STATE BOARD OF HIGHER EDUCATION

MINUTES OF MEETING HELD IN
CARSON HALL DORMITORY, UNIVERSITY OF OREGON, EUGENE, OREGON

September 7, 1971

MEETING #398-1

A regular meeting of the State Board of Higher Education was held in the Carson Hall Dormitory, University of Oregon, Eugene, Oregon.

ROLL CALL

The meeting was called to order at 9:00 A.M., Tuesday, September 7, 1971, by the President of the Board, Mr. George H. Layman, and on roll call the following answered present:

Mr. George H. Corey
Mrs. Elizabeth H. Johnson
Mr. Philip A. Joss
Mr. John D. Mosser

Mr. John W. Snider
Mr. Loran L. Stewart
Mr. Edward G. Westerdahl II
Mr. George H. Layman

Absent: Mr. Robert D. Holmes was absent due to the death of Mrs. Holmes.

OTHERS PRESENT

Centralized Activities—Chancellor R. E. Lieuallen; Secretary R. L. Collins; Mr. Freeman Holmer, Vice Chancellor for Administration; Mr. J. I. Hunderup, Vice Chancellor for Facilities Planning; Dr. Milos C. Romney, Vice Chancellor for Academic Affairs; Mr. H. A. Bork, Consultant; Mr. D. R. Larson, Assistant Chancellor; Mr. Keith L. Jackson, Budget Director; Dr. George Diel, Director of Communications Development; Mr. John B. Leahy, Assistant Attorney General; Mr. Raymond P. Underwood, formerly Assistant Attorney General, now head of the Portland office of the Department of Justice; Mr. John Richardson, Assistant to the Chancellor; Dr. Carl G. Paetz, Director of Campus and Building Planning; Mr. J. Richard Pizzo, Director, High School Relations; Mr. Wayne Sims, Assistant to Vice Chancellor for Academic Affairs; Mr. Davis Quenzer, Budget Officer; Mr. Robert Rindfusz, Law Clerk, Department of Justice; Mr. Richard Zita, Director of Publications; Dr. Earl M. Fallet, former Secretary of the Board.

Oregon State University—President R. W. MacVicar; Mr. M. Popovich, Dean of Administration; Dr. David B. Nicodemus, Dean of Faculty; Dr. Roy A. Young, Vice President for Research and Graduate Studies; Dr. G. Burton Wood, Associate Dean and Director, Agricultural Experiment Station; Col. C. H. Blumenfeld, Executive Assistant to the President.

University of Oregon—President Robert D. Clark; Dr. Harry Alpert, Vice President for Academic Affairs; Dr. Ray Hawk, Vice President for Administration and Finance; Dr. David B. Frohnmayer, Special Assistant to the President; Dr. Gerald K. Bogen, Vice President for Student Services; Dr. John E. Lallas, Executive Dean; Dr. R. L. Bowlin, Dean, Student Personnel Services; Dr. Richard A. Littman, Vice Provost; Mr. William Korns, Director of University Relations; Mr. W. N. McLaughlin, Business Manager; Mr. H. P. Barnhart, Director of Housing; Dr. L. E. Ward, Professor of Mathematics; Mrs. Joann Youngblood, Assistant to Director of University Relations.
The Board voted to dispense with the reading of the minutes of the last regular meeting of the Board held on July 26, 1971, and approved them as previously distributed.
President Layman announced the following appointments to the Board's standing committees:

**Committee on Academic Affairs**
- Elizabeth H. Johnson, Chairman
- George H. Corey
- Robert D. Holmes
- Philip A. Joss, Alternate

**Committee on Finance**
- John D. Mosser, Chairman
- George H. Layman
- Edward G. Westerdahl II
- Loran L. Stewart, Alternate

**Committee on Buildings**
- Philip A. Joss, Chairman
- John W. Snider
- Loran L. Stewart
- Edward G. Westerdahl II, Alternate

**Committee on Public Service Activities**
- Robert D. Holmes, Chairman
- George H. Corey
- John D. Mosser
- Elizabeth H. Johnson, Alternate

Mr. Layman said that these appointments reflected a rearrangement of Committee assignments with at least one former Committee member retained on each of the previous standing committees. He indicated that each Board member is assigned to two standing committees with the exception of the President and Vice President who serve on the Executive Committee and also have other administrative responsibilities. Mr. Layman said that a hearing would be held later in the meeting on the proposed changes in the Administrative Rules with respect to the Executive Committee, and that if those changes were approved, a third member of the Executive Committee would be elected. (The changes were subsequently approved and Mr. George H. Corey was elected as the third member of the Executive Committee to serve with President Layman and Vice President Snider. This action is reported in detail later in these minutes.)

**1971-72 Traffic Control and Parking Regulations**
In accordance with the provisions of ORS 352.360 and 352.990, the Board of Higher Education approved regulations for the policing, controlling, and regulating of traffic and parking of vehicles on the property of several institutions on September 8, 1969, and modifications at subsequent meetings.

It was recommended that the following proposed amendments to the traffic control and parking regulations of several of the institutions of higher education be approved for the year 1971-72. Any service fee increases will be governed by the Presidential Order for the stabilization of wages and prices. Approval of the recommended rates would become effective only if permitted under the terms of the Order and related guidelines (not yet published). To comply with the State Administrative Procedures Act, notice has been sent to the Office of the Secretary of State that the Board will hold a public hearing on the regulations at its meeting on September 7, 1971.
Oregon State University

It was proposed to make minor wordage changes in the 1970-71 traffic rules and regulations. The following increases in fees for parking permits were proposed for the year 1971-72:

- Staff Permits: from $24 to $30 per academic year
- Limited Staff Permits: from $16 to $20 per academic year
- Student Permits: from $14 to $18 per academic year
- Residence Hall Permits: from $16 to $18 per academic year
- Division of Continuing Education Permits: from $2 to $3 per term
- Summer Term Permits:
  - Limited Staff: from $4 to $5
  - Staff: from $6 to $7

The full text is detailed in Appendix A.

University of Oregon

The following changes were proposed for the year 1971-72 in current traffic regulations (changes are underscored):

"Article VII - Enforcement"

1. Campus parking regulations are in effect 24 hours a day, seven (7) days a week, and are enforced by University Peace Officers and City Police Officers."

"Article X - Penalties for Offenses"

Monetary penalties, as specified below, may be deducted from student deposits, and faculty or staff salaries or other funds in the possession of the institution as provided by ORS 352.360 (2) as amended. In addition, other administrative and disciplinary sanctions may be applied as specified by the Student Conduct Code and subsequent University conduct regulations. Issuance of more than five (5) citations to an individual or vehicle (October 1 to September 30) shall be regarded as habitual violation and shall subject the violator to a fine of $5.00 for each violation in excess of five in addition to the fine assessed for the violations.

In cases involving repeat violations or where warranted by the immediate circumstances, vehicles may be towed and impounded at the discretion of the Officer, and thus subject to towing and storage fees in addition to penalties."

No change was proposed for the parking rates for the year 1971-72, but it was recommended that the following provision be incorporated in the 1971-72 traffic regulations:

"Lots 34 (Special)—Yellow with Purple Border—Reduced Fee lot. Designated lots in an area bordered on the south by 17th Street,
on the north by 15th Street, on the west by Apace Street, and on the east by Moss Street, have been designated as reduced fee lots:

a. Faculty/Staff (A-34)

The fee for the school year 1971-1972 (12 months) is $10; $7.50 for the second automobile registered and $7.50 for any portion of the summer session.

b. Student (34)

The fee for the school year 1971-1972 (12 months) is $5.00; $3.50 for the second automobile registered and $3.00 for any portion of the summer session.

Other 1970-71 traffic control regulations would continue in effect during year 1971-72.

Portland State University

It was proposed that coin box operation be initiated at several of the lots owned by Portland State University for the year 1971-72. The proposed charge is fifty cents per car per day from 7:00 A.M. to 5:00 P.M., and twenty-five cents per car per evening from 5:00 P.M. to 7:00 A.M., the same charge being assessed for present coin box operations.

Other 1970-71 traffic control regulations would continue in effect during the year 1971-72.

Eastern Oregon College

It was proposed that the 1969-70 parking regulations be reorganized for the year 1971-72. The major changes were in the Fee-Fine structure. Bicycles are to be registered and $1 permits are to be purchased.

The Fees and Fines proposed were:

<table>
<thead>
<tr>
<th>Parking Fee for 1-3 Terms</th>
<th>Fines for Each Violation</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Automobile</strong> ($7.50 for second car)</td>
<td><strong>Automobile</strong> $5 (Reduced to $3 if paid within 2 working days after citation issued)</td>
</tr>
<tr>
<td><strong>Motorcycle or Motorbike</strong> (increase from $1 to $2)</td>
<td><strong>Motorcycle or Motorbike</strong> $3 (Reduced to $2 if paid within 2 working days after citation issued)</td>
</tr>
<tr>
<td><strong>Bicycle (new proposal)</strong></td>
<td><strong>Bicycle</strong> $2 (Reduced to $1 if paid within 2 working days after citation issued)</td>
</tr>
</tbody>
</table>

The full text is detailed in Appendix B.
Southern Oregon College

It was proposed that the 1969-70 parking regulations be revised for year 1971-72. The following increases in fees were proposed:

- Faculty, Staff, and Student Commuter for first registered vehicle - from $1 to $15 per academic year
- Residence Hall students for first registered vehicle - from $1 to $10 per academic year
- Motorcycle and Scooter - from $1 to $5 per academic year
- Reserved Parking - from $18 to $27 per academic year

The full text is detailed in Appendix C.

Oregon Technical Institute

It was proposed to make minor wordage changes in the 1970-71 traffic rules and regulations for 1971-72. No change was proposed for parking rates.

The full text is detailed in Appendix D.

University of Oregon Medical School—University of Oregon Dental School

No change was proposed.

Oregon College of Education

No parking problems have been encountered and no parking regulations have been developed for 1971-72.

Board Discussion and Action

President Layman indicated that presentations in connection with the hearing on the proposed regulations were in order. There being no response to his request, the Board then discussed the recommendations.

Mr. Mosser questioned the imposition of a $1.00 parking fee for bicycles at Eastern Oregon College at a time when bicycle riding should be encouraged. He said a registration fee to defray the costs of a central registration and description of bicycles would be understandable as a service to the owners, but he questioned the wisdom of a parking fee which might discourage the use of bicycles.

It was stated that funds from the parking fee were to be used to provide bicycle racks. However, such a fee is apparently not charged at the other institutions even though bicycle racks are available on those campuses.
Mrs. Johnson said that perhaps the Board should be giving consideration to the construction of bicycle paths and traffic regulations for the use of bicycles. She suggested that a fee structure may be needed to provide funds for the construction of bicycle paths. Mr. Holmer responded that this has not been done as yet but that it might be necessary to consider this at some future time.

Upon motion by Mr. Mosser, the Board voted to delete the proposed bicycle parking fee of $1.00 and the fine of $2.00 from the proposed parking regulations for Eastern Oregon College. The Board then approved the proposed parking regulations as amended. The full text of traffic regulations as amended appears in the Appendix for Oregon State University (Appendix A), Eastern Oregon College (Appendix B), Southern Oregon College (Appendix C), and Oregon Technical Institute (Appendix D). All approved changes in traffic regulations for State System institutions have been filed with the Administration Division of the Secretary of State's Office.

Introduction of President Layman introduced Mr. Edward G. Westerdahl II, who was recently appointed to fill the unexpired term of Mr. Charles R. Holloway, Jr. Mr. Layman welcomed Mr. Westerdahl to his first Board meeting and indicated that he had had extensive experience in state government in the Executive Department and is now Executive Director of the Port of Portland. Mr. Layman also stated that Mr. Westerdahl is a graduate of Portland State University and has had experience in private business.

The Chancellor said that several circumstances had resulted in the report to the Secretary of State's Office that there would be a hearing on 1971-72 tuition and board and room charges at the September Board meeting. He said the wage-price freeze imposed by President Nixon had raised a number of questions about charges, particularly those related to tuition, board and room charges, and the salary structure in the State System. The Chancellor said that at a recent meeting of the Finance Committee it was proposed that the tuition for fall term be reduced by $7.00 on the assumption that this would be an amount approximating the reduced level of expenditures as a result of the fact that salary increases would not be permitted for 9-months' academic staff during the period of the wage-price freeze.

Mr. Mosser said that the recommendation of the Finance Committee by a vote of two to one was to conduct the hearing on tuition and fees and to recommend a reduction in fall term tuition by an amount that would be saved in faculty salaries under the wage-price freeze. It was indicated that this would be a reduction of approximately $7,000 in the fall term tuition. Subsequently, Mr. Mosser said he had received from the Governor a letter indicating that the Executive Department was unscheduling use of the amount of $375,000 estimated for salary savings until there has been a final determination on the whole subject of the wage-price freeze. The letter did commit the Executive Department to hold the savings either for further tuition reductions or for faculty benefits, but the funds will not be released for use until there is full clarification on the freeze and further information on State System and
State of Oregon budget balancing. Consequently, the Finance Committee recommendation for a tuition decrease from this source of funds cannot be implemented at this time.

However, Mr. Mosser said that when the 1971-72 level of tuition was set, an amount of $600,000 was included in budgeted expenditures for student work-study funds on the premise that sufficient federal funds would not be provided for the work-study program this year. Students would then be faced with both a large tuition increase and a drastic reduction in the availability of work-study opportunities to earn their fees. Since that time, more federal money has become available for the work-study programs. He proposed that the Board consider not disbursing the $600,000 for work-study but using it instead to reduce tuition by $4.00 per term for all three terms, or $12.00 for the year 1971-72.

One alternative would be to use the $600,000 as originally planned, thus building work-study funds up to a much higher level than they are at present and one which it might not be possible to sustain in the future. Another alternative would be to use $300,000 for the work-study program during each year of the biennium. It would also be possible to retain the $600,000 until the second year of the biennium and thus minimize the necessity for a tuition increase in the second year.

Board Discussion and Action

In response to a question from Mr. Westerdahl, it was indicated that there is little likelihood that federal work-study funds would decrease in school year 1972-73, and it is probable that there may be a substantial increase. It was stated also that if the $600,000 were used during year 1971-72 for the work-study program as planned, the institutions would want to have assurance of the continuation of funding during year 1972-73. It might also be difficult for the institutions to find students who are eligible on a financial need basis to utilize the entire $600,000 in addition to the federal funds which have become available for the work-study program since the State System budget was prepared for year 1971-72.

Mrs. Johnson commented that there have been reports that work-study jobs were available but unfilled because of the regulations and restrictions which limit the number of students who can qualify for the jobs. She suggested that a study of the operation of the work-study program would be desirable before additional funding is made available. She also called attention to the discrepancy in the levels of tuition between the public and private schools. The private schools have found it necessary to increase tuition substantially causing some students to shift to the public institutions. A decrease in tuition in publicly-supported schools serves to widen that gap.

Mr. Layman indicated that presentations in connection with the hearing on the tuition and fees were in order. Mr. Iain More, President of the Associated Students of the University of Oregon, said that he had a statement to present.
Mr. More said that he was concerned with two factors — the lack of leadership and misrepresentation of facts. He said that, in his opinion, the State Board of Higher Education had been somewhat lacking in leadership and asked if it had represented the interests of students before the Office of Economic Preparedness with respect to what the exemption of tuition from the freeze would mean to students.

Mr. More said he believed it was the duty of the members of the Board to represent students in this matter. He said students were facing an increase in tuition when their wages were not going to increase, and it was unlikely that they would get any retroactive salary payments after the 90-day freeze period. Mr. More commended the Board's Finance Committee for its recommendation to use the faculty salary savings to reduce tuition but said that the Board should protest strongly the Governor's decision to hold these funds pending further developments.

Mr. More stated he was disturbed also by a television report which informed the community that the students were not being hurt because they were only paying a net additional $10 because of the reduction in dormitory fees. He said this misrepresented the situation because only 13 percent of the students live in the dormitories and the others are not affected by the reduction in dormitory fees.

Mr. More presented the following recommendations:

1. That the original recommendation of the Finance Committee to reduce tuition for fall quarter of 1971 by an amount of $7 be applied also to the winter quarter, and that any Executive Order that might contravene the reduction be objected to in the strongest possible terms;

2. That $300,000 of the surplus of $600,000 designated for the work-study program be applied as a reduction in tuition for 1971-72, with the remaining $300,000 to be applied to the second year if the level of federal work-study funds is maintained; and

3. If there is an increase in federal work-study money for 1972-73 which is not needed, that that increase also be applied to reduce tuition in the second year of the biennium.

Mr. More said it was his own personal intention to ask the student senate at the University of Oregon to reduce the incidental fee by $3.50 either in the fall of 1971, or the winter quarter of 1972. He said that was the amount of the increase in the incidental fee and the reduction would be in accordance with the spirit and intention of the freeze.

In response to a question concerning student preferences for additional work-study funds versus a lowering of tuition, Mr. More said that he would be particularly interested in achieving some stability in the level of tuition for the two years of the biennium. He said also that he would prefer to have the work-study funds distributed during both years of the biennium because he believed this would be helpful in keeping the tuition level consistent for the two years.
Mrs. Johnson commented that tax changes at the federal level may create serious financial problems in Oregon because the Oregon income tax is tied to the federal income tax. She also said that students represent only one segment of the general public which is unable to predict cost increases and that all citizens face a certain amount of uncertainty with respect to increases in costs.

Mr. Mosser said that he did not think television and newspaper coverage of the student tuition rates was intentionally misleading but that sometimes reports are not completely clear.

Mr. Mosser quoted from Governor McCall's letter which indicated that the salary savings resulting from the President's wage and price freeze order would be reserved unscheduled pending the receipt of a definitive program to finance the activities in the State System of Higher Education during the current biennium and to eliminate any deficit resulting from changes in the financial situation since the 1971-72 operating budget was prepared. It was stated that if it is found that the operating budget is balanced without use of the salary savings, the funds would then be released with the express understanding that they be used for the reduction of tuition in the winter and spring terms of 1971-72.

Mr. Mosser said that he did not think this was an unreasonable position, especially in view of the fact that the financial picture should be much clearer within the next few weeks.

Mr. Mosser commented also that private education has severe problems but that he did not think the Board should raise the cost of public education to the point where it becomes private education in order to keep the private institutions in existence.

Mr. More said that he did not think that the Governor's letter necessarily indicated that the salary savings would be used for tuition reduction because it had already been suggested that perhaps a portion of these funds might be used for security expenditures.

It was moved by Mr. Mosser to reduce tuition rates, as approved at the July 26, 1971, Board meeting, in the amount of $4.00 per term for the 1971-72 school year and to remove the previous allocation of $600,000 for work-study as apparently unneeded. (The tuition and fee schedule as originally approved, appears in the item "Tuition and Fees for 1971-72 Academic Year," beginning on page 561 of the minutes of July 26, 1971.) It was understood also that appropriate changes would be made by the Chancellor's Office in the hourly rate tuition rates to reflect the fee reduction shown above. These changes in tuition are reflected in the September 8, 1971, edition of the booklet Oregon State Board of Higher Education, Tuition, Fees, Board and Room Charges and Married Student Housing Charges.
Mr. Corey asked whether the $600,000 for work-study would have been placed in the budget for work-study programs if it had been known that federal funds were going to be available for this purpose.

Mr. Mosser replied that he personally would not have moved to change tuition to the level at which it was set in July if the work-study funds had not been placed in the budget. Since adequate work-study funds are now available from the federal source, he said he was proposing to adjust tuition to the lower rate.

The Board approved Mr. Mosser's motion as presented.

Introduction of Mr. Leahy

Mr. Layman introduced and welcomed Mr. John B. Leahy, who was recently appointed Assistant Attorney General and Chief Counsel for the Department of Higher Education. He said that Mr. Leahy was formerly District Attorney for Lane County.

Board and Room Charges and Married Student Housing Charges

Mr. Mosser reported that the Finance Committee recommended that student board and room charges be held at the 1970-71 rates. This amounts to a reduction from the proposed rate of $60 per year, distributed as follows: Fall quarter, $27; Winter quarter, $18; and Spring quarter, $15.

Mr. Mosser stated that this action probably was not required under President Nixon's guidelines because substantial deposits already had been collected at the new dormitory rates prior to the imposition of the freeze. However, the Board had instituted a study to see if some reduction could be made based upon a change in the debt service reserve ratio, and a reduction appears to be feasible.

Mr. Holmer reported that information now available for married student housing operation would indicate that rental charges for apartments also could be cut back to the 1970-71 rates. Since collections have been made for July and August at the new rates, it was recommended that the reduction be made effective September 1.

