in the program. The plan shall also include a college advising process that enables the student to anticipate future cost increases and (if necessary) seek additional aid to cover the differential amount over base tuition.
 - c. Cost of Instruction:
 - i. The differential tuition proposal must include a clear justification related to the variance in program cost, program demand and program graduate earnings potential compared to the funds that would be provided through base tuition.
 - d. Market Pricing:
 - i. There should be evidence that the differential tuition proposed is comparable to the student cost for similar programs at peer institutions such that the university is not placed at a competitive disadvantage in attracting the best students and that the differential tuition is appropriate to the national market. The proposal should address the elasticity of demand in its justification.
 - e. Student Consultation and Support:
 - i. All differential tuition plans must show evidence of extensive and thorough consultation with students who will be affected, both via student representative groups and via organized opinion gathering among the students that would be charged the differential.

Student Shared Governance Policy

Policy and Guidelines

I. PURPOSE

The Oregon University System (OUS) hereby endorses the concept and philosophy of shared governance between OUS institutions and the students of those institutions. The following policy statement provides a framework and principles to guide each campus' enactment of a campus-specific policy that sets forth the application of this principle to that campus' governance structure.

II. OBJECTIVES

- To recognize the value and importance of assuring students a voice in the educational process, particularly with respect to student life, services, and interests.
- To recognize students' rights to organize themselves and to select and recommend student representatives to a university governance structure.
- To encourage and facilitate student involvement in university decision-making.

III. PRINCIPLES

- A. Ultimate authority for the welfare of OUS and its institutions resides with the Oregon State Board of Higher Education. The Board has delegated (and may further delegate) aspects of that authority to the Chancellor (and/or the presidents) to assure efficient management of the System and its institutions.
- B. Many aspects of shared governance with the faculties of OUS institutions have a long and successful history.
- C. The intent of the current policy is to recognize the value of shared governance with the students of OUS institutions.
- D. It is the intent of this policy to establish a state level of support for student shared governance. It shall be the responsibility of each institution to identify the particular areas best suited for the application of this concept at the respective institution. Accordingly, students shall have the opportunity to participate, appropriate to their special knowledge and perspective, in decisions that relate to, but are not limited to:
 - 1. Academic grading policies
 - 2. Academic disciplinary policies
 - 3. Academic courses or programs to be initiated or discontinued
 - 4. Codes of student conduct
 - 5. Curriculum development
 - 6. Institutional planning
 - 7. Selection and appointment of student services administrators
 - 8. Tuition, fees, room and board rates
 - 9. University mission and vision

IV. IMPLEMENTATION

- A. Each institution shall develop written procedures to incorporate the principles of this Board policy.
- B. Each institution shall report the resulting procedures, evidence of implementation or, in the alternative, provide a report documenting how these principles of shared governance have already been incorporated into the institution's governance structure. The report shall be provided to the Chancellor, or his designee, by December 1, 2003.
- C. In developing the institutional report referenced above, each institution shall ensure appropriate input from and collaboration with the respective officially recognized student government association for that campus. For purposes of the report on student shared governance the respective recognized student government association shall be regarded as the appropriate liaison for student input.
- D. The presidents are charged with the responsibility of ensuring that the principles of shared governance with students are incorporated, where appropriate, throughout the university.

Adopted by the State Board of Higher Education on April 18, 2003.

HOUSING & BOARD RATES AND POLICIES

Rates and Policies

Residence halls are self-supporting auxiliary enterprises that furnish essential services to students and authorized persons attending educational activities supported by the institution. In addition to living quarters and meal service, residence halls provide counseling, advising, and social and recreational programs that augment the instructional programs. The rates of charge are established at levels that cover the cost of the service, including the proportionate share of the debt service associated with the residence hall and food service activities at the respective institutions.

Residence Hall rates are proposed annually by the institutions and approved by the State Board of Higher Education. The institutions establish fee policies related to housing, including length of contracts, installment payments, late fees, pro-ration of fees, and charges for vacation periods. The institutions also set rates for optional services such as telephones, refrigerators, and laundry.

A. Application Fee/Deposit, Cancellation, and Refund Policies

Application Fee/Deposit.....Up to \$150

An application fee, deposit or combination thereof, may be assessed. Rate policies, room reservation, cancellation, and refund policies are all established and approved by each institution.

Proration of Annual Charges by Term

Campus ^[1]	Fall	Winter	Spring
OSU, SOU, PSU, UO	34%	33%	33%
EOU, OIT	40%	35%	25%
WOU	35%	35%	30%

^[1] Proration includes room costs and food service overhead, but excludes actual food costs at all Oregon University System campuses except Eastern Oregon University.

B. Responsibility for Damages

The student is required to pay all charges for damages to institutional property and public areas for which the student is responsible in accordance with institution policy.

D. Family, Cooperative, and Miscellaneous Housing Rates

Each institution establishes the rental rates, room and board charges, and related deposits charged to student occupants of institution owned and operated family, cooperative, and miscellaneous housing.

E. Residence Hall Rates

The State Board of Higher Education has the legislative authority to set rates and reserves the right to modify charges during the year.

Admitted student: Applicant who is offered admission to a degree-granting program at an Oregon University System (OUS) institution.

Applicant (first-time, first-year): An individual who has fulfilled the institution's requirements to be considered for admission (including payment or waiving of the application fee, if any) and who has been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).

Application fee: That amount of money that an institution charges for processing a student's application for acceptance. This amount is *not* creditable toward tuition and required fees, nor is it refundable if the student is not admitted to the institution.

Application fee deferral: The application fee for first-time freshmen or transfer students may be deferred for students who meet specific requirements.

Continuous basis (for program enrollment): A calendar system classification that is used by institutions that enroll students at any time during the academic year.
