Meeting #426-122

Adjourned
Session of
Meeting of
September 23,
1975

Vice-President Joss called to order the adjourned session of the regular State Board of Higher Education meeting of September 23, 1975, at 11:00 A.M., Pacific Standard Time, October 28, 1975, in Room 338, Michael J. Smith Memorial Center, Portland State University, Portland, Oregon. The following Board members were present:

Mrs. Jane H. Carpenter
Mr. Edward C. Harms, Jr.
Mr. Robert C. Ingalls
Mr. Philip A. Joss
Mr. Marc F. Maden
Miss Valerie McIntyre
Mr. Louis B. Perry
Mr. Loran L. Stewart

Absent: Mrs. Betty Feves and Mr. George H. Layman were absent due to illness; Mr. W. Philip McLaurin was absent for business reasons.

AR 10.275, Procedural Rule for Changes and Additions to Administrative Rules

In accordance with instructions from the Attorney General, dated September 16, 1975, a proposed procedural rule has been prepared for the adoption, amendment, or repeal of any rule of the State Board of Higher Education. ORS 183.335 provides that no public hearing is required unless requested. No request has been received.

Staff Recommendation to the Board

It was recommended that the State Board of Higher Education adopt the following procedural rule in accordance with Oregon Laws 1975, chapter 759, section 6 to provide a reasonable opportunity for interested persons to be notified of the State Board of Higher Education's proposed actions. The procedural rule would be added to the Board's Administrative Rules as AR 10.275.

10.275 Procedural Rule for Changes and Additions to Administrative Rules

Prior to the adoption, amendment or repeal of any rule, except a temporary rule, the State Board of Higher Education shall give notice of the proposed adoption, amendment or repeal:

1. In the Secretary of State's Bulletin referred to in ORS 183.360 at least fifteen (15) days prior to the effective date.

2. By mailing a copy of the Notice to persons on the State Board of Higher Education mailing list established pursuant to ORS 183.335 (3).

3. By mailing a copy of the notice to the following persons, organizations or publications:

   a. Members Board of Higher Education
   b. Presidents State System Institutions
   c. United Press International
   d. Associated Press
   e. The Oregonian
   f. The Oregon Journal
   g. Eugene Register-Guard
   h. Corvallis Gazette-Times
   i. Willamette Week
   j. Medford Mail Tribune
   k. State System Student Newspapers
   l. Daily Journal of Commerce
   m. Ashland Daily Tidings
   n. KOAC-KQAP-TV-Radio
   o. KQIN-TV-Radio
   p. KGW-TV
   q. KATU-TV
   r. KYXI
   s. KPTV
   t. KVAL-TV
Board Discussion and Action

During the discussion, two modifications were made to the staff recommendation. The words "except a temporary rule" were added in the first line, and KVAL-TV was added to the list of the persons, organizations, and publications receiving notices of proposed rule changes.

Upon motion by Mr. Stewart, the Board approved the staff recommendation and adopted AR 10.275, Procedural Rule for Changes and Additions to Administrative Rules, as presented. The following voted in favor of adoption: Directors Carpenter, Harms, Ingalls, Joss, Maden, McIntyre, Perry, and Stewart. Those voting no: None.

Mr. Joss declared AR 10.275 duly adopted by a unanimous vote of those present.

Staff Recommendation to the Board

On July 22, 1975, the Board adopted temporary rule AR 41.061 pertaining to sick leave for academic personnel. It was recommended that the Board adopt, as a permanent rule, AR 41.061 as described below:

AR 41.061 Sick Leave Plan for Academic Personnel

All full-time academic staff will be credited with eight hours of sick leave for each full month of service or two hours for each full week of service of less than one month. Part-time academic staff employed .50 FTE or more will be credited a prorata amount. No credit shall be given during periods of sabbatical leave, educational leave or leave without pay.

Academic staff who have earned sick leave credits shall be eligible to use such credits for any period of absence from service which is due to the employee's illness, bodily injury, disability resulting from pregnancy, necessity for medical or dental care or attendance upon members of the employee's immediate family (employee's parents, spouse, children, brother, sister or member of the immediate household) where employee's presence is required because of illness or death in the immediate family of the employee or the employee's spouse.

At the time and in the manner prescribed by the Chancellor, each academic employee covered by these provisions shall certify to the officer designated the amount of sick leave earned and the amount of sick leave with pay utilized. Sick leave records will be maintained in an appropriate file for each staff member until separation or retirement, whichever first occurs.