Board Discussion and Action

The Board approved a motion by Mr. Mosser that the board and room rates and married student housing charges be held to the charges prevailing in 1970-71, with the action on married student housing to be effective September 1, 1971. The effective rates are shown on the following pages.

**Note:** The above rates are effective as of September 1, 1971.
Mr. Mosser said that the Finance Committee had made no recommendations with respect to the incidental fee because that portion of the budget was determined by the students and the institutional executive at each institution, and any changes should be initiated by the institutions.

It was indicated that action had already been taken with respect to parking fees but that any increases would not go into effect until there is a modification of the wage-price freeze.

The Chancellor said that the Board meeting plan followed for the past several years, has called for at least one meeting each year on each campus. A principal objective, in addition to the conduct of Board business, has been to familiarize the members of the Board with the physical and academic environments of the several campuses and to acquaint them with the unique characteristics of each institution. An additional objective was to establish closer links between the members of the Board and the personnel at each institution.

Experience has revealed, however, that the urgency of Board business has dominated the trips to the campuses and the additional objective of relating the Board members to the individual institutions has not been fully achieved.

It is anticipated that this latter objective can be achieved more effectively by planned campus visits by members of the Board at times when the attention of both the members of the Board and the institution is not diverted by urgent Board business.

It was suggested, therefore, that members of the Board, in groups of three and four, should plan annual campus visits at times unrelated to regular Board or Board Committee meetings.

If the Board were to approve the above suggestion without any change in the schedule of Board meetings, each member of the Board would be required to spend much more time on Board of Higher Education business than he now spends. To avoid any substantial increase in time spent on Board business, it was recommended that, if the plan of campus visits is approved, the frequency of regular Board meetings also be changed from a meeting each six weeks to a meeting each two months.

It was indicated that the pattern for meetings of Board committees, mid-way between Board meetings, calls for most Board members to be in a central place during a two-day period, and, if an urgent matter required Board attention, would permit special meetings at little additional cost in time or money.

Further, the longer period between meetings would enable Board's Office and institutional staffs to prepare more thoroughly for the Board and Committee meetings.
Furthermore, if the suggested pattern of campus visits were approved, it should be less urgent that the regular Board meetings be held on the several campuses. Significant dollar savings, more than enough to pay for the campus visits, could be made if the Board and Committee meetings were held in the Willamette Valley. In addition, the saving in the time of institution and Board's Office personnel, otherwise devoted to travel to and from meetings, would be considerable.

It was recommended, therefore, that, if the campus visits and changed meeting schedule were approved, all Board and Committee meetings be held in Portland.

It was noted that if the Board meeting schedule were revised as suggested, it would be necessary to amend AR 10.205 Regular Meetings. No other section of the Administrative Rules would be affected.

**Board Discussion and Action**

Mr. Stewart moved that the three recommendations be approved, with the understanding that the campus visits actually would be scheduled and accomplished.

Mrs. Johnson commented that in acting upon these proposals the Board must keep in mind the question of the role of the Board of Higher Education. She said the recommendations would reduce the number of times that the Board meets as a whole to consider policies.

Mr. Layman said that if the proposals were adopted, there would no doubt be a schedule prepared by the Chancellor in consultation with the Board and that the plan would increase the contacts with the institutions and make its role as a governing board more meaningful.

Mr. Corey said that the cost factor and the opportunity for greater contact at the institutions made these proposals desirable. He suggested, however, that the results of the plan be reviewed after it has been in operation for a year.

The Board approved the recommendations as presented.

**Branches of the Agricultural Experiment Station**

The Chancellor reported that the 1971 Legislative Assembly, in making its biennial appropriation to the Agricultural Experiment Station, included language in the accompanying budget notes directing the Station to close two of its branches during the 1971-1973 biennium and to develop plans for submission to the 1973 Legislative Assembly "regarding the phase-out of additional ones." In recognition of anticipated budget savings, the authorized expenditure level and the state appropriation were reduced by $141,335.

The Chancellor said the actual decision to require the closure of two branch stations was reached during the closing days of the 1971 Legislative Assembly and the available time did not, in his view, permit sufficiently careful review of the alternatives to provide
assurance that the decision clearly was in the public interest. More importantly, the implicit decision to close the Redmond and Moro branches (the budget reduction equaled the sum of the proposed budgets of those two branches) did not take into full account the possibilities of other branches being closed or modified as alternatives to the Redmond and/or Moro branches, nor did it permit the exploration of other alternative ways of achieving the necessary budget saving.

In response to the action of the Board of Higher Education at the July meeting (requesting a report on possible alternative courses of action to achieve the required budget saving), President MacVicar was asked to study the problem with his staff and submit a report to the Chancellor. The Chancellor then met with President MacVicar, Dean Cooney, and Dr. Foote to review the draft of the report.

On the basis of that report and review, the Chancellor recommended that the Board of Higher Education authorize Oregon State University to make adaptations in its Agricultural Research program which may not be in strict conformity with the budget notes accompanying the 1971 Legislative Appropriation Act. Specifically, he proposed that the Redmond and Moro branches not be closed during the 1971-1973 biennium and that during the 1971-72 year careful review be made of the operation of all branch stations and their relation to the central station in Corvallis. Recommendations resulting from that review would be submitted to the Board.

The Chancellor said it was assumed that, during 1972-73, the possibility existed that one or two other branch stations (other than Redmond and Moro) would be recommended for closure. In any event, the necessary budget savings ($141,335) would be effected. It was further recognized that if the Board does not close at least two branch stations during the 1971-1973 biennium, the Board would be in technical violation of legislative intent as expressed in the budget notes.

The Chancellor called attention to the fact that the budget notes speak of plans "regarding the phase-out" of additional branches. He said that the language appeared to recognize the possibility that the "plans" will call for no further closures.

Board Discussion and Action

Mr. Mosser said that he was sympathetic to these recommendations but that they probably differed too greatly from the legislative intent. He said that in his opinion there should be a study of the branch station after which the Board should be prepared to go to the next session of the legislature with either a program for phasing out those stations which are least valuable or strongly defending them if they are valuable. He said consideration should be given to the possibility of combining some of the extension work with research so that there might be some combinations of personnel to serve both research and extension throughout the state. Mr. Mosser stated that the legislature
has required two things: (1) the reduction in the budget of $141,335; and (2) closure of two stations. He said that he would propose that the required savings be made and that the closure of the stations be scheduled before the spring planting season of 1973. This would give the 1973 Legislature ample time to reconsider whether these stations should be closed and would still comply with the legislative intent. He said he would not want to go to the next legislature and say that no plans had been made for closing these stations.

Mrs. Johnson stated that the budget decision on the experiment stations had been made rather suddenly primarily on the basis of a priority listing by Oregon State University, which listed the stations by budget and by one-man stations. The budget reduction specified by the Ways and Means Committee coincided with the budgets of the stations at Moro and Redmond, but there was no opportunity to consider the research being done at those stations or the feasibility of carrying on the research in another location. She pointed out that soil and weather conditions in Central Oregon differ from other parts of the state and that the research at Redmond and Moro is of great importance to the farmers of that region. Therefore, she urged the Board to approve the Chancellor's recommendations to leave the stations open, and she suggested that the managerial and administrative expertise in the State System be used to determine the best ways of saving the required amount.

Mr. Corey said that if the report recommended by the Chancellor were available within the next few months, there perhaps would not be even a technical violation of the legislative directive. Mr. Corey moved the adoption of the recommendations of the Chancellor.

Mr. Westerdahl indicated that he would be opposed to the adoption of the recommendations as written because they implied that possibly no stations would be closed. He said he would prefer the Board to adopt the concept of reducing the expenditure as required in the most logical places, based upon management decisions, and letting Oregon State University develop the program. In addition, Oregon State should be directed to close two stations or to come back to the Board with a statement as to why no stations can be closed. The Board could then report back to the Emergency Board or to the Legislature. The timing of the closures could also be such that the legislature could reconsider this decision.

Mr. Mosser said that the Emergency Board should not be asked for a decision because this would put the Emergency Board in the difficult position of being asked to reverse a decision of the entire legislature.

Mr. Mosser then presented the following substitute resolution: That the Board live with the budget reduction of $141,335 for the experiment stations for the 1971-1973 biennium; that it schedule for closure two stations on or before June 30, 1973; that there be an appropriate report by Oregon State University to the Board by September 1, 1972, considering programs in all experiment stations, preparatory to Board recommendations to the 1973 Legislature.
Dr. MacVicar was asked to comment on the recommendations and the substitute motion as presented. He said either the Chancellor's recommendations or the substitute motion would be satisfactory to Oregon State University and that it might be wise to recognize that the action concerning the experiment station budgets was taken by the entire legislature. He said that the review required in Mr. Mosser's motion would give Oregon State University the directive which it needed to assure the citizens of the two affected areas that there would be no peremptory action, but it would still comply with the legislative intent.

The Board then adopted Mr. Mosser's substitute motion by a vote of four to two. Mr. Corey and Mrs. Johnson voted against the motion. Mr. Westerdahl was absent from the room at the time of the voting.

The Chancellor reported that preliminary information indicates that fall term enrollments will probably exceed the budgeted enrollment estimates by 180 to 200 students.

Admission Policies

The Chancellor said that if any changes in admission policies are to be made for the fall term, the State Board of Education is usually notified at the time of the joint meeting with the Board of Education in September. The Chancellor recommended that the Board affirm for 1972-73 the admission standards which existed for 1971-72.

Mrs. Johnson asked whether the tendency for high schools to shift to more nongraded courses would necessitate a change in admission requirements. The Chancellor responded that some complications would result from this trend, but that for 1972-73 the problems would not be insurmountable. He referred to alternative ways for students to gain admission which could be used if necessary.

Dr. Romney indicated that institutional representatives have been studying the question of the effect on admissions if high schools do move to a substantial pass-no-pass basis of grading. He noted that several standard college entrance examinations are being given at the present time or are under consideration as a possible means of meeting the entrance requirement.

The Board approved the Chancellor's recommendation that the admission standards for 1972-73 remain the same as those in effect for 1971-72.
The following amendments were recommended by the Chancellor following consultation with Chief Counsel Ray Underwood who has approved the form of the proposed changes. The office of the Secretary of State had been notified of the proposed changes and notice of the hearing by the Board was published in the Administrative Rules Bulletin.

1. Amend AR 10,110 to read as follows:

   **10,110 Officers**

   The officers of the Board shall consist of the President, the Vice President, the Secretary and the member of the Executive Committee elected by the Board as provided in Section 10,150.

2. Amend AR 10,130 to read as follows:

   **10,130 Office Vacancies**

   In the event of a vacancy in the office of the President of the Board, the Vice President shall become President of the Board until an election is held to elect a new President.

   In the event of a vacancy in the office of the Vice President, the office shall remain vacant until an election is held to elect a new Vice President.

   In the event that a vacancy occurs in the office of the President when the office of the Vice President is vacant, the member of the Executive Committee elected by the Board as provided in Section 10,150 shall succeed to the office of the President of the Board until an election is held to elect a new President.

3. Amend 10,135 to read as follows:

   **10,135 Absence of Officers from Meetings**

   In the event that neither the President nor the Vice President is able to attend any duly-called meeting of the Board, the member of the Executive Committee elected by the Board as provided in Section 10,150 shall serve as President pro temp for that meeting.

4. Amend AR 10,150 to read as follows:

   **10,150 Executive Committee**

   The Executive Committee of the Board shall consist of the President and Vice President of the Board, and a Board member elected by the Board to serve as a member of the Committee.
The Executive Committee shall have the following functions:

1. It shall take final action for the Board in such matters as may be specifically referred to it by the Board with power to act.

2. Between meetings of the Board the Executive Committee shall act for the Board in minor or emergency matters, subject to approval of the Board at its first subsequent meeting.

Board Discussion and Action

President Layman indicated that presentations in connection with the proposed requirements were in order. There being no response to his request, the Board approved the recommendations as presented.

Election of Mr. Corey to Executive Committee

Mr. Layman said that nominations were in order for the third member of the Executive Committee in accordance with the amendment in the Administrative Rules which had just been approved.

Mr. George H. Corey was nominated as the third member of the Executive Committee. There being no further nominations, the Board voted to close the nominations and instructed the Secretary of the Board to cast a unanimous ballot for Mr. Corey.

Implementation of Chapter 566, Oregon Laws 1971, will be effective on September 9, 1971. A copy of Chapter 566 is attached. The following Board actions were recommended by the Chancellor following consultation with Assistant Attorney General Ray Underwood, who has advised that the proposed actions would not modify the present Administrative Rules of the Board.

It was recommended that the Board authorize the Chancellor to have prepared the proposed regulations authorized by the provisions of Chapter 566 for consideration by the Board's Academic Affairs Committee at its scheduled October 4, 1971, meeting and for the subsequent consideration thereof by the Board at its scheduled October 25, 1971, meeting. It was recommended that the Board's consideration of the proposed regulations at its October 25, 1971, meeting be conducted as a public hearing to be announced prior to the meeting in the Department of State's Administrative Rule Bulletin in compliance with the new Administrative Procedure Act (Chapter 734, Oregon Laws 1971).

Also, it was recommended that the Board, at its September 7, 1971, meeting, approve the continuance in effect of the existing institutional rules on the availability of student and faculty personal records until the Board shall adopt regulations pursuant to the provisions of Chapter 566, Oregon Laws 1971, provided, however, that during the interim period after September 7, 1971, the present institutional rules can be continued only in accordance with the provisions of Chapter 566, which specifically except records of academic
Meeting #398-21

September 7, 1971

achievement and records more than 25 years old, from the protection provided by Chapter 566 from public scrutiny under ORS 192.030.

Board Discussion and Action

The Board approved the recommendations as presented.

Report of Bids and Contract Award for Bio-Social Research Facility, UO

In view of the receipt of satisfactory bids on July 20, 1971, for the construction of the proposed Bio-Social Research Facility at the University of Oregon and in view of the action of the State Emergency Board on July 30, 1971, in authorizing the expenditure of grant funds for this project within the budget limitation indicated within Chapter 709, Oregon Laws 1971, a contract award was made to the low bidder and the following post-bid budget was approved:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Direct construction costs:</td>
<td></td>
</tr>
<tr>
<td>S. F. Wilson Construction Co., Eugene</td>
<td>$196,332</td>
</tr>
<tr>
<td>Compound site work and landscaping</td>
<td>15,000</td>
</tr>
<tr>
<td><strong>Subtotal</strong></td>
<td><strong>$211,332</strong></td>

</tr>
<tr>
<td>Contingencies</td>
<td>3,927</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$246,000</strong></td>
</tr>
</tbody>
</table>

The bids which were received from eight prime contractors ranged from the low of $196,332 to a high of $209,345, including several additive alternates exercised.

For the revised gross area of about 4,350 square feet tabulated upon the completion of the final plans and specifications, the direct construction costs of $161,589 applicable to the building and fixed equipment, excluding exterior cages, walks, drives, landscaping and outside utilities, will average approximately $37.15 per square foot.

All of the funds required for the project are being provided from the Science Improvement Grant of the National Science Foundation.

Plans and specifications for the project were prepared by Architects Zaik/Miller/Butler of Portland. As indicated in the description of the project outlined in the minutes of the December 8, 1970, and April 30, 1971, meetings of the Board, the facilities will be located on a two and one-half acre site in the northeast sector of the University of Oregon campus, north of the Millrace and south of the Southern Pacific Railroad line.

RECAPITULATION UPON RECEIPT OF BIDS AND CONTRACT AWARD

Project - UO Bio-Social Research Facility

Architects - Zaik/Miller/Butler, Portland

Legislative authorization - Chapter 709, Oregon Laws 1971

Approximate gross area - 4,350 square feet

Financing plan:

- Federal grant funds from the National Science Foundation

Board Discussion and Action

The Board accepted the report as presented.

On June 9, 1971, a brief report was made to the Board concerning the receipt of satisfactory bids on May 19th for the construction of the third addition to the Science Building at the University of Oregon. It was indicated that a more complete report would be made when authorization to award contracts had been obtained from the appropriate legislative committees and the extent of federal participation had been determined by the granting agencies.

Following the action of the State Emergency Board on June 11, 1971, in releasing for expenditure the state funds which had been authorized for this project by the 1967 Legislature, and following receipt of notice of the concurrence of the Department of Health, Education, and Welfare, contract awards were made to the lowest bidders and construction was authorized to proceed within the limitation of a revised budget totaling $3,295,000, as follows:

Direct construction costs:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>General work - Waldo S. Hardie &amp; Son, Eugene</td>
<td>$1,179,450</td>
</tr>
<tr>
<td>Mechanical work - Temp-Control Corporation,</td>
<td></td>
</tr>
<tr>
<td>Portland and Eugene</td>
<td>779,883</td>
</tr>
<tr>
<td>Electrical work - Linnea Electric Co., Albany</td>
<td>309,420</td>
</tr>
<tr>
<td>Subtotal (per base bids)</td>
<td>$2,268,753</td>
</tr>
</tbody>
</table>

Add - Change order modifications approved simultaneaously with contract award to change heating of terminal units from electricity to hot water:

- Other change orders to restore some of the items omitted from the revised plans and specifications (estimated):

<table>
<thead>
<tr>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>65,620</td>
</tr>
<tr>
<td>73,627</td>
</tr>
<tr>
<td>$2,408,000</td>
</tr>
</tbody>
</table>

Total direct construction costs
Professional services fees $ 218,169
Furnishings and equipment 240,000
Alterations to existing Science facilities 250,000
Landscaping and other site work 60,000
Construction supervision and miscellaneous Physical Plant costs 70,671
Contingencies (2% of direct construction costs) 48,160
Total $3,295,000

The indicated total of $3,295,000 is $160,000 less than the expenditure limitation of $3,455,000 (exclusive of $400,000 for Phase II of the campus central cooling system handled separately), principally as a result of the probable reduction of the grant from the U. S. Public Health Service for the spaces relating to graduate instruction and research in biology. If the reduction in grant support is less, or if other resources become available, adjustments may be made by the appropriate Board officials in the amount budgeted for alterations to the existing Science facilities.

Plans and specifications for re-bidding the Science Building, Third Addition, were prepared by Architects Skidmore, Owings & Merrill, Portland. A complete description of the project was included in the minutes of the April 30, 1971, meeting of the Board when a report was made of the acceptance of the revised final plans.

RECAPITULATION UPON THE AWARD OF CONTRACTS

Project - UO Science Building, Third Addition and Alterations
Architects - Skidmore, Owings and Merrill, Portland
Legislative authorization - Chapter 404, Oregon Laws 1967
Board's priority - No. 3 in 1967-1969
Approximate gross area - 61,324 square feet
Estimated total project costs (excluding $400,000 for Phase II of Central Cooling System) $3,295,000

Estimated direct construction costs:
Total (including utility service connections, etc.) $2,408,000
Total (building and fixed equipment) $2,374,990
Average (per square foot) - $38.73

Tentative schedule:
Contract awards - June 1971
Completion - June 1973
Tentative financing plan:

- Federal grant under Title I of Higher Education Facilities Act of 1963, as amended: $299,222
- Federal grant from U.S. Public Health Service (subject to further revision): $1,062,000
- Building use credits: $92,500
- State Restoration Fund (from prior fire losses at UO): $167,104
- General Fund appropriation in Chapter 404, Oregon Laws 1967: $370,000
- General obligation bond borrowings under provisions of Article XI-G of Oregon Constitution: $1,704,174

Subtotal: $3,695,000

Less - Portion applicable to Phase II of Central Cooling System: $400,000

Net resources: $3,295,000

Board Discussion and Action

The Board accepted the report as presented.

Following action by the 1971 Oregon Legislature in re-authorizing various Physical Plant Utility Improvements at the University of Oregon, Engineers J. Donald Kroeker & Associates completed the final plans and specifications for the major extension of the utility system. These plans were accepted by the Board's Office inasmuch as they were in substantial agreement with the revised program approved by the Board on September 8, 1970.

