5. JBAC Appointments – Karen Marrongelle
6. Dates for Future Provosts’ Council Meetings – All [2 enclosures]
7. Other Items

FYI

EOU has renamed the Business Administration/Economics degree to just Economics, dropping the business administration courses from the degree.

UO is changing the title for an existing master of law degree program from LL.M. in Environmental and Natural Resources Law to a general master of law degree (LL.M.) based on the same core courses and a selection of focused courses that are currently offered for the J.D., which LL.M. students can take.