Academic staff members who have fewer than 520 hours of earned unused sick leave may be advanced the difference between earned unused sick leave and 520 hours when the need arises. As sick leave is earned, the amount shall replace any sick leave advanced until all advanced time is replaced with earned time. The purpose of this provision is to assure academic staff members of at least 90 calendar days of sick leave with pay at all times. Unused advanced sick leave may not be considered for purposes of retirement benefits. There shall be no limitations on the amount of earned sick leave which can be accumulated.

Board Discussion and Action

Mr. Joss said that the time set for the public hearing on AR 41.061, Sick Leave Plan for Academic Personnel, had arrived. He asked if anyone wished to be heard for or against the proposed rule. There being no response to his request, Mr. Joss declared the public hearing closed.
In response to a question concerning the reason for providing sick leave for academic personnel, it was indicated that the rule was in response to legislation passed by the 1973 Legislature. The statute authorizes conversion of half of the unused sick leave to retirement benefits in the final average pay on which retirement benefits are based.

The Board discussed whether sick leave and other fringe benefits should be included in the Administrative Rules or be a part of collective bargaining contracts. The Chancellor said that there is presently a collective bargaining contract with only one institution. Failure to adopt AR 41.061 would deny academic personnel at other institutions the benefits received by other public employees.

Mr. Harms said he concurred with the position that the benefits should be available for personnel not covered by negotiations but said he would not be bound by past practice if sick leave became an issue in collective bargaining at some future time.

Upon motion by Mr. Stewart, the Board approved the recommendation and adopted AR 41.061, Sick Leave Plan for Academic Personnel, as presented. The following voted in favor of adoption: Directors Carpenter, Harms, Ingalls, Joss, Maden, McIntyre, Perry, and Stewart. Those voting no: None. Mr. Joss declared AR 41.061 duly adopted by a unanimous vote of those present.

(Considered by Committee on Finance, Administration, and Physical Plant, October 28, 1975; present--Perry, McIntyre, Ingalls, Stewart, Carpenter, Harms.)

Staff Recommendation to the Committee

It was recommended that the appropriate officials of the Board be authorized to submit a request to the State Emergency Board for a General Fund allocation in the amount of approximately $45,297, which would be supplemented with tuition and fee income of about $17,182, to cover the cost of using a dormitory, Maaske Hall, at Oregon College of Education for educational and general purposes from January 1, 1976, to June 30, 1977. It was also recommended that the Chancellor be authorized to allocate $15,000, or as much thereof as may be required, from the Board's reserve for physical plant rehabilitation and minor capital outlay, for such remodeling and refurbishing as may be necessary in this building to accommodate the changed use.

Discussion and Recommendation by the Committee

Mr. Perry said there is a national trend for college students to return to campus living accommodations and asked if the Oregon College of Education projections for student housing needs had been considered in recommending the conversion of the building to educational and general use.

Mr. Hunderup responded affirmatively and stated that the occupancy of student housing was more favorable than last year, but, in view of the enrollment situation and the projections for enrollment growth at Oregon College of Education, there would still be ample housing available if Maaske Hall were converted to other purposes. He said the building was not ideally suited for campus housing.

In response to a question, it was stated that there had been some discussion of using the facilities at Monmouth to house Oregon State University students, but the distance between the institutions resulted in significant added cost and inconvenience for students. If additional dormitory spaces are needed at Oregon College of Education in the future, it would be possible to require students to share accommodations. Rooms for 162 students will also be available in Arbuthnot Hall at the end of this year unless a new arrangement is made with the police academy. It is not anticipated that the conversion of Maaske Hall to educational and general use would create a shortage of residence hall spaces.
In response to a question from Mr. Ingalls, Mr. Hunderup explained that the project had not been included in the capital construction program for the present biennium because the reduced enrollment at Oregon College of Education had not justified assigning a system-wide priority high enough for the project to fall within the $30 million of approved projects. The present request would permit the building to be used on an interim basis, with the assumption that a permanent conversion to educational and general use would carry a high institutional priority for 1977-1979.

In commenting on the "emergency" nature of the request, it was stated that the project would not qualify as an actual emergency. However, the space is needed, it was not anticipated in the operating budget report for which the appropriations were made, and the request is comparable to other requests placed before the Emergency Board for approval.

It was indicated that the project rejected previously had been the repurchase and major modification of the building at a much larger capital outlay request. The rejection was not made by the legislature, nor by the Board in terms of the interim use of the facility. Previously, the project did not rank sufficiently high in priority to come within the Board's $30 million ceiling on total capital construction requests. The present request is for a much smaller project to make only minimal changes necessary to accommodate the educational and general purpose use and pay debt service.

Mr. Stewart said he favored the project because it involved the use of an existing building at a cost of renovation which is probably as low as it will ever be. At the same time, hazardous conditions would be eliminated by vacating Swindel Hall.