Five bids for the project were received in Eugene on August 19, 1971, ranging from a low of $694,000 to a high of $828,864. A contract award was made to the low bidder, and the following budget was approved for the work contemplated within the expenditure limitation of $825,000 authorized by Chapter 709, Oregon Laws 1971:

Direct construction costs:

Utilities Extension - Valley Inland Pacific Constructors, Inc., Oregon City: $694,000
Less - Change order modifications (estimated) 35,000
Net: $659,000

Other work previously contracted or to be contracted for electrical service revisions, feed water pump, replacement of condensate return lines, etc. (estimated): $105,000

Total direct construction costs: $764,000
Meeting #398-25

Professional service fees, including portion of comprehensive utilities study (net of expenditures of $36,500 authorized by Chapter 664, Oregon Laws 1969) $32,176
Construction inspection and miscellaneous costs 13,544
Contingencies (2 percent of direct construction costs) 15,280

Total $825,000

Briefly, the work being undertaken under the contract for the utilities extension consists of the construction of approximately 2,200 feet of walk-through tunnel extending east and south of the central plant to connect with existing tunnels. Except for approximately 150 lineal feet of corrugated metal tunnel under Franklin Boulevard, the construction will be of reinforced concrete. The project includes piping for low-pressure steam, medium-pressure steam, pumped return and compressed air, as well as related work for connections to existing utilities.

RECAPITULATION UPON RECEIPT OF BIDS AND CONTRACT AWARD

Project - UO Physical Plant Utility Improvements

Engineers - J. Donald Kroeker & Associates, Portland

Legislative authorizations - Chapter 664, Oregon Laws 1969, and Chapter 709, Oregon Laws 1971

Board's priority - No. 3 in 1969-1971 and No. 2 in 1971-1973 (Educational and General Plant)

Estimated total project costs (excluding $36,500 for engineering planning in 1969-1971, of which $24,500 was financed from the General Fund appropriation in Chapter 664, Oregon Laws 1969, and the remaining $12,000 was financed from funds available for auxiliary enterprises) $825,000

Estimated direct construction costs:
Utility Extensions $659,000
Other work $105,000

Tentative schedule (Utilities Extension):
Contract award - August 1971
Completion - May 1972

Tentative financing plan:
General obligation bond borrowings issued under the provisions of Article XI-G of the Oregon Constitution $575,000
General obligation bond borrowings issued under the provisions of Article XI-F(I) of the Oregon Constitution and/or other balances available for auxiliary enterprises

</table>

Board Discussion and Action

The Board accepted the report as presented.

On March 9, 1971, the reviewed and approved the schematic design phase of planning for the proposed Parking Structure No. 2 at the University of Oregon Medical and Dental Schools and authorized Board officials to instruct the project engineers to complete the design development phase of planning. Subsequently, legislative authorization was obtained for the construction of these facilities within an expenditure limitation of $2,540,000 as part of the 1971-1973 capital outlay program to be financed from Article XI-F(I) bond borrowings and balances available for auxiliary enterprises.

Institutional officials and Engineers Rose & Breedlove, Inc., and Stevens, Thompson and Runyan, Inc., joint venturers, have filed with the Board's Office a copy of the design development phase of planning which conforms substantially with the earlier plans. There were a few minor modifications. In an effort to reduce the cost of the foundation and the retaining system of the adjacent north bank, the proposed structure would be elevated further above the grade of the site. This change would result in the top deck of the parking structure being approximately five feet higher than anticipated by the schematic design. Additionally, the elevator and stair tower to be located at the approximate mid-point on the north side of the structure has been modified in order to reduce the cost of the bank support system. To achieve aesthetic and functional design requirements at low cost for the open exterior walls, the spandrel beam sections would be raised to the railing level above each floor and the precast concrete floor beams would be suspended below. The exterior surfaces of the spandrel beams would be faced with "Marblecrete" (or similar material) to provide uniform texture and color, thus avoiding costs of special forming, rubbing and sacking or painting the cast-in-place concrete.

The six-level reinforced concrete structure is to be located west of the Dental School building and south of the Teaching Hospital with three points of access and exit from Campus Drive. A patron would be able to enter the top or the bottom of the structure and seek a parking space on any floor using the central two-way internal access. Also, an intermediate entry and exit would be provided at the third floor. Provision would be made for future vertical expansion of two more floors to increase the ultimate capacity of the structure to a total of about 1,070 spaces.
Of the revised initial capacity of about 791 spaces to be provided within the project, which is slightly less than the earlier estimate of 807 spaces, it is expected that approximately 641 would be for regular-size vehicles and about 150 would be for compacts. The net gain in parking spaces over the existing surface lot on this site would be 646 spaces.

Based upon the price level expected to prevail in October 1971 when bids may be solicited, the engineers have estimated that the direct construction costs for the new facilities would be approximately $1,911,550. This amount excludes the estimate of $215,000 for providing and installing a fourth elevator within a vacant shaft being constructed as part of the addition to the Teaching Hospital and modifying the control equipment on at least one of the three elevators in the existing hospital structure to provide express service between the first and tenth floors. This work was budgeted as part of the project total of $2,540,000.

The engineers have been authorized to proceed with the construction documents phase of planning for Parking Structure No. 2 within the direct construction cost allowance of $1,911,550 noted above. It is expected that the professional services relating to the elevator additions and modifications within the Teaching Hospital will be performed by Architects Edmondson, Kochendoerfer & Kennedy, and that this portion of the work will be accomplished by change order to the existing contract for the Teaching Hospital Addition and Alterations now in progress.

RECAPITULATION UPON COMPLETION OF DESIGN DEVELOPMENT PHASE OF PLANNING

Project - UOMS & UODS Parking Structure No. 2

Engineers - Rose’ & Breedlove, Inc., and Stevens, Thompson & Runyan, Inc., a joint venture, Consulting Engineers, Portland

Legislative authorization - Chapter 709, Oregon Laws 1971

Board's priority - No. 5 in 1971-1973 (Auxiliary Enterprises)

Approximate gross area - 250,658 square feet

Estimated total project cost $2,540,000

Estimated direct construction costs:
- Total (incl. elevator addition and modifications within Teaching Hospital) $2,126,550
- Total (structure and fixed equipment) $1,911,550
Average (per square foot) - $7.63

Tentative schedule:
- Bidding - October 1971
- Completion - August 1972
Tentative financing plan:
General obligation bond borrowings under provisions of Article XI-F(1) of Oregon Constitution and/or balances available from auxiliary enterprise operations $2,540,000

Board Discussion and Action
The Board accepted the report as presented.

Report of Allocations for Physical Plant Rehabilitation and Minor Capital Outlay, PSU

Pursuant to authority granted by the Board on December 8, 1970, the Chancellor has made the following allocations from the Board's reserve for physical plant rehabilitation and minor capital outlay for projects at Portland State University:

1. Acquisition from Portland Community College of the relocatable steel building adjacent to Shattuck School. This building contains a gross area of approximately 2,288 square feet and was erected in 1966 between Shattuck School and S. W. Broadway for temporary classroom and library use. It will be used as a service unit for Portland State University without extensive remodeling. $16,500

2. Purchase and installation of oil storage tank for boilers in Cramer Hall (supplementing an earlier allocation of $5,000 in 1969-70). 9,000

Total $25,500

Board Discussion and Action
The Board accepted the report as presented.

Lease with State Highway Commission for Land and Air Space under West End of Marquam Bridge, PSU

Arrangements have been made with the State Highway Commission for the use of a tract of approximately 0.55 acres under the west end of the Marquam Bridge in Portland for academic and recreational purposes at Portland State University. The lease would extend for a 25-year period and would include the following covenants:

1. The Board would make some improvements such as grading and paving, installation of curbs, landscaping, lighting, and minor building units.

2. The premises shall not be used for storage, dismantling or manufacture of any inflammable materials, waste materials, junk, scrap equipment or vehicles, and shall not be used for any purpose determined by the Highway Commission to be a potential fire or other hazard to the overhead highway structure.
3. If any taxes or assessments are levied on the real and personal property and improvements, the Board shall be responsible therefor. Furthermore, the Board shall pay for all utility services furnished to the premises and shall order and pay for such meter installations as are necessary.

4. The Board may charge fees to the faculty, staff and students for University activities conducted on the premises.

5. No access shall be allowed from the premises to the highway overhead structure. The use of the air space zone under the bridge, extending downward a distance of 20 feet from the underside of the bridge, is prohibited.

6. The Highway Commission specifically reserves the right to enter the premises for purposes of inspection and to determine compliance with the provision of the lease, to perform acts necessary or proper for the protection, preservation, maintenance, reconstruction and operation of the bridge and piers, etc. In the event of a national or other emergency, the Highway Commission may take possession of the premises and the leasing period shall be extended correspondingly.

7. The lease may be terminated by the Highway Commission upon six-months' written notice. In such event, the Board would be required to remove all buildings placed on the property without cost to the Highway Department. The lease may also be terminated or modified by mutual consent.

8. Other provisions, including non-discrimination clauses, assignments, etc.

Institutional officials have estimated that approximately $5,000 will be expended for the grading, paving, curbing, drainage and landscaping to be financed jointly from the Physical Plant budget and Educational Activities at Portland State University. The area would provide an opportunity for access to the Willamette River for instructional and research programs relating to water temperature and quality, etc., as well as to provide opportunities for recreational use.

It was recommended that the appropriate Board officials be authorized to execute the lease with the State Highway Commission for the use of the land and air space below the west end of the Marquam Bridge in Portland.

Board Discussion and Action

The Board approved the recommendation as presented.
Report of Acquisition of Land Under Urban Renewal Program, PSU

Pursuant to the disposition agreement for land entered into with the Portland Development Commission, as reported at the December 9, 1968, meeting of the Board, the fifteenth and sixteenth acquisitions of land have been consummated. The transactions (Nos. 1-71 and 2-71) consisted of the following:

1. One parcel in Block 270 involving 18,200 square feet at a total price of $84,250.
2. One parcel in Block 242 involving 10,000 square feet at a total price of $73,500.
3. One parcel in Block 267 involving 5,000 square feet at a total price of $36,805.
4. One parcel in Block 240 involving 5,740 square feet at a total price of $26,575.

Funds to finance the acquisitions will be provided from proceeds of the sale of the 1966 issue of Article XI-G bonds for acquisition of land in the area of development of Portland State University.

Board Discussion and Action

The Board approved the recommendation as presented.

Churchill Hall Remodeling, SOC

The capital outlay program authorized by the 1971 Legislature included $250,000 for various rehabilitation and remodeling projects, such as the renovation of the old Forestry Building at Oregon State University, the conversion of Oregon College of Education Todd Hall and portions of the University of Oregon Straub Hall from student housing into educational and general use, and such remodeling within Churchill Hall at Southern Oregon College as may be required when spaces used by the Music Department are vacated upon the completion of the new classroom building. To date, the only firm commitment from these funds which has been approved by the Board and the State Emergency Board is the $60,000 allocation for work within the old Forestry Building, supplemented by other institutional and Board resources.

Officials of Southern Oregon College have indicated that approximately $31,500 will be required for certain minimum remodeling within Churchill Hall. Of this amount, about $7,500 would be needed for revisions to a few rooms on the first and second floor levels which will be assigned to administrative offices, offices for the faculty in Theater Arts and general purpose classrooms. These reassignments will occur upon the completion of the new Classroom Building (Music) later this year. It was recommended that the funds required for this phase of the work be provided from the 1971-1973 capital outlay authorization.

The remaining $24,000 of the estimated rehabilitation costs relate to revisions within the west basement area for the relocation of the campus computer and the computer operating and management personnel. A portion of this basement space was used as a boiler room prior to the completion
of the south campus central utility plant, but the boilers have been removed and the space is available for reassignment. An adjacent area needs to be excavated to provide adequate space for the proposed computing center. The work would involve the relocation of telephone switchgear, new interior finishes, lighting, heating and air-conditioning, etc. It was recommended that the funds required for this portion of the work be allocated from the Board's reserve for physical plant rehabilitation and minor capital outlay.

At a later time, upon completion of the proposed new facilities for the education and psychology divisions, additional remodeling work will be required within Churchill Hall.

It was recommended that the appropriate Board officials be authorized to approve the plans and specifications, being prepared by the Physical Plant Department with the assistance of engineering consultants, for minor remodeling within Churchill Hall at Southern Oregon College and to proceed with such work utilizing funds in the total amount of approximately $31,500 from the Board's resources for rehabilitation noted above.

Board Discussion and Action

The Board approved the recommendations as presented.

Upon the recommendation of institutional officials, the Board's Office has accepted the construction documents phase of planning which Architects Campbell-Yost & Partners have completed for the proposed Classroom Building at Southern Oregon College authorized by the 1971 Legislature within an expenditure limitation of $2,260,000. These plans are in substantial agreement with the design development phase of planning approved by the Board on December 10, 1969, with only minor modifications. The gross area of the building has been increased from the earlier estimate of 46,534 square feet to 47,266 square feet because of the relocation of toilet rooms to the lower level below the stairs (thus allowing expansion of the lecture room on the main floor), slight changes in various teaching and clinic areas and a more accurate take-off at this stage of planning.

The proposed classroom, laboratory and office unit, to be assigned principally for education and psychology, would be sited in the Western portion of the campus, south of Siskiyou Boulevard and east of Mountain Avenue, in close proximity to the new facilities for music (now under construction and other units of the proposed fine arts complex.

The exterior of the two- and three-level building would feature reinforced concrete and brick bearing walls to blend in color and texture with other campus buildings. East of the main entrance and circulation hall, the structure would have three floors. The lowest level would contain the reading and speech and hearing centers, and the two upper levels would contain the administrative offices for the education and psychology divisions and the counseling center. The larger portion of the building
west of the circulation core would have two floor levels. The top floor would contain classroom and laboratory facilities and the lower level would provide the model classrooms, an early childhood education laboratory and a laboratory production center. A total of approximately 265 classroom and laboratory student stations and about 35 office stations would be provided within the facility.

Of the estimated total direct construction costs of $1,637,680, the architects have indicated that the amount applicable to the building and fixed equipment would be approximately $1,509,291, averaging $31.93 per square foot, and the remaining $128,389 would relate to outside utilities, landscaping and other site work.

Tentatively, it is expected that a request will be presented to the State Emergency Board on September 23-24, 1971, for the release of funds appropriated for the project so that bids may be solicited on or about October 7. Thereafter, if satisfactory bids are received, contract awards would be made for construction. The project would be financed from the General Fund appropriation in Chapter 709, Oregon Laws 1971 and/or bond borrowings issued under the provisions of Article XI-G of the Oregon Constitution.

RECAPITULATION UPON RECEIPT OF BIDS AND CONTRACT AWARD

Project - SOC Classroom Building
Architects - Campbell-Yost & partners, Portland
Legislative authorization - Chapter 709, Oregon Laws 1971
Board's priority - No. 8 in 1971-1973 (per listing of educational and general plant projects approved December 8, 1970)

Approximate gross area - 47,266 square feet

Estimated total project cost $2,260,000

Estimated direct construction costs:

Bidding - October 1971
Completion - January 1973

Tentative financing plan:
State funds (General Fund appropriation and/or Article XI-G bond proceeds) and offsets $2,260,000

Board Discussion and Action

The Board accepted the report as presented.
Upon the recommendation of institutional officials, the Board's Office has accepted the construction documents phase of planning which Architects Hewlett, Jamison and Atkinson have prepared for the proposed Classroom Building at Eastern Oregon College. This project -- formerly identified as the Education Building -- had been included in the capital outlay program approved by the 1969 Legislature but was deferred when the Emergency Board imposed a moratorium on state-financed construction in 1970. The facilities were re-authorized by the 1971 Legislature within a revised expenditure limitation of $2,000,000. It is expected that a request will be presented to the State Emergency Board on September 23-24, 1971, for the release of these funds so that bids may be solicited and contract awards made for construction.

The construction documents are in substantial agreement with the design development phase of planning approved by the Board on September 8, 1969. Some very minor rearrangements have been made to interior spaces and the gross area of the building has been increased from 39,500 square feet to 39,844 square feet.

The two-story reinforced concrete building would be located south of Ackerman Laboratory School, north of the present athletic fields near 8th Street and I Avenue. This site was contemplated within the long-range campus development plan. The facilities would serve the students and faculty in four divisions: (1) education-psychology; (2) mathematics - science; (3) humanities; and (4) social sciences - business.

The main floor would include two general purpose classrooms (fitted with folding partitions to accommodate smaller classes), a psychology laboratory and human learning laboratory, facilities for a speech and hearing clinic, a data processing laboratory, a model classroom for teacher training, a large (200-student station) lecture room sufficiently detached from the remainder of the building to permit use during evening hours and on weekends when other portions of the building may be locked, the mechanical equipment room and other related service areas.

The second floor would contain instructional laboratories for foreign languages, business education, business administration and statistics, offices for faculty and staff of the four divisions, conference/planning room, seminar rooms and related service areas.

A total of approximately 660 classroom and laboratory student stations and 48 office stations would be provided within the facilities. An elevator is planned for the movement of equipment and handicapped persons. Heating and cooling would be provided from the recently completed campus central utility plant.

The direct construction costs of the building and fixed equipment are estimated to be $1,360,495, averaging about $34,15 per square foot. These amounts exclude $192,544 budgeted for site preparation, utilities services, roads, walks and landscaping.

The Classroom Building would be financed from the General Fund appropriation in Chapter 709, Oregon Laws 1971, and/or bond borrowings issued under the provisions of Article XI-G of the Oregon Constitution.
RECAPITULATION UPON COMPLETION OF THE CONSTRUCTION DOCUMENTS PHASE

Project - EOC Classroom Building

Architects - Hewlett, Jamison and Atkinson, Portland

Legislative authorization - Chapter 709, Oregon Laws 1971

Board's priority - No. 11 in 1971-1973 (per listing approved December 8, 1970)

Approximate gross area - 39,844 square feet

Estimated total project cost (excluding $70,000 allotted for architectural planning during 1969-1971) $2,000,000

Estimated direct construction costs:

Tentative financing plan:

State funds (General Fund appropriation and/or Article XI-G bond proceeds) and offsets $2,000,000

Board Discussion and Action

The Board accepted the report as presented.

Pursuant to authority granted by the Board, arrangements have been made for the acquisition of the Johnston property located at 408 12th Street, La Grande, within the approved projected campus boundaries of Eastern Oregon College. The option price of $25,000 was slightly less than the appraisals obtained by the institution. The property contains approximately seven-tenths of an acre of land improved with a modern and well-landscaped single-family residence containing a full basement.

Inasmuch as the property is located within the area which the approved long-range development plan has designated for athletic facilities and related parking, funds to finance the purchase were provided from the proceeds from the sale of Article XI-F isl) bonds authorized by the 1969 Legislature.

Board Discussion and Action

The Board accepted the report as presented.
Meeting #398-35

September 7, 1971

Lighting

Improvements

for Faculty

Offices within

Residence Hall, OTI

To relieve some of the present congestion within faculty offices at Oregon Technical Institute, it is proposed that thirteen study-bedrooms and an apartment within one wing of the residence hall be converted to interim educational and general use pending legislative authorization for the construction of the new laboratory building or until other facilities become available. (The request for Laboratory Building II was assigned a very high priority in the Board's capital outlay program for 1969-1971 and again in 1971-1973, but the project was not approved by either the 1969 or the 1971 session of the Legislature.)

Consistent with the policies approved by the Board on July 26, 1971, the institution will pay rental to the housing department for this space. It is expected that the rooms—to be used as offices for 30 members of the staff—will not require much in the way of remodeling, but it will be necessary to install additional lighting fixtures at a cost of approximately $2,800. Consequently, it was recommended that the funds required therefor be allocated from the Board's reserve for physical plant rehabilitation and minor capital outlay.

Board Discussion and Action

In response to a question concerning the availability of dormitory accommodations, Mr. Hunderup indicated that neither the institutionally-operated residence hall nor Craig Hall near the campus were presently scheduled for full occupancy this fall. Therefore, the use of a portion of the campus residence hall would not deny any students an opportunity for a dormitory room.

Mr. Mosser said that he would not be in favor of the project because it introduced an element of traffic and faculty in the lounge area of the residence hall. He said he would not want to approve the project unless he knew that students had been consulted and they did not believe the proposed use would lessen the desirability of the dormitory for living space. Mr. Hunderup said students had not been consulted because school had not been in session, and indicated that this section of the building could be isolated for office use so that it would not disturb the operation of the residence hall throughout the whole structure. Mr. Mosser commented that even though there was a shortage of office space it would be preferable to wait until the students could be consulted.

In response to a question from Mr. Corey, Mr. Hunderup said that the space could be reconverted to housing if there should be a critical need for student housing later on. The proposed modifications are to provide additional lighting in one wing of the residence hall so that the rooms can be used for faculty offices which are critically needed.

