BACKGROUND

Every February, the Oregon State Board of Higher Education policy calls for approval of the following year’s undergraduate admission requirements for Oregon University System (OUS) institutions. This schedule is necessary for institutional planning, program implementation, publication production, and timely notice to prospective students.

Although high school diploma standards do not guarantee OUS entrance, the universities’ admission criteria are based on continued performance analysis and retention outcomes of students at each institution. The admission policy of each institution is designed to ensure appropriate preparedness and to increase the likelihood for retention and university graduation within four to six years.

In addition to regular university-specific admission criteria detailed in this document, each OUS institution conducts a comprehensive review of applicants who do not meet criteria, including a close look at non-cognitive factors and other predictors of university success. The comprehensive review is consistent with the Board’s desire to increase college access for currently underrepresented students. Students who successfully complete an Oregon high school diploma, but who are not admitted to OUS, are encouraged to pursue preparatory coursework and/or remediation at any of the Oregon community colleges. Community college partnerships to support these students are well developed among OUS institutions. Statewide legislative support for statewide P-20 initiatives has improved access to information about alternative pathways toward a baccalaureate degree for students who begin their postsecondary education at Oregon community colleges. A comprehensive electronic source, Oregon ATLAS (Articulation Transfer Linked Audit System), provides students with centralized public access to individual course and program articulation among all OUS institutions in Oregon.

RECOMMENDATION TO THE COMMITTEE

The OUS Provosts’ Council recommends that the Board’s Academic Strategies Committee approve the updated Undergraduate Admission Requirements for 2015-16 academic year, which includes sections on Regular Undergraduate Admission, Freshman Admission, and Transfer Admission.

COMMITTEE ACTION

The Oregon State Board of Higher Education’s Academic Strategies Committee approved the Undergraduate Admission Requirements for 2015-16 academic year on February 6, 2014.
Regular Undergraduate Admission Requirements

The following two charts summarize freshman and transfer admission requirements for 2015-16. Subsequent sections of the report provide more detailed information.

1 Minimum test scores are not set, but test results may be used during additional campus review processes. OUS schools may require a standardized writing exam. Students submitting the SAT exam will be submitting a standardized writing exam. Students submitting the ACT should submit scores from the optional writing examination.

2 OSU requires the Insight Resume.

All OUS institutions require two years of the same high school-level second language with a grade of C- or better, or two terms of a college-level second language with a grade of C- or better, or acceptable performance on proficiency-assessment options. Demonstrated proficiency in an American Indian language can meet all or part of the second language requirement, as certified by the governing body of any federally recognized tribe. American Sign Language meets the second language requirement. The second language requirement applies to transfer students graduating from high school or earning their GED in 1997 and thereafter.

All OUS institutions conduct more comprehensive reviews of applicants who do not meet the minimum required GPA for admission. Reviews include additional factors such as standardized test results, rigor of courses taken, review of writing sample or personal essays, non-cognitive factors, and other indicators that predict success in college. Academic performance is not the sole criterion for admission to an OUS university. A university may evaluate applicants’ behavior and background to determine
their ability to maintain the standards of academic and professional conduct expected at the university. An evaluation may take into consideration current behavior and performance as well as past experiences and actions. Meeting minimum qualifications for admission does not guarantee admission.

<sup>1</sup> Students who have earned between 12 and 36 quarter credit hours of college-level work (OIT, OSU, SOU, UO, and WOU) or 30 (EOU and PSU) meet both freshman and transfer admission requirements. Students who have completed fewer than 12 transferable quarter credits (or 8 semester hours) must meet freshman admission requirements.

<sup>2</sup> Applicants who obtain an Oregon Transfer Module or AAOT from an Oregon community college will be admitted with a 2.00 GPA.

<sup>3</sup> OIT: Transfer applicants who hold an Associate’s or a Bachelor’s degree will be admitted with a 2.00 GPA.

<sup>4</sup> PSU: Applicants who hold a transferable Associate’s degree will be admitted with a 2.00 GPA.

<sup>5</sup> SOU: Applicants who obtain an Associate’s degree from an approved partner institution will be admitted with a 2.00 GPA.

<sup>6</sup> Courses Required:

UO and WOU require Writing 121 or its equivalent with a grade of C- or better; and college algebra or higher with a grade of C- or better, or the equivalent of Math 105.

OSU requires Writing 121 or its equivalent with a grade of C- or better and college algebra or higher with a grade of C- or better. Exceptions are made on a case-by-case basis for students who have the equivalent of math 105 with a C- or better and who are pursuing majors where this is the minimum math requirement.
PSU requires Writing 121 or its equivalent with a grade of C- or better.