The Board voted to approve the recommendation as presented. Mr. Mosser and Mr. Snider voted against the motion.
Pursuant to authority granted by the Board, arrangements have been made for the acquisition of two properties at Oregon State University which are located within the approved projected campus boundaries. A summary of these acquisitions follows:

1. **Koons property - 2820 N.W. Orchard Street, Corvallis**
   
The property consists of a lot containing approximately 5,500 square feet improved with a two-story building with full basement. The building has four one-bedroom apartments each with kitchen-dining room combination, living room and bath. It is in an area adjacent to the greenhouses between Cordley and Withycombe Halls and the land is expected to be used for educational and general purposes. The purchase price of $18,430 was in line with appraisals obtained by the institution. Funds to finance the acquisition were provided from Article XI-G bond borrowings authorized under Chapter 664, Oregon Laws 1969.

2. **Lemke property - 1917 S.W. Stadium Avenue, Corvallis**
   
The property consists of a lot containing approximately 5,000 square feet improved with a wood-frame three-bedroom house with single car garage. The purchase price of $8,875 was in line with appraisals obtained by the institution. The property is within the area designated for future parking and the funds to finance the acquisition were provided from the proceeds of Article XI-F(1) bond borrowings authorized by the 1969 Legislature.

**Board Discussion and Action**

The Board accepted the report as presented.

**Report of Bids and Contract Award for Horse Center Arena, OSU**

In accordance with authorization granted by the Board on April 30, 1971, Architects Morin-Longwood-Edlund prepared revised plans and specifications for the Horse Center Arena Building at Oregon State University, and these plans were accepted by the Board's Office. As adjusted to reflect four deductive alternates exercised when a contract award was made to the lowest acceptable bidder, the seven bids received on August 17, 1971, ranged from a low of $168,038 to a high of $186,549. (A bid of $143,978 was received from Milton L. Powell & Son Const., Eugene, but was withdrawn, without penalty, upon proof of an error.)

The following budget was approved for the arena portion of the Horse Center:

<table>
<thead>
<tr>
<th>Description</th>
<th>Cost</th>

</tr>
</tbody>
</table>
Of the expenditure limitation of $450,000 approved by the Board and the 1969 Oregon Legislature, the remaining $257,500 was budgeted previously for the construction of the feed barn, horse barn and research building, including related site work, as reported in the minutes of the April 30, 1971, meeting of the Board.

The redesigned arena building will contain a gross area of approximately 26,700 square feet and will be constructed with tilt-up concrete walls and a wood roof supported by glued-laminated columns and beams and trussed joists. It will be fully enclosed.

RECAPITULATION UPON RECEIPT OF BIDS AND CONTRACT AWARD

Project - OSU Horse Center Arena Building

Architects - Morin-Longwood-Edlund, Eugene

Legislative authorization - Chapters 599 and 627, Oregon Laws 1965, and Chapter 645, Oregon Laws 1969

Board's priority - No. 39 in 1969-1971 (Educational and General Plant)

Approximate gross area - 26,700 square feet

Estimated total project cost (arena building only) $ 192,500

Estimated direct construction costs:

Total $ 172,805
Average (per square foot) - $6.47

Tentative schedule (arena building only)
Bid opening - August 1971
Completion - December 1971

Financing plan:
General fund appropriation in Chapter 645, Oregon Laws 1969 $ 300,000
State Racing Commission receipts (Chapter 627, Oregon Laws 1965) 25,000
Self-liquidating bond borrowings or other balances available for auxiliary enterprises (Chapter 599, Oregon Laws 1965) 75,000
Gifts 50,000
Total $ 450,000

Less - Portion allocated for horse barn, feed barn and research laboratory, including related site work 257,500

Net (arena building only) $ 192,500

Board Discussion and Action

The Board accepted the report as presented.
On July 26, 1971, the State Board of Higher Education approved the granting of two easements to the City of Corvallis for construction of a sanitary sewer trunk line through the South Farm of Oregon State University. The sewer line would provide service to adjoining residences and other facilities in southwest Corvallis, and could be used by the University if improvements were made to the South Farm at some future time.

At the time of the earlier request, officials of the City of Corvallis inadvertently omitted requests for easements for the 6" lateral lines that would connect the various properties to the sanitary sewer trunk line. It was recommended that the appropriate Board officers be authorized to execute five easements to the City of Corvallis for the lateral sewer lines within the South Farm, with the understanding that the form of the documents shall be subject to approval by the Board's attorney prior to execution by the appropriate Board officers.

Board Discussion and Action

The Board approved the recommendation as presented. Mr. Mosser voted against the motion.

President Layman said that the case of Michael Papadopoulos, Petitioner, vs. the Oregon State Board of Higher Education has been pending in the Circuit Court of Marion County. (Dr. Papadopoulos, who was Professor of Mathematics at Oregon State University from 1967-68 through 1969-70 on one-year appointments, was not reappointed for year 1970-71.) President Layman said the Court had directed the Board to conduct a further hearing in accordance with the Administrative Procedures Act in order to go more fully into the factors in the case than had been done at a time when it was thought that the Board was not subject to the provisions of the Administrative Procedures Act. Mr. Layman explained that the first hearing by the Board was informal and at a lesser level than required by the Administrative Procedures Act. Consequently, as directed by the Marion County Court, a four-day hearing was held, at which time exhaustive testimony was given by the petitioner, Michael Papadopoulos, and the Board. The Board appointed a hearing officer to conduct the hearing in accordance with the rules and regulations established by the Board and the Administrative Procedures Act. The testimony of this hearing comprises 633 pages in four volumes, together with many exhibits. Mr. Layman said the matter has now come back to the Board on a report of the hearing officer, who made certain findings, certain conclusions and certain recommendations which were submitted to the Board with the entire record. Mr. Layman indicated that the majority of the Board has read all of this material and the Board is now in the same position legally as though all of the members had been present throughout all four days of the hearing.
Meeting 398-39

September 7, 1971

Mr. Layman stated that following the hearing and recommendations by the hearing officer, Dr. Papadopoulos filed exceptions to the findings, conclusions and recommendations of the hearing officer and these exceptions have been considered by the Board. Oregon State University officials filed with the Board a statement in support of the hearing officer's findings of fact, conclusions of law, and recommendations. At the September 7, 1971, Board meeting, prior to the Board's review of the case, Dr. Papadopoulos submitted a further statement supplementing his previous exceptions and responding to the document filed by Oregon State University. Mr. Layman said that all of these documents and reports were before the Board which now had the responsibility of making a decision. The case would then go back to the Circuit Court of Marion County for completion of the case in that Court.

Mr. Layman indicated that there was no further hearing to be held at the September Board meeting, but that the Board would consider the recommendations, the testimony and the exhibits and would reach a decision in its capacity as an administrative body exercising a quasi-judicial function.

Mr. Mosser moved the adoption of the first finding that the procedure followed by the Oregon State University administration concerning the nonrenewal of the appointment of Dr. Papadopoulos and concerning the denial of tenure to him complied with procedural due process in all respects. He said the Board earlier had made a determination to this effect but that it would be appropriate to renew that statement after review of the entire record following the hearing.

Mr. Layman commented that the term "procedural due process" was intended to mean that there was notice and hearing and an opportunity for the petitioner to be heard and to be represented by counsel.

Mr. Westerdahl requested permission to abstain from voting on any of the questions in connection with the case because he had just become a member of the Board and did not have any of the background on the issues. In the absence of any objection from other members of the Board, Mr. Layman excused Mr. Westerdahl from voting in the matters pertaining to the Papadopoulos case.

The Board approved the motion by Mr. Mosser to adopt the first finding as stated above.

Mr. Mosser stated that the second finding pertained to a question which had not previously been considered by the Board which was the review of the transcript to see whether there was substantive evidence to support the conclusions previously reached. He moved the adoption of the second finding that there was substantial evidence to justify the finding by the administration of Oregon State University that Dr. Papadopoulos did not comply with the standards of Oregon State University's School of Science for production of scholarly research.

The Board approved the motion by Mr. Mosser to adopt the second finding as stated above. Mr. Layman voted against the motion.
Mr. Mosser said that the Board had previously reviewed the issue which was raised in the hearing transcript that the decision had been based upon grounds which violated the First Amendment rights of the petitioner.

Mr. Mosser moved the adoption of the third finding that the administration at Oregon State University did not base its decision to deny Dr. Papadopoulos indefinite tenure and the renewal of his academic appointment on any conduct protected by the Constitution and laws of the United States of American and the State of Oregon.

The Board approved the motion by Mr. Mosser to adopt the third finding as stated above. Mr. Layman voted against the motion.

Based upon the three findings, Mr. Mosser moved that the decisions of Oregon State University not to grant indefinite tenure to Dr. Michael Papadopoulos and not to renew his academic appointment be affirmed.

The Board approved the motion by Mr. Mosser to affirm the decision of Oregon State University as stated above. Mr. Layman voted against the motion.

Mr. Layman stated that in voting against Finding No. 3, he was not saying affirmatively that Oregon State University did base its decision on conduct protected by the Constitution or the laws of the United States of America or the State of Oregon, but he was unwilling to make a specific finding in the negative. Since Mr. Layman voted negatively on Finding No. 3, he said that he could not vote affirmatively on the conclusion. There being no further comments from those present, the Board proceeded with the remainder of its agenda.

Although the final plans and specifications for the Earth Science Complex at Oregon State University had been accepted in June 1970, bidding for the project was deferred until the project was re-authorized by the 1971 Legislature. Funds appropriated therefor were released by the Emergency Board on July 31, 1971, with the understanding that approximately one-half of the project cost would be financed from the proceeds of bonds issued under the provisions of Article XI-G of the Oregon Constitution, and the remainder would be provided from the General Fund appropriations in Chapter 664, Oregon Laws 1969, and Chapter 709, Oregon Laws 1971.

The bids received in Corvallis at 8 P.M. on August 12, 1971, as adjusted to reflect two additive alternates exercised, may be summarized as follows:

<table>
<thead>
<tr>
<th>Class of Work</th>
<th>No. of Bids</th>
<th>Low Bid</th>
<th>High Bid</th>
</tr>
</thead>
<tbody>
<tr>
<td>General work</td>
<td>8</td>
<td>$1,233,900</td>
<td>$1,354,460</td>
</tr>
<tr>
<td>Mechanical work</td>
<td>4</td>
<td>499,890</td>
<td>576,813</td>
</tr>
<tr>
<td>Electrical work</td>
<td>5</td>
<td>171,365</td>
<td>196,684</td>
</tr>
</tbody>
</table>
Inasmuch as the sum of the lowest bids was considerably below the direct construction cost allowance and estimates of the project architects, Jeppsen, Miller & Tobias, Corvallis, contract awards were made and the following budget was approved:

<table>
<thead>
<tr>
<th>Direct construction costs:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>General work - Willis A. Hill, Inc., Salem</td>
<td>$1,233,900</td>

<td>171,365</td>
</tr>
<tr>
<td><strong>Subtotal</strong></td>
<td><strong>$1,905,155</strong></td>
</tr>
<tr>
<td>Change order modifications anticipated to restore cabinets and other items or work deleted prior to bidding (estimated)</td>
<td>62,000</td>
</tr>
<tr>
<td><strong>Total direct construction costs</strong></td>
<td><strong>$1,967,155</strong></td>
</tr>
</tbody>
</table>

| Professional service fees (net of $112,000 financed from 1969 General Fund appropriation) | 35,218 |
| Furnishings and equipment                                        | 100,000|
| Utility service revisions, including primary electrical distribution system study | 21,000 |
| Construction supervision and other Physical Plant costs          | 61,524 |
| Landscaping                                                      | 25,000 |
| Contingencies (2 percent of $1,905,155)                          | 38,103 |
| **Total project costs**                                          | **$2,248,000** |

The indicated total of $2,248,000 is $487,000 less than the expenditure limitation of $2,735,000 authorized by the Board and the 1971 Legislature.

As noted in the minutes of the June 9, 1970, meeting of the Board, when a report was made concerning the acceptance of the final plans, the gross area of the complex is approximately 57,740 square feet. The new facilities are to be located adjacent to the existing Oceanography Building and the recently completed Oceanography Addition at the northwest corner of 26th Street and Orchard Street. The main building will house the Geology Department on the basement and first floor levels and the Geography Department on the second floor level. This building was designed for reinforced concrete construction, using the lift-slab method. It will be faced with brick on the exterior of the first floor. One spare slab will be "parked" at the roof level for future expansion and the structural capacity is adequate to accommodate two additional floors if required.

North of the main building, a one-story lecture hall unit has been planned with separate outside entries so that it can be scheduled and secured independently of the main building. Basically, it will be of reinforced concrete construction with wood facing on the exterior of the north wall. The lecture hall will accommodate about 300 persons.

West of the main building, there will be a three-story reinforced concrete connector attached to the existing Oceanography buildings. This connector will provide additional space for the Oceanography Department, including an exhibit space and entrance lobby on the first floor and laboratory work space on the upper floors.
The project will also include the air conditioning equipment required for the existing and new facilities within this complex.

A total of approximately 824 student stations will be provided within the various classroom and instructional laboratories to be constructed, and approximately 82 additional office stations will be provided.

RECAPITULATION UPON RECEIPT OF BIDS AND CONTRACT AWARDS

Project - OSU Earth Science Complex

Architects - Jeppsen, Miller & Tobias, Corvallis

Legislative authorizations - Chapter 664, Oregon Laws 1969, and Chapter 709, Oregon Laws 1971

Board's priority - No. 16 in 1969-1971 (Educational and General Plant)

Approximate gross area - 57,740 square feet

Estimated total project costs (excluding $112,000 for architectural planning financed from General Fund appropriation in 1969) - $2,248,000

Estimated direct construction costs:
Total $1,967,155
Average (per square foot) - $34.07

Tentative schedule:
Contract awards - August 1971
Completion - November 1972

Tentative financing plan (exclusive of $112,000 appropriated by Chapter 664, Oregon Laws 1969):
General Fund appropriation in Chapter 709, Oregon Laws 1971 $1,124,000
General obligation bond borrowings under provisions of Article XI-G of Oregon Constitution $1,124,000
Total $2,248,000

Board Discussion and Action

The Board accepted the report as presented.

Delegation of Authority for Granting Certain Easements

Under the provisions of Section 60.160 of the Board's Administrative Rules, approved on December 8, 1970, "Authorized conveyances of all real property shall be approved by the Attorney General or his appointee, and executed by the President and Secretary of the Board. (See also ORS 351.150)." The referenced statute provides that all conveyances of real property owned by the State of Oregon for the benefit of institutions under the control of the Board shall be executed by the President and Secretary of the Board.

Inasmuch as easements have been interpreted traditionally as conveyances of interests in real property, individual requests for them have been
referred to the Board for approval or other action. The Board may wish to revise this procedure by granting general authority to the President and Secretary of the Board to execute certain easements, perhaps within the following guidelines:

1. The easement shall be recommended by the Chancellor or the Vice Chancellor for Facilities Planning and shall be in a form approved by the Board's attorney; and

2. If the property affected is within the approved projected campus boundaries (or the area of development of Portland State University), the easement shall relate only to underground utilities with appropriate access; or

3. If the property affected is not within the approved projected campus boundaries (or the area of development of Portland State University), the easement shall relate either to utilities or to rights of way for access to adjacent properties.

All other requests for easements would be referred to the Board for separate consideration, normally through its Committee on Buildings and Other Physical Facilities.

If these modifications in current procedures appear satisfactory, it was recommended that the Administrative Rules be revised accordingly following a public hearing at the Board meeting scheduled for October 25, 1971.

Board Discussion and Action

The Board approved the recommendation as presented. Mr. Mosser commented that one of the main considerations with respect to easements is whether they conform to the master plan or might change or interfere with it in the future.
CONDITION OF BOARD'S UNAPPROPRIATED FUND AND SPECIAL RESERVES
Estimated as of September 7, 1971, for Fiscal Year Ending June 30, 1972

Board Discussion and Action

The Board accepted the report as presented.

President Layman announced that the next regular meeting of the Board would be held on October 25, 1971, on the campus of Oregon Technical Institute. He also reminded the Board of the joint meeting with the State Board of Education and the Educational Coordinating Council in Salem on September 8.

Mr. Layman said that the Board Committee meetings preceding the October Board meeting were scheduled for October 4-5, 1971, at Portland State University. The specific date and time for each Committee meeting will be announced later.
COMMUNICATIONS, Mr. Layman said that Mrs. Robert D. Holmes had passed away September 6 after a lengthy illness. He asked Mrs. Johnson to present the following resolution:

Resolution
in Memory of
Marie Holmes

RESOLUTION
in Memory of
MARIE HOLMES

September 7, 1971

WHEREAS, Marie Holmes, wife of Board Member Robert D. Holmes and Oregon's First Lady during his term as Governor of Oregon, died on September 6, 1971, in Portland, Oregon, following an extended illness; and

WHEREAS, the death of Marie Holmes is a significant loss to the State of Oregon; and

WHEREAS, it is appropriate that there be public recognition for her contributions to Oregon and, particularly, its young people and its handicapped;

NOW, THEREFORE, BE IT RESOLVED by the Oregon State Board of Higher Education, in regular session at Eugene, Oregon, on September 7, 1971, as follows:

1. That members of the Board express publicly their deep sorrow upon her death;

2. That commendation be given for her service to the State of Oregon; and

3. That members of the Board express their sympathy to their colleague, Robert D. Holmes, and to other members of the family in their bereavement; and that a copy of this resolution be transmitted by the Secretary of the Board to Mr. Holmes.

Upon motion by Mrs. Johnson, the Board adopted the above resolution as presented.

Mr. Stewart asked the Chancellor about the status of the report on the study of tenure in the State System of Higher Education and when the report on the study could be expected. The Chancellor said that public hearings on this question will begin in the early part of fall term and that it is anticipated that the report will be made to the Board in March or April of 1972.
Mr. Stewart then commented on the need to determine any possible savings which could be made. He said duplication among the schools should be studied carefully and any unneeded courses dropped. He indicated he would be reluctant to approve additional courses without the corresponding removal of others.

Mr. Stewart said that to his knowledge the State Board of Higher Education has no measure or standard of productivity. He said he did not know what type of measurement should be used but that there should be some method of measuring whether the procedures being followed were the most efficient and economical.

The Chancellor said that the National Center for Higher Education Management Systems of the Western Interstate Commission for Higher Education is attempting to identify a measure of output in higher education which might be different from what has characteristically been the measurement of output, such as student credit hours or degrees granted. He said one of the areas in which higher education is least equipped to respond to this question is in identifying how many units of measure would constitute an expected level of production for faculty members.

The Chancellor said that the Board might wish to ask for a report which would attempt to refine work standards and some type of unit of measurement of production.

Mrs. Johnson said that it should be kept in mind that perhaps there might be some drastic changes in the kind of education which would necessitate different productivity standards.

The Chancellor said that the institutional executives and the faculties were concerned about measuring the effectiveness of instruction and were working on the problem.

The Board authorized the Chancellor to institute a study of work standards, new units of measurement for the output of higher education, and ways for more efficient use of faculty time or increased quality of instruction through the use of modern devices. The study should include any other factors which would improve the efficiency and quality of education.
The following gifts and grants to the institutions have been approved for acceptance and expenditure by the institutions and the Board's Office in accordance with Board action on January 27-28, 1964. It was recommended that the Secretary of the Board be authorized to make suitable acknowledgement to the donors and grantors. The Board approved the recommendation as presented.

**Oregon State University**

**Scholarships & Fellowships** Gifts totaling $8,730.72 from the following donors for scholarships and fellowships:

- American Legion Auxiliary, Dundee: $300.00
- Professor A. G. B. Bouquet, Corvallis: $100.00
- Canby Union High School Student Body, Canby: $100.00
- First Federal Savings and Loan Association, Klamath Falls: $250.00
- First National Bank of Oregon (Robert Johnson Research Fellowship): $866.72
- Kaiser Foundation Hospitals, Portland: $3,750.00
- Massachusetts Fund: $200.00
- Oregon Extension Homemakers' Council, Corvallis: $350.00
- Oregon Farm Bureau Federation, Salem: $150.00
- Oregon State University Foundation, Corvallis: $2,398.00
- Smith River Lumber Company, Inc., Drain: $166.00
- Soroptimist Club of Oakdale, Oakdale, California: $100.00

**Agency for International Development**

Grant of $362,973 from the Agency for International Development, Department of State, Washington, D.C., for research entitled, "The Control of Weeds in the Less Developed Countries," April 1, 1971, through March 31, 1972, under the direction of Dr. William R. Furtick, Professor of Agronomy.

**Brand S Corporation**

Gift of 15 sheets of 3/4" PTS Shop grade exterior plywood, valued at $150, from the Brand S Corporation, Corvallis.

**Douglas County**

Grant of $23,037 from Douglas County, Roseburg, "to carry costs of a study to determine potential alternatives for economic diversification in Douglas County for the years 1971 to 1985," July 1, 1971, through April 1, 1972, under the direction of Dr. Charles Gudger, Assistant Professor of Business and Technology.

**Environmental Protection Agency**

Grants totaling $154,031 from the Environmental Protection Agency, Washington, D.C., for research and other purposes, from April 1, 1971, through March 31, 1972, unless otherwise indicated, as follows:

1. $30,056 - "Impairment of the Flavor of Fish by Water Pollutants," under the direction of Professor Dean L. Shumway, Associate Professor of Fisheries.

2. $45,721 - "Relationship of Temperature to Diseases of Salmonid Fish," under the direction of Dr. K. S. Pilcher, Professor of Microbiology.
3. $63,550 - "Investigation of Waste Pesticide Management," July 1, 1971, through June 30, 1972, under the direction of Dr. Robert L. Goulding, Associate Professor of Entomology.

4. $14,704 - "Literature Research on Water Quality Requirements and Toxicology of Fishes," May 1, 1971, through April 30, 1972, under the direction of Dr. Peter Doudoroff, Professor of Fisheries.

ESSO Production Research Company Gift of current meter systems for use by Dr. L. D. Kulm to measure near bottom currents on the continental margin and in the deep sea from the ESSO Production Research Company, Houston, Texas. This gift is valued at $4,645.80.

O. V. Matthews Gift of 4,000 negatives, 40 scrapbooks, and 40 annual log books to the Library concerning the major large trees in the State of Oregon, from Mr. Oliver V. Matthews, Salem. This gift is valued at $5,000.

Metropolitan Area Community Coordinated Child Care Council Grant of $2,939 from the Metropolitan Area Community Coordinated Child Care Council, 4 C Council, Portland, "to extend the operation of the Day Care Centers," May 1 through July 15, 1971, under the direction of Mr. Fremont Sprowls, County Staff Chairman, Multnomah County.

Multnomah County Community Action Agency Grant of $3,782 from the Multnomah County Community Action Agency, Portland, "for a program to help low-income families learn correct food preservation methods," July 15 through November 15, 1971, under the direction of Mr. Fremont Sprowls, Multnomah County Extension Chairman.

National Aeronautic and Space Administration Grant of $31,110 from the National Aeronautic and Space Administration, Langley Research Center, Hampton, Virginia, "for the development of an inexpensive, mobile optical radar system for measurements of the haze layer in the lower atmosphere," July 1, 1971, through June 30, 1972, under the direction of Dr. Lars E. Olsson, Assistant Professor of Atmospheric Sciences and Dr. E. Wendell Hewson, Head of Atmospheric Sciences.

National Council of the Paper Industry for Air and Stream Improvement, Inc. Grants totaling $29,400 from the National Council of the Paper Industry for Air and Stream Improvement, Inc., New York City, for research and other purposes, as follows:

1. $19,900 - "Factors Controlling Formation and Persistence of Ground Level Visibility-Reducing Moisture Plumes," July 1, 1971, through June 30, 1972, under the direction of Dr. E. Wendell Hewson, Chairman of Atmospheric Sciences.

2. $9,500 - "Sulfite Waste Research," April 1, through June 30, 1971, under the direction of Dr. James G. Knudsen, Assistant Dean of Engineering.
Grant of $9,550 from the National Science Foundation, Washington, D. C., "for salaries, wages, materials and other expenses for the 1971-72 Graduate Fellowship Program," July 1, 1971, through June 30, 1972, under the direction of Dr. C. Bond, Assistant Dean of the Graduate School, Dr. J. V. Byrne, Head of Oceanography, and Dr. J. R. Shay, Head of the Department of Botany.

Grant of $20,054 from the Oregon Board of Education, Salem, for a project entitled, "Career Education: An Integral Part of Teacher Education," June 15, 1971, through June 15, 1972, under the direction of Dr. Henry Ten Pas, Director of Vocational and Adult Education.

Grants totaling $100,640 from the Pacific Power & Light Company, Portland, for research and other purposes, as follows:

1. $2,705 - "Controlling, Observing and Evaluating Irrigation and Fertilization Treatments and Responses on some Land near Halsey, Oregon," June 10 through December 31, 1971, under the direction of Mr. Arthur King, Director.

2. $97,935 - "Use of Heated Sea Water for Farming Oysters and Salmon," funds co-granted by Portland General Electric Company and the Eugene Water and Electric Board, July 8, 1971, through June 30, 1974, under the direction of Mr. William J. McNeil, Head of Pacific Laboratory, Marine Science Center.

Grants totaling $13,269 from the Research Corporation, New York City, for research and other purposes, as follows:

1. $6,959 - "The Study of Quantum Beats in Beam Foil Spectroscopy," June 1, 1971, through June 30, 1972, under the direction of Dr. Charles W. Drake, Associate Professor of Physics.

2. $6,310 - "To Record Expenditures for Research Concerning Aeromonas Bacteria," under the Brown-Hazen Program, June 1, 1971, through May 31, 1972, under the direction of Dr. Ramon J. Seidler, Assistant Professor of Microbiology.

Grant of $8,135 from the Selenium-Tellurium Development Association, Inc., New York City, for research entitled, "Splat-Cooled Tl-Te Alloys," July 1, 1971, through June 30, 1972, under the direction of Dr. Melvin Cutler, Professor of Physics.

Grant of $12,500 from the U.S. Geological Survey, Administrative Division, Menlo Park, California, for study of the "Continental Margin off the State of Oregon," July 1, 1971, through June 30, 1972, under the direction of Dr. LaVerne D. Kulm, Associate Professor of Oceanography.
Grant of $1,700,000 from the U.S. Department of Commerce, National Sea Grant Program, Rockville, Maryland, to support continuation of "Marine Resource Development Programs in Education, Research, and Advisory Services," July 1, 1971, through June 30, 1972, under the direction of Dr. H. F. Frolander, Sea Grant Coordinator.

Grants totaling $493,414 from the U.S. Department of Health, Education, and Welfare, Office of Education, Washington, D.C., for institutes and work-study programs, as follows:

2. $20,925 - "Educational Development Program for Secondary School Teachers of Other Countries," June 15 through December 18, 1971, under the direction of Dr. Lester Beals, Professor of Education.

3. $109,200 - "Professional Vocational Leadership Program Through Doctoral Fellowships," July 1, 1971, through June 30, 1972, under the direction of Dr. Henry A. Ten Pas, Director of Vocational Education.

Grant of $15,030 from the U.S. Department of the Interior, Bonneville Power Administration, Portland, for "work relating to Bonneville Power Administration's hydro-generation modeling program," July 1, 1971, through June 30, 1972, under the direction of Professor John F. Engle, Civil Engineering.

Grant of $297,000 from the U.S. Department of Labor, Manpower Administration, Seattle, Washington, to carry costs for "salaries, wages, materials and other expenses under a National Youth Corps In-School Program," June 4 through August 31, 1971, under the direction of Dr. Harry E. Clark, Community Development Specialist.

Grants totaling $338,607 from the U.S. Public Health Service, Washington, D.C., for research, training programs, and other purposes, June 1, 1971, through May 31, 1972, unless otherwise indicated, as follows:

1. $58,093 - "Utilization of Bark Waste," under the direction of Dr. Raymond A. Currier, Associate Professor of Forest Products.

2. $111,986 - "Salaries, Wages, Materials and other Expenses for a Training Program in Air Pollution," under the direction of Dr. E. Wendell Newson, Chairman, Atmospheric Science and Dr. Richard W. Boubel, Professor of Mechanical Engineering.

3. $26,507 - "Effect of Commensal Microorganisms on Food Pathogens," under the direction of Dr. Jong S. Lee, Associate Professor of Food Science and Technology.

4. $45,798 - "Chemistry of Nonenzymatic Browning Reactions," under the direction of Dr. Richard A. Scanlan, Assistant Professor of Food Science and Technology.
5. $11,226 - "Allied Health Professions Advanced Traineeship Grant,"
   July 1, 1971, through June 30, 1972, under the direction of
   Dr. Margy Woodburn, Head, Food Science and Nutrition.

6. $30,000 - "Study of Carcinogenicity of Certain Mold Metabolites
   and their Derivatives," June 30, 1971, through December 31, 1972,
   under the direction of Professor R. O. Sinnhuber, Food Science.

7. $21,357 - "Delayed Toxicity of Antineoplastic Agents," June 23,
   1971, through June 22, 1972, under the direction of Dr. Robert E.
   Larson, Head, Department of Pharmacology.

8. $33,640 - "Replication and Function of Nucleic Acids Isolate
   from Oncogenic Viruses," June 28, 1971, through June 27, 1972,
   under the direction of Dr. George S. Beaudreau, Associate
   Professor, Agricultural Chemistry.

Grants to the several Agricultural Experiment Station departments and
divisions for research work and other purposes from various donors,
as follows:

Agricultural
Research
Foundation

Grants to
Agric. Exper.
Stations:

$500 - "Development of New and Improved Food Processing Techniques,"
   under the direction of Mr. D. V. Beavers, Assistant Professor of
   Food Science and Technology.

$1,250 - "Formulation of New Commercial Food Products," under the
   direction of Dr. L. A. McGill, Associate Professor of Food Science
   and Technology.

$750 - "Suitability of Fruits and Vegetables for Processing," under
   the direction of Dr. G. W. Varseveld, Assistant Professor of Food
   Science and Technology.

$1,225 - "Methodology of Flavor Evaluations," under the direction of
   Dr. L. A. McGill, Associate Professor of Food Science and Technology.

$3,078.04 - Representing the value of equipment transferred from the
   Agricultural Research Foundation to the various departments and
   experiment stations.

$1,200 - "Insect Control," under the direction of Dr. R. E. Berry,
   Assistant Professor of Entomology.

$3,906 - "Hop Research," under the direction of Dr. A. Haunold,
   Associate Professor of Agronomy.

$2,750 - "Study of Pesticide Residues in Food Products," under the
   direction of Dr. L. C. Terriere, Professor of Biochemistry and Insect
   Toxicology.

Meeting #398 -53

September 7, 1971

U.S. Dept. of Agriculture, Economics Research Service

Yamhill County

$2,652.21 - "Evaluate potential contributions national farmer bargaining boards make to farmer bargaining," under the direction of Dr. Leon Garofan, Extension Agricultural Economics.

$1,000 - "Tanzy Ragwort control program," under the direction of Dr. W. P. Nagel, Associate Professor of Entomology.

University of Oregon

Gifts totaling $6,546.50 from the following donors for scholarships and fellowships:

Arizona Republic and Gazette Scholarship,
Indianapolis, Indiana
Cleveland High School, Portland
Glide Garden Club, Glide
Grande Ronde Parent-Teacher Organization, Willamina
Latin American Scholarship Program of American Universities, Cambridge, Massachusetts
Marshall Islands Legislature, Marjuro, Marshall Islands
Oregon Tuberculosis and Respiratory Disease Association, Portland
PEO Sisterhood, Oregon State Chapter, Portland
Pi Kappa Alpha Memorial Foundation, Memphis, Tennessee
Rockefeller Foundation, New York City
M. M. Scott Scholarship, Honolulu, Hawaii
Scripps-Howard Foundation, New York City
St. Mary's High School, Medford
Wagner High School Scholarship Fund, APO San Francisco, California

Irwin-Sweeney-Miller Foundation

Grant of $1,000 from the Irwin-Sweeney-Miller Foundation, Columbus, Indiana, for support of the "Upward Bound film program," June 19 through August 14, 1971, under the direction of Mr. James E. Hill, Assistant Professor of Education; Director, Upward Bound.

JDR 3rd Fund, Inc.

Grant of $12,000 from the JDR 3rd Fund, Inc., New York City, for support of a program entitled, "Improvement of Art Education in the Elementary Schools of Lane County, Oregon," July 1, 1971, through July 1, 1972, under the direction of Dr. Robert M. Mazo, Associate Dean, Graduate School.

Merck Company Foundation

Grant of $5,000 from the Merck Company Foundation, Rahway, New Jersey, to cover costs for a "Faculty Development Award for research and development," July 1, 1971, through August 31, 1972, under the direction of Dr. Robert Cook, Assistant Professor of Chemistry.
Meeting #398 - 54

September 7, 1971

National Aeronautics and Space Administration

Grant of $31,281 from the National Aeronautics and Space Administration, Washington, D.C., for research entitled, "The Geochemistry of Trace Elements in Meteorites and Related Materials," September 1, 1970, through August 31, 1974, under the direction of Dr. Gordon G. Coles, Associate Professor of Geology.

National Endowment for the Humanities

Grant of $15,000 from the National Endowment for the Humanities, Washington, D.C., for support of a research project entitled, "A History of International Fiction," June 16, 1971, through September 15, 1972, under the direction of Dr. Christof Wegelin, Professor of English.

National Science Foundation

Grants totaling $70,825 from the National Science Foundation, Washington, D.C., for research and training programs, July 1, 1971, through December 31, 1972, unless otherwise indicated, as follows:

1. $42,400 - "The Development of the Use of Small Digital Computers Interfaced with Chemical Instrumentation in an Undergraduate Chemistry Laboratory," under the direction of Dr. G. E. Klopfenstein, Assistant Professor of Chemistry.

2. $4,900 - "Doctoral Dissertation Research in Anthropology on behalf of Janet O. Frost," under the direction of Dr. C. Melvin Aikens, Assistant Professor of Anthropology.

3. $20,400 - "Graduate Fellowship Program for 1971-72," July 1, 1971, through August 31, 1972, under the direction of Mr. Calvin Fisk, Assistant to the Dean of the Graduate School.

4. $3,125 - "Cost of Education Allowance on behalf of Michael J. Gilpin," June 1, 1971, through August 31, 1972, under the direction of Dr. David K. Harrison, Professor of Mathematics.

Naval Undersea Research and Development Center

Grant of $250 from the Naval Undersea Research and Development Center, Pasadena, California, to cover travel costs for "Dr. Robert W. Morris to present a seminar at the Naval Undersea Center, San Diego, California, on May 6, 1971," under the direction of Dr. Robert W. Morris, Professor of Biology.

Oregon Public Welfare Division

Grant of $17,969 from the Oregon Public Welfare Division, Salem, for "Continued support of the Field Instruction Program," under the direction of Mr. Edgar Brewer, Director, Field Instruction Program.

Portland State University

Grant of $22,613 from Portland State University, Portland, for the "Continuation of the Social Work Manpower Training Project," June 15, 1971, through June 14, 1972, under the direction of Dr. Norman Sundberg, Dean, Community Service and Public Affairs.

State of Oregon, Dept. of State

Grant of $600 from the State of Oregon, Department of State, Salem, for "maps made through the University Geography Department," January 1 through July 31, 1971, under the direction of Dr. William G. Loy, Assistant Professor of Geography.
Gift of $100 from Mrs. Lois Perkins, Wichita Falls, Texas, for a short term loan fund in memory of Richard Nelson, under the direction of Mr. Edwin O. McFarlane, Supervisor of Accounting.

Grant of $154,872 from the U.S. Air Force Office of Scientific Research, Arlington, Virginia, for research entitled, "Coding Systems in Perception and Cognition," September 1, 1971, through August 31, 1972, under the direction of Dr. Ray Hyman, Professor of Psychology.

Grants totaling $8,874 from the U.S. Army Medical Research and Development Command, Washington, D.C., for research and other purposes, as follows:

**Gifts for Goal '72 for Equipment Needs:**

Gifts totaling $2,100 from various donors to the project "Goal '72 for Equipment Needs," as follows:

- Dr. Melvin W. Anderson, Alhambra, California: $100.00
- Dr. Richard N. Bolton, Portland: $100.00
- Dr. Vernon A. Cates, Anchorage, Alaska: $150.00
- Dr. L. Christensen, Portland: $100.00
- Dr. Thomas H. Clark, Sumner, Washington: $100.00
- Dr. Alfred E. Dodson, Jr., Spokane, Washington: $100.00
- Dr. Wayne G. Ericksen, Portland: $100.00
- Dr. Myron R. Grover, Jr., Portland: $100.00
Dr. Hance F. Haney, Portland  
Dr. Richard A. Lalli, Portland  
Dr. Fernando Leon, Portland  
Dr. Sam Ben Liu, Portland  
Dr. Darrell N. Miller, San Francisco  
Dr. Ernest A. Movius, Wenatchee, Washington  
Dr. Clifford S. Phillips, Mountlake Terrace, Washington  
Dr. Herbert J. Semler, Portland  
Dr. R. N. Sherwin, Prineville  
Dr. Louis J. Smith, Burbank, California  
Dr. Richard L. Vorhees, Seattle, Washington  
Dr. Herbert M. Woodcock, Portland

Portland State University

Scholarships & Fellowships

Gifts totaling $5,789,40 from various donors for scholarships and fellowships as follows:

American Friends of the Middle East, Washington, D. C.  
Autzen Foundation, Portland  
Confederated Tribes of the Warm Springs Reservation of Oregon, Warm Springs  
First National Bank of Oregon, Portland  
The Latin American Scholarship Program of American Universities, Cambridge, Massachusetts  
Miss Lincoln County Pageant, Inc., Newport  
Portland Rose Festival Association, Portland  
Tektronix Foundation, Beaverton

American Cancer Society

Gift of $204 from the American Cancer Society, Oregon Division, Portland, for a "Smoking and Health Seminar: Portland State University Summer Term Special Programs," June 14 through June 18, 1971, under the direction of Mr. Paul L. Reiling, Director, Summer Term.

Institute of International Education

Grants of $2,400 from the Research Corporation, New York City, to support research entitled, "Electrolysis in Magnetic Fields," June 14, through August 31, 1971, under the direction of Dr. John Dash, Assistant Professor of Physics.

Grants of $1,294 from the University of Chicago, Chicago, Illinois, as an unrestricted gift "Security Analysis Research," during the year 1971, under the direction of Dr. Donald Parker, Dean School of Business Administration.

Grants of $6,502 from the University of Oregon, Eugene, as a "Sub-grant from the University of Oregon to the Institute on Aging for Wages and payroll assessments for Jean Lieberman," July 1, 1971, through June 30, 1972, under the direction of Dr. John R. O'Brien, Assistant Professor of Sociology.

Grants totaling $630,182 from the U. S. Department of Health, Education, and Welfare, Washington, D. C., for training programs and other purposes, July 1, 1971, through June 30, 1972, unless otherwise indicated, as follows:

1. $45,230 - "Maternal and Child Health Services Training," under the direction of Miss June A. Dunn, Assistant Professor, School of Social Work.
2. $40,802 - "Continuing Education for Social Work in Mental Health Areas," Miss Sonja Hatison, Assistant Professor of Social Work.

3. $17,710 - "Language and Area Center for Central Europe at Portland State University," under the direction of Dr. H. Frederick Peters, Professor of German.

4. $31,014 - "Middle East Studies Center at Portland State University," under the direction of Dr. J. Frederick Cox, Director of Middle East Studies Center.

5. $79,531 - "Training Personnel for Child Welfare," under the direction of Mr. L. Jay Conrad, Assistant Professor, School of Social Work.

7. $116,500 - "Training of Professional Personnel in the Education of the Handicapped for the period June 1, 1971, through August 31, 1972," under the direction of Miss Madge Leslie and Mr. Keith Larson, Associate Professors of Education, and Dr. Robert English, Professor of Speech.

8. $50,325 - "Social Work Manpower Training Project (New Directions for the Social Service Manpower and Education)," June 15, 1971, through June 14, 1972, under the direction of Mr. Adrian Bontje, Assistant Professor, Social Work.

9. $5,300 - "Determination of Criteria to Measure English Language Responsiveness," June 16, 1971, through June 15, 1972, under the direction of Dr. Robert Williams, Assistant Professor of English.

11. $28,177 - "Training grant was extended through June 30, 1972, with additional support for this period plus a supplemental grant for the same period," September 1, 1970, through June 30, 1972, under the direction of Dr. Frank Terrazillo, Associate Professor of Applied Science.

12. $12,092 - "Biomedical Sciences Support Grant," June 1, 1971, through May 31, 1972, under the direction of Dr. David T. Clark, Dean of Graduate Studies.

Grant of $8,000 from the Western Interstate Commission for Higher Education, Boulder, Colorado, for research entitled, "Resource Requirement Prediction, Model-1," which is designed to collect and analyze the Institution's historical data, March 31 through June 30, 1971, under the direction of Mr. Robert Low, Vice President for Administration.
Gifts to the Portland State University Library from various donors as follows:

**Mr. Bloch**
Gift of a collection of periodicals, books, municipal, state and federal documents, maps, and forty cartons of research files from the office of Mr. Ivan Bloch, Bend, relating to economics, business, and natural resources and power generation, with particular reference to the Pacific Northwest. The estimated value of this gift is $21,611.