EOU requires successful completion of a minimum of two courses in the sciences, social sciences, or humanities. College-level writing and math are strongly recommended.

OIT requires demonstration of readiness for college-level mathematics and writing; for example, by completion of the equivalent of Math 95 Intermediate Algebra (or higher) and Writing 115 Introduction to Writing (or higher) with grades of C or better. Applicants who do not have an Associate’s or a Bachelor’s degree must have at least 33 college-level credits that are not in Physical Education. If more than 10 percent of an applicant’s credits are in Physical Education, credits beyond the 10 percent threshold will not be counted toward meeting GPA requirements.

Freshman Admission

To be admitted to freshman standing, students must fulfill each of the requirements (or alternatives) as specified in 1. through 4. below. Applicants failing to meet all of these requirements may receive a comprehensive review of their application that may result in an offer of admission.

1. High School Graduation

Accredited High Schools: To be considered for admission to an OUS institution, public high school, private high school, and private program (i.e., home schooled) students must graduate from a regionally accredited school or program.

Graduates of Unaccredited High Schools, Unaccredited Private Programs, or Schools with Descriptive, Qualitative Grading Policies

Applicants who will graduate from a school within this category must qualify for admission by meeting institutional SAT Exam/ACT requirements and have a minimum score of 470 on each of two College Board SAT Subject Tests (Math level I or IIC and another test of the student’s choice, in a subject other than math).

An examination in a second language is strongly recommended to qualify students for admission by meeting the language proficiency requirements. Students who do not take an SAT Subject test in a second language must prove language proficiency through another approved process.

1 Students with any college credit note Transfer Admission 1.

2 Accredited high schools are those that are reviewed and recognized by a regional entity, such as the Northwest Accreditation of Schools and Colleges, as meeting an appropriate level of academic rigor and support.

*** OSU requires the Insight Resume.

2. **Admission Tests (ACT and SAT)**

Applicants who have graduated from an accredited and/or standard high school within three years of OUS enrollment must submit scores on the SAT or ACT. Applicants should check with individual campuses regarding the need for writing portions of the SAT and ACT.

SAT Subject Tests are required for applicants who are graduates of unaccredited high schools, including home-schooled students.

Test scores are used:
- as an alternate means of meeting the GPA and/or subject requirements;
- to comply with the admission policy for graduates of unaccredited high schools;
- in selectively admitting qualified applicants; and
- for advising, guidance, and research purposes.

3. **OUS Subject Requirements**

Applicants must satisfactorily (grade of C- or better) complete at least 15 units\(^3\) (one year equal to one unit) of college preparatory work in the following areas.

**English (4 units).** Shall include the study of the English language, literature, speaking and listening, and writing, with emphasis on and frequent practice in writing expository prose during all four years. English as a Second Language (ESL)/English Language Learners (ELL) may be used to satisfy up to the first two units.

**Mathematics (3 units).** Shall include first-year algebra and two additional years of college preparatory mathematics selected from geometry (deductive or descriptive); advanced topics in algebra (through Algebra II), trigonometry, analytical geometry, finite mathematics, advanced applications, calculus, and probability and statistics, or courses that integrate topics from two or more of these areas. One unit is strongly recommended in the senior year. (Algebra and geometry taken prior to 9\(^{th}\) grade will be accepted.)

---

\(^3\) Minimum requirements for admission to UO include these 15 units. Students with one additional approved unit will receive strongest consideration at UO.
**Science (3 units).** Shall include at least one year each in two fields of inquiry based college preparatory science such as biology, chemistry, physics, or earth and physical science. Science courses that are “inquiry based” provide students the opportunity to apply scientific reasoning and critical thinking to support conclusions or explanations with evidence from their investigations. It is strongly recommended that two years be taken as a laboratory science.

**Social Studies (3 units).** Shall include analysis of societal issues and events. It is strongly recommended that study includes knowledge and use of geographic information, patterns of United States history, patterns of human history, structures and systems of US Government, and analysis of economic systems.

**Second Language (2 units).** Shall include two years of the same high school-level second language, or a C- or better in the third year of a high school-level language, or two terms of a college-level second language with a grade of C- or better, or satisfactory performance on an approved assessment of second language proficiency. Demonstrated proficiency in an American Indian language can meet all or part of the second language requirement, as certified by the governing body of any federally recognized tribe. American Sign Language meets the second language requirement. The second language requirement only applies to applicants graduating from high school or earning their GED in 1997 or later. If admitted as an exception, students failing to meet this requirement must complete it with a grade of C- or better or with two terms of the same college-level second language before earning a degree.