**Federal Republic of Germany**
Three reels of newsreel entitled Deutschlandspiegel, No. 185-187 March-May 1970, in German Language with accompanying text in German, from the Federal Republic of Germany, Portland. The estimated value of this gift is $800.

**Mrs. Holden**
Gift of twenty volumes of the biographical and literary works of various German authors, written in both poetry and prose and in the German language from Mrs. G. J. Holden, Portland. This gift is estimated at $150.

**Dr. T. J. Killian**
Various periodicals in the field of science from Dr. Thomas J. Killian, Portland. This gift is valued at $262.

**Dr. V. N. Phelps**
Books, pamphlets, and serials in the field of teacher education with particular emphasis on instruction in reading and in the language arts in general from Dr. Victor N. Phelps, Milwaukie. The estimated value of this gift is $624.

**U.S. Environmental Protection Agency**
Gift of periodicals in the area of geophysical science issued in 27 volumes from 1954 through 1969, from the U.S. Environmental Protection Agency, Portland. The estimated value of this gift is $580.

**Oregon College of Education**

**School Dist. 24J**
Grant of $3,463 from the School District 24J, Salem, "to provide instructors for certain specified courses for Career Opportunities Program (COP) participants in course work during Summer Term 1971," July 1 through August 13, 1971, under the direction of Dr. Roger P. Kershner, Associate Professor of Education.

**U.S. Dept. of Health, Education & Welfare**
Grants totaling $351,301 from the U.S. Department of Health, Education, and Welfare, Washington, D.C., for training programs and other purposes, as follows:

1. $30,343 - "Training program for counselors working with the deaf," September 1, 1971, through August 31, 1972, under the direction of Miss Josephine Carr, Assistant Professor of Education for the Deaf.

2. $70,958 - "Institute for the training of adult basic education teachers of American Indians," June 1, 1971, through May 31, 1972, under the direction of Dr. Ronald Chatham, Professor of Geography and Administrative Assistant to the President.
Meeting #398-71

September 7, 1971

3. $211,000 - "Training of professional personnel in the education of the handicapped," June 1, 1971, through August 31, 1972, under the direction of Dr. Dennis J. Fahey, Miss M. Josephine Carr, and Dr. C. Ellery Young, members of the Department of Education.

4. $30,000 - "To develop curricular materials for teachers for American Indians and other culturally different," June 30, 1971, through June 31, 1972, under the direction of Dr. Ronald L. Chatham, Professor of Geography and Administrative Assistant to the President.

Southern Oregon College

Scholarships & Fellowships

Gifts totaling $1,884.25 from the following donors for scholarships and fellowships:

- American Association of University Women, Ashland $100.00
- California State Employees' Association, Sacramento, California 250.00
- Carsten's Furniture Co., Roseburg 173.00
- PEO Ashland Chapter, Ashland 170.00
- Rogue Valley Manor, Medford 136.00
- St. Mary's High School, Medford 600.00
- Sandy Business and Professional Women's Club, Sandy 100.00
- M. M. Snider Scholarship Fund, Pepsi Cola Bottling Company, White City 188.25
- Southern Oregon College Faculty Wives, Ashland 167.00

U.S. Dept. of Health, Education & Welfare

Grants totaling $216,312 from the U.S. Department of Health, Education, and Welfare, Washington, D.C., for work-study programs and student loans, as follows:

2. $21,704 - "Nursing student loans and scholarships," July 1, 1971, through June 30, 1972, under the direction of Mrs. Betty Haugen, Chairman, Nursing Department.

3. $31,138 - "Cellular Interactions During Limb Development," June 1, 1971, through May 31, 1972, under the direction of Dr. Michael J. Flower, Department of Biology.

Eastern Oregon College

Scholarships & Fellowships

Gifts totaling $333.33 from the following donors for scholarships and fellowships:

- Bloomington High School, Bloomington, California $100.00
- Yakima Indian Nation, Toppenish, Washington 233.33
University of Washington
Grant of $14,889 from the University of Washington, Seattle, to "cover the salary and other payroll expenses for Theodore Brown, Assistant Professor of Spanish, Eastern Oregon College, while he participates in the Inner City Teacher Education program at the University of Washington during the 1971-72 academic year," September 1, 1971, through June 30, 1972, under the direction of Dr. C. E. Easley, Dean of Instruction.

U.S. Dept. of Health, Education & Welfare
Grants totaling $105,191.43 from the U.S. Department of Health, Education, and Welfare, Washington, D.C., for training and work-study programs, July 1, 1971, through June 30, 1972, unless otherwise listed, as follows:

1. $65,000 - "To support a program to provide counseling, tutoring and other special services to minority students, primarily for Indian Students," under the direction of Assistant Professor Gary N. Storey, Coordinator of Minority Student Program.

2. $9,612.43 - "To provide stipend payments to Indian students participating in a health service training program," Assistant Professor Gary N. Storey, Coordinator of Minority Student Programs.

3. $30,579 - "To provide 80% of the cost of employing students who qualify as to need on the College Work-Study Program," January 1, 1971, through June 30, 1972, under the direction of Mr. Howard A. Anderson, Associate Professor of Education and Financial Aids Officer.

Oregon Technical Institute
Scholarships & Fellowships
Gifts totaling $600.00 from the following donors for scholarships and fellowships:

Santiam Memorial Hospital Auxiliary, Stayton  $100.00
Dr. Ralph W. Stearns, Klamath Falls  500.00

U.S. Dept. of Health, Education & Welfare

Teaching Research Division
Linn-Benton IED
Grant of $1,850 from the Linn-Benton IED, "to provide professional assistance to the Linn-Benton IED in its operation of a Behavior Problems Class," July 1, 1971, through June 30, 1972, under the direction of Dr. H. D. Fredericks, Research Professor.

Medford School District 549C
Grant of $2,500 from the Medford School District 549C, Medford, to provide in-service training and evaluation to a U.S. Office of Education project entitled "Preschool Disability Identification and Prevention Program" to be conducted in the Medford Public School System during fiscal year 1972, July 1 through June 30, 1971, under the direction of Dr. H. D. Fredericks, Research Professor.
State of Oregon

Grant of $4,000 from the State of Oregon, Comprehensive Health Planning, "the purpose of the project is to document the prevalence/incidence of, and the existing resources providing services to the developmentally disabled in Oregon in order to identify existing gaps in service," June 21 through September 30, 1971, under the direction of Dr. Victor L. Baldwin, Research Professor.

Appendix A - Parking and Vehicular Traffic Regulations, OSU
Appendix B - Parking and Vehicular Traffic Regulations, EOC
Appendix C - Parking and Vehicular Traffic Regulations, SOC
Appendix D - Parking and Vehicular Traffic Regulations, OTI
Regulations Governing the Use of Motor Vehicles

AUTHORITY TO ESTABLISH MOTOR VEHICLE REGULATIONS

Authority to establish regulations governing the use of Motor Vehicles on the Oregon State University (OSU) Campus for visitors, faculty, staff, and students is derived from Oregon Statutes and action of the Oregon State Board of Higher Education pursuant to such statutes. The rules and regulations published herein have been approved by the Office of the Chancellor and are filed with the Secretary of State in accordance with the provisions of ORS 183.010 to 183.040. Strict enforcement of these regulations is necessary to maintain safety on campus streets, reduce congestion, improve security and effectively utilize parking facilities.

APPLICATION OF MOTOR VEHICLE LAWS OF THE STATE OF OREGON AND CITY OF CORVALLIS

All motor vehicle laws and ordinances of the State of Oregon and City of Corvallis specifically including, but not limited to, ORS Chapters 481, 482, 483, 484, 485, and 486 together with adopted amendments are applicable to the campus of OSU to the same extent as if this campus and its streets are public highways. All provisions of the above motor vehicle laws are applicable and enforceable except as they conflict or are inconsistent with these regulations.

AUTHORITY OF CAMPUS SECURITY OFFICERS

All members of the campus security force are designated as peace officers and have full authority in accordance with the laws of the State of Oregon.
1. DEFINITIONS

For the purpose of these regulations: a. The word "parked" means any vehicle which is stopped and/or waiting, regardless of the period of time the vehicle is stopped or whether a driver is present, except for vehicles immobilized by traffic control, congestion or accident.

b. The word "motor vehicle" or "vehicle" means any type of motor powered conveyance including, but not limited to, automobiles, trucks, motorcycles and scooters.

c. The central campus is defined as that area legally reached via the Information Centers.

2. VEHICLE PERMITS

a. All faculty, staff, and students who have motor vehicles in their possession or control for use on the OSU campus and who use university-owned and designated parking areas must display a current vehicle permit. Use of university streets, lanes, or parking areas without a properly displayed current OSU permit can result in a citation and a $10 fine. (Provisions for visitors are covered in paragraph 4-k)

b. Faculty, staff, and students wishing to park vehicles on campus at any time, except as provided in paragraphs 4-g and 6-g, must obtain appropriate permits.

c. Permits must be attached to the vehicles for which they are issued.

d. Purchased permits for automobiles must be permanently affixed to the left side of the front and rear bumpers. Permits for motorcycles and scooters must be affixed on the left side of the vehicle in a readily visible place. All expired permits must be removed or covered. If a vehicle is disposed of, permits must be removed.

e. Student permits normally shall be purchased during academic registration. Faculty, staff, and students unable to obtain permits during academic registration, may obtain permits from the Office of the Traffic Committee, Room B 006, Administration Building; phone 754-2583.
3. DRIVER RESPONSIBILITY
   a. All persons operating motor vehicles on campus are responsible for knowing and adhering to the regulations stated herein. The regulations are enforced at all times.
   b. The responsibility for locating a legal parking space rests with the operator of the motor vehicle. Lack of space is not a valid excuse for violating any OSU parking regulation.
   c. In the event of conflict between signs or markings, and printed regulations, the signs or markings shall be followed.
   d. OSU does not assume responsibility for any motor vehicle or its contents parked on OSU property or its environs. Individuals assume all risk of accident and property loss, for injury to persons, and for property damage.
   e. The status of the vehicle driver limits the area where the vehicle may park during the hours of 7:00 a.m. to 5:00 p.m. on week days.

4. PERMITS AND PARKING AREAS
   a. STAFF PERMITS may be purchased by academic personnel with the rank of Professor, Associate Professor, Assistant Professor, Research Associate, or 1.00 Full Time Equivalent (FTE) Instructors and Research Assistants. Staff Permits also may be purchased by employees who have worked continuously in the Oregon State System of Higher Education since October 1, 1963, and by classified employees whose state or federal salary is equivalent to or exceeds $800 per month. (1) The fee for a Staff Permit is $30 per academic year. The permit is good through the summer term at no additional charge and will expire on September 30, 1972. (2) Emeritus and retired personnel may be issued a Staff Permit without charge upon application at the Traffic Committee Office. (3) Vehicles displaying Staff Permits may park in any university parking area from 6:00 a.m. to 2:00 a.m. of the following day provided all posted signs are observed. (4) Students are not permitted to drive vehicles with Staff Permits within the central campus during the hours of 7:00 a.m. to 5:00 p.m. on week days, except as provided in paragraph 4-g.
b. LIMITED STAFF PERMITS may be purchased by any faculty and classified employees including those qualified for a Staff Permit and by graduate students employed at least .6 FTE. (1) The fee for a Limited Staff Permit is $20 per academic year. The permit is good through the summer term at no additional charge and will expire on September 30, 1972. (2) Vehicles displaying Limited Staff Permits may park in all designated areas except those reserved for Staff Permits from 6:00 a.m. to 2:00 a.m. of the following day provided all posted signs are observed. (3) Staff areas may be utilized from 5:00 p.m. to 2:00 a.m. of the following day and from 6:00 a.m. Saturdays, Sundays, and holidays until 2:00 a.m. of the following day. (4) Students are not permitted to drive vehicles with Limited Staff Permits within the central campus during the hours of 7:00 a.m. to 5:00 p.m. on week days except as provided in paragraph 4-g.

c. STUDENT PERMITS may be purchased by students who live off campus and wish to bring vehicles to the campus. (1) The fee for a Student permit is $18 per academic year. The permit is good through the summer term at no additional charge and will expire on September 30, 1972. (2) Vehicles displaying Student Permits may park in student areas and residence hall areas from 6:00 a.m. to 2:00 a.m. of the following day. (3) Staff and Limited Staff areas may be utilized from 5:00 p.m. to 2:00 a.m. of the following day on week days, and from 6:00 a.m. Saturdays, Sundays, and holidays until 2:00 a.m. of the following day. (4) Students are not permitted to drive vehicles with Student permits within the central campus during the hours 7:00 a.m. to 5:00 p.m. on week days, except as provided in paragraph 4-g.

d. RESIDENCE HALL PERMITS may be purchased by students living in campus housing and who wish to bring vehicles on the campus. (1) The fee for a Residence Hall Permit is $18 per academic year. The permit is good through the summer term at no additional charge and will expire on September 30, 1972. (2) Vehicles displaying Residence Hall Permits may park in Residence Hall areas at any time and in student areas from 6:00 a.m. to 2:00 a.m. the following day. (3) Staff and Limited Staff areas may be utilized from 5:00 p.m.
to 2:00 a.m. of the following day on week days and from 6:00 a.m. on Saturdays, Sundays, and holidays until 2:00 a.m. of the following day. (4) Students are not permitted to drive vehicles with Residence Hall permits within the central campus during the hours 7:00 a.m. to 5:00 p.m. on week days, except as provided in paragraph 4-g.

e. MOTORCYCLE AND SCOOTER PERMITS may be purchased for a fee of $8 per academic year. The permit is good through the summer term at no additional charge and will expire on September 30, 1972. Motorcycles and scooters will be parked and driven on campus according to instructions in paragraph 10.

f. DIVISION OF CONTINUING EDUCATION PERMITS will be issued to students who are attending only DCE evening classes for a fee of $3 per term for campus parking areas entered via Information Centers between 5:00 p.m. and 2:00 a.m. of the following day. DCE students may apply for a DCE Permit for the school term by submitting a completed Motor Vehicle Registration Card and a $3 fee to the OSU Cashier, Administration Building.

g. SPECIAL PERMITS may be issued at the Office of the Campus Traffic Committee under the following circumstances: (1) Students, Staff, and Faculty who do not have a permit and who wish to bring a vehicle on the campus on a temporary basis up to one week in duration and have a valid reason therefor will be issued a temporary permit of the appropriate class for a fee of $1 per week. (2) Persons who have a permit normally invalid on the central campus and who have an unusual need for a vehicle on the central campus for a limited period may obtain a temporary permit for their vehicle. (3) Permanently disable persons may be issued a special "C" permit upon application, after a permit has been purchased. (4) The purchase of a special parking permit is required of persons not directly associated with the University, but who make frequent business calls on campus and who desire to park a motor vehicle in any designated campus parking space. The fee for this special permit will be not less than the annual rate established for a Staff Permit, except that the permit may be purchased for a lesser period at fractional rates. (5) Staff and students with permits who are required to be on campus between the hours of 2:00 a.m.
September 7, 1971

and 6:00 a.m. may apply for a set of "N" (night parking) stickers at no added cost.

(6) Special courtesy permits for vehicles which do not bear permits may be obtained by faculty or staff members for special events. No more than four such permits per month will be issued to any individual. (7) Classified employees who work on campus during the night time hours may apply for a special Limited Staff "N" Permit at one half the usual Limited Staff Permit fee. These permits will only be valid on the campus between 6:00 p.m. and 7:30 a.m.

h. SUMMER TERM PERMITS may be purchased by the following personnel for the fees indicated: (1) Student or Residence Hall- $4; (2) Limited Staff- $5; (3) Staff- $7; (4) Motorcycle and Scooters- $2. These permits are good through the summer term and expire on September 30, 1972.

i. SUBSTITUTE (Second) VEHICLE PERMITS may be purchased for a fee of $2, provided proof of vehicle ownership is presented to the Office of the Traffic Committee. Only one set of substitute permits will be issued for each original permit. Purchasers of substitute permits may have only one vehicle on campus at a time, except when the second vehicle parks in the coin-operated fee lot. Abuse of the substitute permit may result in revocation of permit privileges for the remainder of the academic year.

j. REPLACEMENT VEHICLE PERMITS may be purchased for a fee of $2. Replacement permits may be obtained for original or substitute permits that have been destroyed, or if the vehicle has been sold. Evidence of the old permit must be presented, or a signed certificate of permit destruction submitted to the Office of the Traffic Committee.

k. VISITORS VEHICLES are required to display Courtesy Parking Permits, obtained at the campus Information Centers. Visiting vehicles may park, provided all posted signs are observed, in the designated visitor parking areas from 7:00 a.m. to 5:00 p.m., and thereafter in any parking areas until 2:00 a.m. If Information Centers are not open, visitors may park on campus without a Courtesy Parking Permit. (Also see parking privileges that are specified in paragraph 6-g.) Visitors staying overnight in a residence hall may obtain parking instructions from the Residence Hall desk clerk, or from Campus Security by dialing 754-147?
1. COIN-OPERATED FEE PARKING is provided for visitors' vehicles, and for faculty and staff displaying Staff or Limited Staff Permits, in the parking lot located across from the OSU Book Store. The parking fee is $.25 per entry from 7:00 a.m. to 5:00 p.m. on week days. During other times the gate will be raised and parking in this lot is available to all vehicles displaying visitors or any current OSU permit.

5. REFUNDS
   a. Students or staff members who leave the university, dispose of their vehicle without replacing the permit, or are dissatisfied with the permit are entitled to refunds which will be made only for whole terms (Fall, Winter, Spring). Upon return of the permit or fragments thereof showing the registration numbers, refund will be made. Refunds for a term will not be made if the permit is returned after the published date for late school registration for that term. Refunds will not be made if a vehicle has been cited more than 5 times during the academic year for traffic or parking violations.

6. DRIVING AND PARKING REGULATIONS ON CAMPUS
   a. Anyone operating a vehicle on campus shall observe speed limits, barricades, bicycle lanes, crosswalks, No U-turns, stop signs, and all other traffic signs and regulations, and shall drive in a safe and prudent manner. The speed limit on campus is 15 m.p.h. except where otherwise posted. Driving or parking vehicles on sidewalks, lawns, lanes, and other areas not designated for driving or parking is prohibited.
   
   b. Campus traffic boundaries and parking areas are indicated on the campus traffic map, printed and issued with these regulations.
   
   c. Only vehicles with Staff or Limited Staff Permits and visitors' vehicles will be authorized entrance at Information Centers during the hours 7:00 a.m. to 5:00 p.m. on week days, except as provided in paragraph 4-g.
   
   d. Students are not permitted to drive vehicles with Staff or Limited Staff Permits within the central campus during the hours 7:00 a.m. to 5:00 p.m. on week days, except as provided in paragraph 4-g.
Meeting #398-81

September 7, 1971
733

e. To prevent blocking of sidewalks or damaging shrubs, all vehicles shall park headed into the curb except in parallel parking zones. Vehicles shall park within indicated boundaries.

f. Vehicles shall not be parked in loading zones at any time for any purpose other than loading and unloading, and for such purpose maximum time is 10 minutes.

g. Parking is permitted to vehicles without permits in certain university-owned lots and areas during certain hours as follows: (1) Parking from 5:00 p.m. to 2:00 a.m. of the following day on week days, and from 6:00 a.m. to 2:00 a.m. the following day on Saturdays, Sundays, and holidays is permitted in those peripheral parking areas on campus that can be entered without driving via the Information Centers or against a "DO NOT ENTER" or "ONE WAY" traffic sign.

h. Vehicles other than those displaying Residence Hall Permits and those with "N" permits (par. 4-g) are prohibited from parking on campus from 2:00 a.m. to 6:00 a.m. daily. Vehicles with Residence Hall Permits must park during those hours in the residence hall areas designated on the map in this publication.

i. All vehicles parked on university property are required to observe posted traffic and parking signs.

7. TRAFFIC COMMITTEE AND TRAFFIC COURTS

a. The Traffic Committee is responsible to the University President for the administration and modification of traffic regulations. Requests for hearings and suggestions for enforcement, modification, or amplification of traffic regulations should be sent to the Traffic Committee.

b. Any appropriate matter presented to the Traffic Committee will be considered by the committee or referred to the proper Traffic Court to determine what action, if any, is required. Such action will normally be in the form of a recommendation to the President’s Office, through the Dean of Administration, Dean of Students, or Dean of Faculty.

c. Hearings on student violations (except DCE) will be considered by the Student Traffic Court; hearings on violations by others will be considered by the Staff Traffic Court.
8. PENALTIES FOR OFFENSES
   a. Failure to display a permit on vehicle parked within campus boundaries in violation of these regulations: Fine to $10.
   b. Falsification of information or altering, defacing, or transferring a permit to another motor vehicle for which a permit was not issued: Fine to $10 and/or revocation of the permit.
   c. Parking offense: Fine to $5.
   d. Any other violation of these regulations: Fine to $10.
   e. Improper driving including, but not limited to, such offenses as reckless driving, driving while intoxicated, speeding, driving the wrong way on a one-way street, failing to stop at stop signs, excessive noise, and other offenses not specified herein which are violations of the motor vehicle laws and ordinances of the State of Oregon or City of Corvallis, may be prosecuted in the appropriate state or municipal courts.
   f. A vehicle may be immobilized or towed and impounded, and is subject to towing and storage fees in addition to fines if: (1) the vehicle is a traffic hazard or a hazard to public safety, (2) or is found on university landscaped areas, (3) or if campus traffic regulations have been circumvented.
   g. An excessive number of citations (over 5 per academic year) may result in forfeiture of a permit for the balance of the academic year. This action may be appealed to the appropriate Traffic Court. Failure to comply with these instructions can result in immobilizing or impounding of the violator's vehicle by Campus Security when it is found on campus.

9. ENFORCEMENT AND APPEALS
   a. All penalties prescribed in paragraph 8, other than violations referred to appropriate courts of law as provided in paragraph 8-e, will be administratively enforced by OSU. For all administratively enforced violations, a traffic citation or notice of offense, together with the scheduled fine, will be given the violator or attached to the violator's vehicle.
   b. Fines for cited violations shall be paid to the university at the cashier's office, OSU, on or before the date indicated on the citation.
c. A person charged with a violation may, at his option, have the matter presented to and heard before the Staff Traffic Court or Student Traffic Court, whichever is appropriate. For visitors the Staff Traffic Court is the appropriate body. In such cases, the appropriate court shall render judgment and its findings shall be conclusive subject to appeal to the University President. A person desiring a hearing before the Staff or Student Traffic Court should appear at the Office of the Traffic Committee within the time specified on the citation. Alternatively, if the person cannot be physically present, he may write to the Traffic Committee Office and request instructions for a hearing. UPON PAYMENT TO THE OSU CASHIER OF BAIL IN THE AMOUNT ON THE CITATION AND THE PREPARATION OF A REQUEST FOR HEARING INDICATING WHY THE FINE SHOULD NOT BE IMPOSED, the case will be scheduled for review.

d. A student who fails to post bail for a violation on or before the date specified in the citation will, after written notice, have the amount deducted from his general deposit.

e. The student's registration packet and enrollment during the registration period will also be withheld if any penalties under these regulations remain unpaid at the time of registration,

f. A faculty or staff member who fails to post bail for any citation on or before the date specified in the citation will, after written notice, have the amount deducted from his payroll check.

10. MOTORCYCLE AND SCOOTER OPERATION

a. Parking areas for motorcycles and scooters are specifically allocated and marked as follows: SW Corner of Campus Way and 15th Street; NW gate of Bell Field on 26th Street; East side of Park Terrace south of Monroe Street; South of Callahan Hall on Adams Street; SW Corner of Sackett parking lot; west end of lower campus parking lot. Additional areas may be designated from time to time.

b. Motorcycles and scooters with permits may also park in any student parking area providing they do not occupy an automobile parking space or hinder the maneuverability of parked automobiles.
c. Motorcycles and scooters are prohibited from parking in any yellow painted areas, crosswalks, loading zones, time limit zones, bicycle parking areas, or in the interior of campus buildings, and are not permitted to drive on sidewalks, lanes, paths or other pedestrian areas.

d. Motorcycles and scooters are prohibited from the central campus during the hours from 7:00 a.m. to 5:00 p.m. on week days.
Philosophy

The basic philosophy - guiding the thinking of the Administrative Committee - which develops campus parking and vehicular traffic regulations is that campus streets are no different than public streets. All city, county, and state laws pertaining to the operation of vehicles are applicable and are enforced within approved campus boundaries. These boundaries are L Avenue and C Avenue-Gekeler Lane at the north and south respectively, and 12th Street and 6th Street at the east and west respectively.

Another factor which guides the Administrative Committee is that ample gratis parking for automobiles, motorcycles, and motorbikes is available to all students, faculty, and staff within two blocks of every instructional building and each residence hall. Because there is ample gratis parking for automobiles, motorcycles, and motorbikes, reserved parking permits are made available first to full-time faculty and staff and associated student body officers who must maintain regular work day schedules. Faculty and staff, in particular, are urged by the Administrative Committee to purchase parking permits so that they can park their automobiles in reserved parking areas close to their work stations. This action will leave open for gratis student parking the major portion of the campus streets.

The above philosophy and the regulations which follow will remain in effect until parking becomes a major problem and parking structures or paved parking lots must be constructed in order to meet the needs of personnel associated with the college. At that time, the Board of Higher Education's
mandatory self-liquidating, self-supporting policy pertaining to financing the cost of building and maintaining parking structures and facilities will be reviewed and other priority systems for issuing reserved parking permits will be considered.

General Regulations for Parking

Gratis parking is permitted on all streets and lots within the campus boundaries except on (1) lots or street areas posted with Reserved signs, (2) streets where curbs are painted yellow, (3) 8th Street between I Avenue and K Avenue, (4) I Avenue between 7th Street and 8th Street, and (5) J Avenue between 7th Street and 8th Street.

Specific Vehicle Violations

1. Parking a non-registered, non-permit displaying automobile, motorcycle, or motorbike in a Reserved parking area.

2. Parking an automobile, motorcycle, or motorbike on streets next to curbs painted yellow or posted Reserved parking.

3. Falsification of vehicle registration information.

4. Straddling lines between parking spaces regardless of whether the painted lines are located on streets or in parking lots.

5. Blocking traffic anywhere within the approved campus boundaries.

6. Failure to register bicycles and to obtain a bicycle parking permit.

7. Parking a bicycle anywhere on campus except in a bicycle rack adjacent to an instructional building or a student residence hall.

8. Driving automobiles or riding bicycles, motorcycles, and motorbikes anywhere within approved campus boundaries except on the streets and in approved parking areas.

Action Against Violators

If a college citation is placed on a vehicle, the registered owner is directed by means of instructions on the citation to pay a fine at the Business Office in the Administration Building. Appeals, if any, must be directed in person to the Business Manager. His decision is final.
The student's right to receive his registration packet and to enroll during a registration period will be denied if any fines owing under the regulations remain unpaid at the time of registration. In addition, transcripts will be held up until any outstanding fine is paid.

Three violations by a student will result in the student being referred to the Dean of Student's office for appropriate action.

Flagrant violations by faculty and staff will be turned over to the Dean of Administration for appropriate action.

Occasionally faculty, staff, and students will report misconduct in the use of vehicles within approved campus boundaries to the Dean of Administration or Dean of Students. Usually, the misconduct includes but is not limited to riding of bicycles, motorcycles, or motorbikes on other than streets used by public vehicles; speeding; reckless driving; driving the wrong way on a one way street; running stop signs; and excessive noise. All are violations of state, county, city, and campus vehicular regulations.

Following receipt of such reports, the Dean of Students will determine whether the alleged violator is a student. If he is a student, the Dean of Students will request that the student report to the Dean's office.

In accordance with the Eastern Oregon College Student Conduct Code, the alleged violator is then given one of two choices: (1) a hearing before the Dean of Students, followed by a decision including, if necessary, a penalty, or (2) a hearing before the Judiciary Committee (consisting of three faculty and three students) including, if necessary, a penalty.

In rare instances, the Dean of Students may refer cases directly to the Judiciary Committee. The student may appeal the decision of the Dean of Student or the Judiciary Committee to the President of the College.
Reports involving faculty or staff will be turned over to the Dean of Administration for appropriate action.

If a citation for any violation is issued by a city, county, or state police officer, the person cited should post bail or appear at the time and place stated on the citation. The college exercises no authority or responsibility over these actions. However, the college authorities will cooperate with law enforcement officers in apprehending suspected violators. In no instance will a student, faculty member, or staff member be notified to appear before the Dean of Students, the Judiciary Committee, or the Dean of Administration if he was cited by a city, county, or state law enforcement officer for the same violation.

### Fees and Fines

<table>

</tr>
<tr>
<td>Motorcycle or Motorbike ($2)</td>
<td>Motorcycle or Motorbike $3</td>
</tr>
</tbody>
</table>

(Reduced to $3 if paid within 2 working days after citation issued)

All bicycles used within the approved campus boundaries must be registered and a parking permit must be obtained. Non-registered and non-permit displaying bicycles will be impounded by the Director of Physical Plant.

If a student withdraws or a faculty or staff member leaves prior to the end of Spring Term, he will be refunded $1 only on the automobile parking permit for each full unexpired term. No refunds will be issued on unexpired motorcycle or motorbike parking permits.
Reserved Parking

Students

Associated student body officers may request reserved parking through the Director of Institutional Research.

30 reserved parking spaces for automobiles are assigned to men residents of Hunt Hall by the Hunt Hall Student Council. These parking spaces are located northwest of Hunt Hall.

Residents of Hunt Hall who wish reserved parking for their motorcycles and motorbikes on the island northwest of Hunt Hall may request permits through the Director of Institutional Research.

24 reserved parking spaces for automobiles are assigned to women residents of Dorion Hall by the Dorion Hall Student Council. These parking spaces are located on the east and west sides of 7th Street between H Avenue and I Avenue.

All students who ride bicycles to or on the campus must register their bicycles in the Business Office and obtain reserved parking permits which enable them to park their bicycles in any of the bicycle racks located adjacent to each instructional building and residence hall.

Faculty and Staff

Reserved parking is available during Fall, Winter, and Spring Terms. Requests for reserved parking of automobiles, motorcycles, and motorbikes are placed with the Director of Institutional Research.

All faculty and staff who ride bicycles to or on the campus must register their bicycles in the Business Office and obtain reserved parking permits which will enable them to park their bicycles in any of the bicycle racks located adjacent to each instructional building and residence hall.

Assignments

Parking assignments are made at the time the reserved parking permit is
Responsibility for Observing Campus Parking and Vehicular Traffic Regulations

The responsibility for locating a legal parking space or the assigned reserved parking lot or area rests with the driver or rider of the vehicle. Should lack of space ever become a problem, it is not a valid excuse for violating a campus parking regulation.

Citations are issued to the registered owner of the vehicle. If the registered owner loans his vehicle to another party, it is the responsibility of the registered owner to instruct the person to whom he loans the vehicle regarding campus parking and vehicular traffic regulations.

In the event the driver of a vehicle receiving the citation issued by college campus personnel fails to pay the fine, it is the responsibility of the registered owner to pay the fine.

Authority of Oregon State Police, Union County Sheriffs, La Grande City Police, and College Traffic Regulation Enforcement Personnel

State police officers, Union County Sheriffs, and La Grande City Police officers are authorized to issue citations for violations occurring anywhere within approved campus boundaries.

Citations are also issued by college physical plant personnel, students employed by the college to issue citations, Hunt Hall and Dorion Hall student officers, the Director of Residence Halls, and Business Office personnel, depending on the location of the violation. College personnel concentrate on illegal parking in reserved parking areas.

Eastern Oregon College does not have campus police; therefore enforcement of state, county, city, and campus parking and vehicular traffic regulations is dependent upon the cooperation of the above personnel. Strict enforcement
Meeting #398-91

September 7, 1971

is necessary to minimize congestion, maintain safety, enhance security, and maximize the use of existing parking facilities.

Authority to Establish Vehicular Regulations

Authority to establish regulations governing the use of vehicles within approved campus boundaries is derived from Oregon statutes and action of the Oregon State Board of Higher Education pursuant to such statutes.

Use of Income from Fines

Income from fines paid in the Business Office is used to defray the cost of printing parking permits, maintaining state-owned parking facilities, and employing personnel who issue citations.

The above regulations have been approved by the Office of the Vice Chancellor of Administration and Board of Higher Education and filed with the Secretary of State.

Approved by A. M. Rempel, President Date
PARKING AND VEHICULAR TRAFFIC REGULATIONS
Southern Oregon College
Revised August 1971

INTRODUCTION

AUTHORITY TO ESTABLISH MOTOR VEHICLE REGULATIONS

Authority to establish regulations governing the use of motor vehicles on the Southern Oregon College Campus for visitors, faculty, staff and students is derived from Oregon Statutes and action of the Oregon State Board of Higher Education pursuant to such statutes. The rules and regulations as herein published have been approved by the Office of the Chancellor and filed with the Secretary of State in accordance with the provisions of ORS 183.010 to 183.040. Strict enforcement of these regulations is necessary to minimize congestion, maintain safety on Campus streets, enhance security, and maximize the use of existing parking facilities.

APPLICATION OF MOTOR VEHICLE LAWS OF THE STATE OF OREGON AND THE CITY OF ASHLAND

All motor vehicle laws of the State of Oregon and City of Ashland, including specifically, but not by way of limitation, ORS Chapters 481, 482, 483, 484, 435, and 486, together with amendments hereafter adopted, are applicable to the campus of Southern Oregon College to the same extent as if this campus and its streets were public highways, and all provisions of said motor vehicle laws are applicable and enforceable except insofar as they are incompatible or inconsistent with these regulations.

Revised July 14, 1971
1. VEHICLE REGISTRATION AND PARKING PERMITS

a. Vehicles requiring a State license are classified as motor vehicles and include automobiles, trucks, motorcycles, and motor scooters, all of which are hereafter referred to as vehicles.

b. All students, faculty and staff who have vehicles in their possession or control for use on the campus at any time during the year must register their vehicles for a parking permit at the Business Office. Students will register their vehicles for a parking permit during registration for classes or the Business Office. Faculty and Staff will register their vehicles for a parking permit at the Business Office.

c. "Parking" stickers may be attached only to the vehicle for which they were issued and whose license plates are as registered.

d. "Parking" stickers must be permanently affixed to a designated area of the vehicle as specified by the Security and Safety Office. If a vehicle is disposed of, stickers should be removed and returned to the Business Office to obtain another sticker.

e. Bicycles to be used or parked on the Campus will be registered with the City of Ashland in accordance with Ordinances thereof, and this registration will be filed with the Business Office.

2. DRIVER RESPONSIBILITY

a. All persons operating vehicles on campus are responsible for knowing and adhering to the regulations stated herein. A thorough understanding of these regulations is important because violations will result in needless expense and inconvenience to violators.

b. The regulations are enforceable at all times including vacation periods by authorized Security Officers.

c. The posted signs or markings shall be followed.

3. PARKING PERMITS AND PARKING AREAS

a. Vehicles will park in specified areas as designated by parking sticker and campus parking map.

b. Regulations may change from time to time. In the event of conflict between traffic signs or markings and printed regulations, the signs or markings shall be followed.

c. FACULTY-STAFF "parking" permits will be issued for a specified fee annually (see fee schedule) to classified employees and to faculty. Vehicles displaying faculty-staff permits are authorized to park in designated faculty-staff areas (yellow). Because of limited space assigned for faculty-staff parking, vehicles displaying these stickers may park in other parking lots on the campus when faculty lots are filled.
d. STUDENT COMPUTER "parking" permits will be issued for a specified fee (see fee schedule) to students who live off campus and wish to bring vehicles on the campus. Vehicles displaying student permits may park in student areas (green).

e. RESIDENCE HALL "parking" permits will be issued to students living in residence halls for a specified fee (see attached schedule). Vehicles displaying a Residence Hall permit may park in residence hall areas (red) at any time.

f. SUMMER TERM "parking" permits will be issued to faculty, staff and students for a specified fee (see fee schedule). These permits will be valid for Summer Term only. Holders of an annual permit are exempted from this requirement.

g. MOTORCYCLE AND SCOOTER "parking" permits will be issued for a specified fee (see fee schedule) for the school year. These vehicles will be parked only in areas designated for two wheel vehicles.

h. The year begins, for purposes of vehicle parking permits, with the Fall Term. However, any vehicle parking permits that are issued at the beginning of Winter, Spring, or Summer Terms for the remainder of the year can be purchased at a reduced fee (see fee schedule).

i. REPLACEMENT vehicle permits may be obtained for a specified fee (see fee schedule) for original or second vehicle permits that have been destroyed or if the vehicle has been sold. Proof of vehicle ownership and evidence of the old permit must be presented, or a signed certification of permit destruction turned in to the Business Office.

j. SPECIAL permits may be approved by the Security and Safety Department, such as:

   (1) Temporarily disabled students may be issued a special permit.
   (2) Special "Service" permits will be issued to Service Agencies who frequently do business at the SOC Campus.
   (3) Other permits may be prescribed by the Traffic Committee.

k. The parking areas for SOC will be "open" from 6 PM to 6 AM EXCEPT "Faculty-Staff" lots and other areas so marked as long as vehicles are parked legally.

l. VISITORS displaying Visitor's Permits, available at the Business Office, Department Offices, Division Offices, or Campus Activities Office, may park in any of the parking areas, provided all posted signs are observed. Visitor's passes are ordinarily issued for "one day" only. Special exceptions may be made by the Security and Safety Office. Buses shall usually park in Lot #1 by the Gym and will be expected to have a "VISITOR'S" permit. In the event a visitor's vehicle is ticketed while the driver is in the process of obtaining a visitor's parking permit, he may return both the ticket and his permit to the Business Office where authority is granted to the Business to void the ticket.
m. For a second vehicle owned by the driver, more than one parking sticker may be issued with appropriate control(s) (see fee schedule). If a substitute vehicle not owned by the driver needs to be brought on campus, the individual will need to acquire and use a substitute vehicle permit.

n. Students or staff members who leave the college or sell their vehicle without replacing the permit are entitled to refunds which will be made only for whole terms (Fall, Winter, and Spring) remaining, and upon return of the sticker or fragments thereof showing the registration number. Refunds for a term will not be made after the published date for late school registration for that term.

o. Special Parking Stalls will be established for the President, Dean of Faculty, and Dean of Administration.

p. Special Reserve Parking may be provided for permanently disabled students, faculty and staff for a specified fee (see fee schedule).

q. A limited number of parking stalls are available for Reserved Parking for a specified fee (see fee schedule). Applications may be made to the Traffic Committee for approval.

4. DRIVING AND PARKING REGULATIONS ON CAMPUS

The Dean of Administration in consultation with the Traffic Committee will designate parking areas on the campus.

a. Anyone operating a vehicle on campus shall observe speed limits, barricades, bicycle lanes, crosswalks, and stop signs and shall drive in a safe and prudent manner. The speed limit on campus is 15 m.p.h. at all times unless otherwise posted. Driving or parking vehicles on sidewalks, lawns, and other areas not designated for driving or parking is prohibited.

b. Campus traffic boundaries and parking areas are indicated on the campus traffic map.

c. Vehicles shall be parked within indicated boundaries.

d. Vehicles shall not be parked in loading zones at any time for any purpose other than loading and unloading.

e. Where special bicycle racks are provided on the campus for parking, they will be used. Pedestrians have the right-of-way over bicycles on campus walks.

5 TRAFFIC COMMITTEE

a. The Traffic Committee is established in an advisory capacity to the President to assist in the orderly, effective, and economical regulation of vehicle use on the Southern Oregon College campus and will make recommendations to the President to establish or modify traffic and parking policies and regulations.
b. The Traffic Committee in its advisory function serves as a recommending body with final authority resting with the President.

c. The composition of the Traffic Committee shall include three faculty members, three student members, and one Civil Service staff member. The faculty members will be recommended by the Faculty Senate for final acceptance by the President. The student members will be recommended by the Student Senate for final acceptance by the President. The Oregon State Employees Association will conduct an appropriate election to select membership on this committee by a process that will involve all full-time members of the civil service staff for recommendation to and final acceptance by the President.

d. Term of Office. Each member of the Traffic Committee will be appointed for the period of two years. Appointments to fill vacancies will be for the unexpired term of the particular vacancy being filled. Terms of office will be staggered so as to provide continuity.

6. PENALTIES FOR OFFENSES

a. Bringing unregistered vehicle on campus: Fine $10.00

b. Registered vehicle on campus without proper permit: Fine $5.00

c. Falsification of vehicle registration information: Fine $10.00

d. Parking Offenses: Fine $5.00

e. Improper driving, including such offenses as reckless driving, driving while intoxicated, speeding, driving the wrong way, running stop signs, excessive noise, and other offenses not otherwise specified herein which are a violation of the motor vehicle laws of the State of Oregon are punishable upon conviction in accordance with said motor laws.

f. Recurring excessive convictions of citations - five or more citations in a school year - will result in cancellation of parking permit by the Security and Safety Office. A refund may be made in this instance as per Section 3, paragraph n.

7. ENFORCEMENT OF PENALTIES

a. All penalties prescribed in paragraph 6 other than for violations enforced in appropriate courts of law as provided in paragraph 6-e, will be administratively enforced by Southern Oregon College. For all traffic violations administratively enforced by Southern Oregon College, the violator will receive a traffic citation or notice of the offense with which he is being charged, together with the scheduled fine for said violations in accordance with the penalties set forth in said paragraph 6.
b. After receipt of a traffic citation, the individual must, within 7 calendar days of the date on the traffic citation, either, (1) pay the appropriate fine, or (2) file a request for a hearing before the Traffic Appeals Board.

c. Any person wishing to take his case before the Traffic Appeals Board must prepare a request Petition for Appeal of Traffic Violation, for a hearing indicating why the citation should not be enforced. Petition forms must be filed at the Security and Safety Office within 7 calendar days of the date of citation. Petition forms are available at the Security and Safety Office. The Traffic Appeals Board shall hear the matter and render judgment, and its findings shall be conclusive subject to appeal through the Traffic Committee to the College President. In special cases, he may at this time request substitution of an alternate member of the Traffic Appeals Board for his hearing.

d. A student who fails to tender payment to the College for any traffic citation received, or to request a hearing before the Traffic Appeals Board within 7 days of the date on the traffic citation will, after written notice, have the fine deducted from his general deposit.

e. The student's right to receive his registration packet and to enroll during the registration period will also be denied if any penalties owing under these regulations remain unpaid at the time of registration.

f. A faculty or staff member who fails to tender payment to the College for any such traffic citation received, or to request a hearing before the Traffic Appeals Board within 7 days of the date on the traffic citation will, after written notice, have the fine deducted from his payroll check.

8. TRAFFIC APPEALS BOARD -- FACULTY, STAFF, AND STUDENTS

Statement of Purpose

The Traffic Appeals Board, hereinafter referred to as TAB, is established to provide an expedient method of handling appeals for citations issued by Southern Oregon College Security Officers. They provide only for matters concerning traffic and parking violations on the Southern Oregon College campus which fall under Southern Oregon College's jurisdiction.

I. a. The composition of the TAB will consist of two faculty members, one Civil Service staff member and three students. Faculty members will be nominated by the Faculty Senate. The Oregon State Employees Association will conduct an appropriate election to select staff membership on this board by a process that will involve all full-time members of the Civil Service staff. Both nominations will be subject to confirmation by the President. Student members of the board will be nominated by the Student Senate and confirmed by the President.

Each of the above groups - Faculty Senate, OSEA, and Student Senate - will provide a minimum of one, but no more than three, alternate members to the TAB. Alternate members can only be used in the absence of
appointed members. It will be the responsibility of the absent member to notify an alternate to fulfill his obligation.

b. All members of the TAB must hold a current parking permit.

c. Term of Office. Each member of the TAB will be appointed for a period of three years. Terms of office will be staggered initially by a drawing conducted by TAB so as to provide continuity.

d. The TAB shall hear cases concerning traffic and parking violations brought before them.

II. a. The decision of the TAB may be appealed through the Traffic Committee to the President. Forms for making a written appeal are available at the Security and Safety Office. The Security and Safety Department will also have an opportunity to submit a written statement concerning the issuance of the citation.

b. Citations resulting from violations other than parking may result in the passing of the case out of SOC jurisdiction into that of appropriate civil authorities at the discretion of the Traffic Appeals Board.

c. The party appealing the citation may have legal counsel to present his case to the TAB, but must be present.

d. All persons appealing a traffic violation must be present at the time scheduled or the set fine will be imposed.

e. The TAB serves an arbitration function.

f. In considering appeals, the TAB shall have full authority to:

1. Dismiss the violation.

2. Find the individual not guilty of the charges in the citation.

3. Find the individual guilty of the violation and either impose the fine stipulated in these Regulations, or impose a lesser fine.

4. Enter a finding of guilty, and, without imposing any fine, issue a reprimand or warning, or impose a fine but suspend its payment during a fixed probationary period.

9. AUTHORITY OF CAMPUS SECURITY OFFICERS

All members of the Security and Safety Department are designated as security officers and are vested with full authority as peace officers in accordance with laws of the State of Oregon. (1) All notices of violations of any of the provisions herein will be signed by campus Security Officers. Security Officers will be appropriately designated and will carry identification and/or wear distinctive dress.

a. The jurisdiction of Southern Oregon College Security Officers will be limited to the physical boundaries of the Southern Oregon College campus

(1) ORS 352.360 and 133.170
for the purposes of assisting in the enforcement of the traffic, parking, and policies of vehicle registration as established herein for Southern Oregon College.

b. Employment procedures for Southern Oregon College Security Officers will be administered by the Dean of Administration.

c. Southern Oregon College Security Officers will be expected to attend conferences and educational programs for peace officers as the duties of their position require.

d. The normal performance of duties should be carried out without the bearing or use of firearms.
FACULTY, STAFF, AND STUDENT COMMUTER - For first registered vehicle

- Fall Term through Summer Term: $15.00
- Winter Term through Summer Term: $13.00
- Spring Term through Summer Term: $9.00
- Summer Term only: $7.00

RESIDENCE HALL STUDENTS - For first registered vehicle

- Fall Term through Summer Term: $10.00
- Winter Term through Summer Term: $8.00
- Spring Term through Summer Term: $7.00
- Summer Term only: $6.00

MOTORCYCLE AND SCOOTER

Flat rate per school year: $5.00

SECOND VEHICLE OR REPLACEMENT PERMIT

- $1.00

SPECIAL RESERVED PARKING FOR PERMANENTLY DISABLED

- Same as Faculty and Staff Fee Schedule
  (See Above)

RESERVED PARKING (NON-REFUNDABLE)

- $12.00 over and above price for regular parking permit
I RESPONSIBILITY IN TRAFFIC CONTROL

a. Oregon Revised Statute 352.360 authorizes the State Board of Higher Education to "...enact such regulations as it shall deem convenient or necessary to provide for the policing, control and regulation of traffic and parking of vehicles on the property of any institution under the jurisdiction of the Board. Such regulations may provide for the registration of vehicles, the designation of parking areas, and the assessment and collection of reasonable fees and charges for parking."

b. Strict enforcement of these regulations is necessary to minimize congestion and maintain safety on campus roads and in parking areas. The Oregon Technical Institute Executive Office has placed the administration of these regulations with the Campus Traffic Commission working in co-ordination with the Campus Police.

c. The Board, "for the purpose of enforcing its regulations governing traffic control, may appoint peace officers who shall have the same authority as other peace officers as defined in O.R.S. 133.170."

d. The regulations listed hereinafter which provide for the policing, control, and regulating of traffic and parking of vehicles on campus are enforceable whenever a vehicle is on campus. All personnel (faculty, staff, and students) of Oregon Technical Institute are required to be knowledgeable of and abide by these regulations.

e. Administrative and disciplinary sanctions may be imposed upon students, faculty and staff for violation of the regulations, including but not limited to, a reasonable monetary penalty which may be deducted from student deposits, and
faculty or staff salaries or other funds in the possession of the institution as provided in sub-section 2 of O.R.S. 352.360. The regulations may also be enforced by the impoundment of vehicles, and a reasonable fee may be enacted for the cost of the impoundment and storage, if any, prior to the release of the vehicles to their owners, as provided in sub-section 4 of O.R.S. 352.360.

f. The regulations governing traffic control may, by authority of the Traffic Commission and with approval of the State Board of Higher Education, be changed or altered (temporarily or permanently) whenever it is deemed to be beneficial to the public interests. In the event of any emergency or special event, parking and traffic regulations may be waived by the Traffic Commission or administrator in charge.

II VEHICLE REGISTRATION

a. A vehicle is any motor conveyance requiring a state or city license to operate on public highways.

b. Any vehicle operated on campus must be properly registered with the Traffic Co-ordinator, Physical Plant Office. Vehicles must be registered at the time of academic-registration. PROOF OF OWNERSHIP MUST BE PRESENTED AT TIME OF REGISTRATION. (Title or state vehicle registration certificate.) After academic-registration vehicles must be registered when brought on the campus the first time.

c. Registration permits must be permanently affixed to the rear bumper (left-third) on the registered vehicle. Courtesy parking permits for visitors must be obtained at the information desk in Snell Hall and displayed as indicated on that permit. Temporary parking permits, issued to students and faculty, must be obtained at the Traffic Co-ordinator's Office, Snell Hall 203, and will be displayed as indicated. Any variation of the above instructions must be approved by the Traffic Co-ordinator's office.
d. Vehicles must have either a faculty or student permit, double registration of any one vehicle is not permitted.

e. Registration may be rescinded and removal of the permit required: (1) for failure to comply with traffic regulations or to rulings of the Traffic Commission, (2) for failure to pay fines as prescribed in regulation 7 or as assessed by the Traffic Commission, (3) when the permit is used on an unregistered vehicle or by an unauthorized person, (4) when registration is found to be false or inaccurate, (5) when enrollment is terminated, and (6) when the time specified on the permit is expired.

III PARKING PERMITS

a. Student parking fees are to be paid as follows:

Fall Term - $12.00 (full year assessment)
Winter Term - $8.00 (2-term assessment)
Spring Term - $4.00 (2-term assessment)

A student registering a vehicle after the last day to drop classes as indicated in the academic calendar, will pay a charge of one-half the term's parking fee for that term and full fees for the remaining terms of the school year as indicated above.

b. Reserved Space permits will be assigned to those who must come and go from the campus frequently (President, Deans, etc.) for a fee of $21.00 per annum.

c. (1) Staff permits will be issued to faculty members for a fee of $15.00 per annum. (2) Staff permits will be issued to classified employees for a fee of $12.00 per annum. Vehicles with these permits must park in the faculty-staff parking areas (blue).

d. Student permits will be issued for a fee of $12.00 per annum to full-time* students who live off campus and bring cars on the campus. Vehicles dis-

*Full-time students are those registered for 12 credit hours or more per term.

playing student permits must park in student areas - (Orange).

e. Student permits will be issued to part-time* students for a fee of $1.50 per term.

f. Division of Continuing Education permits will be issued to students who are attending only DCE classes for a fee of $1.50 per term. DCE students may apply for a DCE parking permit for the school term by submitting a completed Vehicle Registration Card and the $1.50 fee to the Cashier's Office.

g. Summer Term permits will be issued to staff and students who were not registered full-time during the preceding year. A fee of $3.00 is charged for these permits and will be valid for Summer Term only.

h. Two-wheeled, Power and Scooter permits will be issued for a fee of $7.00 per annum. Such vehicles will be parked according to instructions in section 5.

i. Bicycle permits will be issued for a fee of $3.00 per annum. Such vehicles will be parked according to instructions in section 5.

j. Special permits may be issued at the Physical Plant Office under the following circumstances: (1) permanently handicapped students may be issued a special permit upon application to and approval by the Traffic Commission, after paying the appropriate student permit fee. (2) Students temporarily handicapped may be issued a temporary handicapped permit upon application to and approval by the Traffic Co-ordinator, provided a regular student parking fee has been paid. (3) Students, staff, and faculty who wish to bring a vehicle on campus on a temporary basis up to two weeks in duration, will be issued a temporary permit for a fee of $1.00. (4) Vehicles displaying temporary permits must park in the area designated by that permit.

k. Refunds for students withdrawing from school will be consistent with

* Part-time students are those registered for eleven credit hours or less per term.
State Board policy for fee and tuition refunds. A non-returning student will receive a refund for those terms not attended during the school year. If a student disposes of his registered vehicle and does not replace it with another, however, a refund of fees paid in advance for succeeding terms only, will be made.

2. Second vehicle or replacement permits may be obtained for a fee of $.50 provided proof of ownership is established. Second vehicle permits will not be issued for two-wheeled vehicles except as replacement permits. Purchasers of second vehicle permits may have only one vehicle on campus at a time, unless full parking fees have been paid for both vehicles.

m. Visitors displaying Courtesy Parking permits may park in areas designated by that permit, provided all posted signs are observed.

IV DRIVING ON CAMPUS

a. Any operator of a motor vehicle, while driving on campus, must comply with the traffic laws and ordinances of the State of Oregon and the City of Klamath Falls, and with the regulations governing motor vehicles on campus.

b. Designations for campus roads: (1) main roads -- entrance-exit roads and roads connecting one campus area with another, (2) service roads -- roads to buildings and to service parking zones, (3) access roads -- roads connecting parking areas with main roads, (4) parking aisles -- roads within the parking areas which connect parking spaces with access roads, and (5) circle drive -- road at entrance to Snell Hall.

c. Maximum speeds for operating vehicles on campus: (1) main roads -- 25 miles per hour unless otherwise designated, (2) service and access roads -- 15 miles per hour, and (3) parking aisles and circle drive -- 10 miles per hour. Speed limits must be observed and complied with on all campus roads.

d. The "basic rule" and rules for safe driving are constantly in effect. Moving violations shall automatically be referred to the Traffic Commission.

e. Vehicles leaving service roads, parking aisles, and circle drive must yield to vehicles operated on main roads; and vehicles operated on any road must yield to pedestrian traffic.

f. Driving any vehicle on sidewalks, lawns, landscape areas, or on any area not designated or designed for driving is prohibited.

g. Cases involving destruction of State property resulting from the use of a motor vehicle shall be automatically referred to the Business Manager, Snell Hall 201 for collection of damages, in addition to customary fine.

V PARKING ON CAMPUS

a. A "parked vehicle" refers to any vehicle which is stopped with or without a driver in attendance and irrespective of the time such vehicle is stopped. The driver (owner) of a vehicle must assume the risk of injury to other vehicles which are parked when the proximate cause of the injury involves negligent parking on the part of the driver or to mechanical failure on the part of the driver's parked vehicle.

b. Areas designated for parking are indicated on the campus traffic map or are listed herein as "(1) parking 1 -- area west of circle drive, (2) parking 2 -- area east of circle drive, (2a) east and adjacent to parking lot no. 2, (3) parking 3 -- area west of and adjacent to Physical Education Building, (3a) north of parking lot no. 3 and adjacent to Physical Education Field, (4) parking 4 -- area northeast of and adjacent to Cornett Hall, and (5) parking 5 -- area south of Physical Plant."

c. Zones designated for loading-unloading purposes and/or for limited parking are indicated on the campus traffic map or listed herein as "(1) service
Parking -- east of cafeteria, northeast of and adjacent to Physical Education Building, west of Classroom Building, and on all service roads and (2) limited parking -- west of and adjacent to Residence Hall and on circle drive. Circle drive will be open for parking between 6:00 p.m. and 6:00 a.m., on weekends and on school holidays, except for the space marked "Police."

d. Vehicles shall be parked on campus ONLY in areas designated for parking. Parking of vehicles on any road, driveway, fire lane, entranceway to building, pedestrian lane, and landscaped area is prohibited. Encroachment upon adjacent spaces and parking aisles is prohibited.

e. Assigned parking is authorized as indicated on the campus traffic map and is marked by appropriate colors and signs or is listed herein as "(1) blue -- faculty, staff, and visitors, (2) orange -- resident and commuter students, (3) white -- as marked, (parallel parking only), (4) yellow -- limited and service.

f. Parking assignments may, by authority of the Traffic Commission be temporarily changed in the event of special campus activities.

g. When need has been established, a reserved parking space may be authorized by the Traffic Commission within a parking area; no other vehicle may be parked in this space.

h. Handicapped persons may be authorized special parking permits which will allow parking in spaces designated "handicap parking"; no other vehicle may be parked in these spaces.

i. Head-in parking is required with the front wheels adjacent to the curb where angle or right-angle parking spaces are provided; parallel parking is required where paralleled spaces are provided and is permissible in service zones for purposes of loading and unloading.
j. Parking is allowed for service vehicles only in any service zone.

k. Special zones are designated for parking two-wheeled vehicles; no other vehicles may be parked in these zones.

l. Open parking is permissible between 6:00 p.m. and 6:00 a.m. and on weekends and school holidays EXCEPT for parking in reserved spaces, services areas, fire lanes, and limited parking zones.

m. Parking of any vehicle in any building is prohibited, except Cornett Hall during repairs.

n. Repair of vehicle in any parking area or zone is prohibited, except in minor repair area.

VI APPLICATION OF MOTOR VEHICLE LAWS OF THE STATE OF OREGON

All motor vehicle laws of the State of Oregon including specifically, but not by way of limitation, Chapters 481, 482, 483, 484, 485, and 622, together with amendments hereafter adopted are applicable to the campus of Oregon Technical Institute to the same extent as if said campus and its roads were public highways, and all provisions of said motor vehicle laws are invoked and enforceable except insofar as they are incompatible or inconsistent with these regulations.

VII PENALTIES FOR OFFENSES

a. Vehicle not registered - Fine of $2.00
b. Permit not properly displayed - Fine of $2.00
c. Falsification of information - Fine of $5.00
d. Parking offenses - Fine of $2.00
e. Moving violations including such offenses as reckless driving, driving while intoxicated, speeding, driving the wrong way, running stop signs, excessive noise, and other offenses not otherwise specified herein which are a violation of the motor vehicle laws of the State of Oregon are punishable upon convic-
tion, in accordance with said motor laws. Violators will normally be cited to the District Court.

f. FAILURE TO ANSWER A CITATION AS DIRECTED OR RESPOND TO A LETTER from the Traffic Commission within the time specified thereon may be punishable by a fine of up to $2.00. A fine of $5.00 will be levied for each additional letter.

g. Excessive citations may result in cancellation of parking permit by the Traffic Commission. In addition, the violator may be referred to the Office of Student Personnel Services for disciplinary action.

h. Bail will be required in all appeal cases referred to the Traffic Commission. The amount of bail shall not exceed the prescribed fine for the violation.

i. A student who fails to tender payment to the cashier for any traffic citation received or fails to post bail and requests a hearing before the Traffic Commission on or before the date specified on the traffic citation will, after written notice, have the fine deducted from his general deposit.

j. A faculty or staff member who fails to tender payment to the cashier for any traffic citation received or fails to post bail and requests a hearing before the Traffic Commission on or before the date specified on the traffic citation will, after written notice, have the fine deducted from his payroll check.

VIII ENFORCEMENT OF PENALTIES

A student, faculty, or staff member who is cited for violation of a parking regulation shall, within the time provided on the citation:

1. Pay the amount prescribed on a citation as a penalty to the cashier on the OTI campus, or;

2. Request a hearing before the Traffic Commission and post the amount prescribed on the citation as bail. The appeal shall be in writing and indicate reasons of defense to the violation. The Traffic Commission shall review the matter and render judgment and its finding shall be conclusive. The submission of the matter to the Traffic Commission shall be a waiver of any rights to pra-
sent the matter to the District Court.

The Traffic Commission hearings shall have the full authority to:

A. Dismiss the violation.

B. Find the individual not guilty of the charges on the traffic citation.

C. Find the individual guilty of the violation, or of some lesser violation, and impose a fine as the Traffic Commission shall consider appropriate.

D. Enter a finding of guilty, and without imposing any fine, issue a reprimand or warning, or impose a fine and suspend its payment during a probationary period.

E. In addition, make recommendations to OTI authorities as a restriction or suspension of driving privileges, withdrawal of academic registration or parking privileges, dismissal, or other disciplinary actions. Such actions, however, shall be recommendatory only.

3. Request a hearing before the District Court in Klamath Falls and post the amount prescribed on the citation as bail. The written request shall be submitted to the Traffic Co-ordinator's Office, whereupon his case will be set on the docket of the District Court of Klamath Falls, in accordance with the rules and procedures pertaining to said court. The requirements for the posting of bail, the assessment of court costs, and the conduct of hearings and other matters in such cases will be in accordance with the laws and rules applicable in said court. Failure to respond to the three (3) solutions as stated above will be punishable as stated in paragraph 7h and 7i.

IX AUTHORITY OF CAMPUS POLICE OFFICERS

All members of the campus police have been appointed as special agents of the Oregon State Police and are vested with full authority as peace officers
in accordance with the laws of the State of Oregon. All notices of violations of any of the regulations herein will be signed by the campus policemen as peace officers. Any resistance to, interference with, or physical assault upon a campus police officer, will be handled in the same manner and to the same extent as a similar offense against other police officers.

These regulations are subject to revision.