The Committee recommended that the Board approve the staff recommendations as presented.

Board Discussion and Action

The Board approved the Committee recommendation as presented, with the following voting in favor: Directors Carpenter, Harms, Ingalls, Joss, Maden, McIntyre, Perry, and Stewart. Those voting no: None.

Staff Report to the Committee

Maaske Hall was constructed in 1955 and was used until 1972 as a dormitory with a capacity for about 104 male students. Because of a decline in the numbers of students housed on the campus in Monmouth, institutional officials presented a request in their capital construction program recommendations for 1973-1975 that this building be redecorated to educational and general use, such as for faculty offices, conference and seminar rooms, etc., but the project was not authorized, so the building remained vacant for a while. Its close proximity to the Education-Psychology Building and the Student Center makes it attractive for use in the instructional, research and public service programs of the institution.

To forestall vandalism by providing a "caretaker" occupant and to provide accommodations for Dr. Richard Walker and his staff, a portion of the space on the first floor was assigned to the Regional Resource Center for the Deaf with a nominal rental payment to the housing department. Subsequently, when construction of the new Fine Arts Building required the demolition of some temporary facilities on the site, a few members of the Music faculty were also provided office space in Maaske Hall.
Institutional officials have proposed that the entire building be converted to educational and general use for occupancy by the Regional Resource Center for the Deaf and for faculty and other staff members in various campus departments, including the Humanities, Education and Psychology, and Music. With minimal remodeling, the areas could be used effectively as offices, small laboratories, observation rooms, conference rooms, seminar rooms and general purpose classrooms.

Such use would expedite the removal of the old Swindel Hall, a former apartment house (on the east side of Monmouth Avenue directly across from Maaske Hall) now used temporarily for offices. It is scheduled for demolition upon completion of the Fine Arts Building.

In accordance with policies adopted by the Board previously, it is expected that whenever a dormitory is to be utilized for educational and general purposes, rental payments should include an amount equal to the debt service assessment applicable to the building. For the remainder of this biennium, excluding the period prior to January 1, 1976, this requirement is estimated to be about $23,032. During the same period of 18 months, the operation and maintenance costs are estimated to be approximately $39,447 after deducting the physical plant support provided from the indirect cost allowances within the grant funds available for the program for the deaf. Thus a total of $62,479 needs to be added to the budget of the institution for the use of the facilities to June 30, 1977. Of this amount, it is proposed that tuition and fee income provide about $17,182, or 27.5 percent, and the remainder of $45,297 be requested as an allotment from the General Fund appropriation which the 1975 Legislature made to the Emergency Board as a contingency reserve for the Department of Higher Education.

To cover the estimated expenditure requirements of $15,000 for remodeling restroom facilities and for general refurbishing of interior spaces, it is proposed that an allocation be made from the Board's reserve for physical plant rehabilitation and minor capital outlay.

It is anticipated that the institution will assign a high priority in its capital construction requests for 1977-1979 to the permanent rededication of Maaske Hall. Such a proposal would include not only the "purchase" of the building from the auxiliary enterprise category by making a payment in accordance with the Board policies adopted September 26, 1972, but also the related future remodeling costs, such as the adaptation of the building for improved access by the physically handicapped.

Preliminary Plans for Clinical Research Center within University Hospital North, UOHS C

(Considered by Committee on Finance, Administration, and Physical Plant, October 28, 1975; present--Perry, McIntyre, Ingalls, Stewart, Carpenter, Harms, Joss.)

Staff Recommendation to the Committee

It was recommended that the preliminary plans prepared by Architects Broome, Oringulph, O'Toole, Rudolf & Associates for the remodeling of a portion of the second floor of University Hospital North at the University of Oregon Health Sciences Center be approved and that the appropriate Board officials be authorized to solicit bids and award a contract as soon as the final planning is completed, federal grant funds of approximately $107,110 are available to supplement other institutional resources (principally gifts and grants) of about $10,768 and the approval of the State Emergency Board is obtained to expend up to $117,878 for the project.

Discussion and Recommendation by the Committee

President Bluemle said the Clinical Research Center is one of approximately 100 at similar institutions throughout the country which were established through legislation to enable academic health centers to engage in orderly, concerted research involving human subjects. He said the Clinical Research Center is an institutional resource and any proposals or programs that involve human subjects
from any department are reviewed by a committee. If approved by the committee, the department is permitted to utilize the resources of the Center for the research. In commenting on the commitments made to Dr. William Connor, President Bluemle said Dr. Connor had come to Oregon from Iowa with the promise that he would have the necessary resources to continue his important work as one of the foremost clinicians studying arteriosclerosis. President Bluemle said Dr. Connor is willing and able to work in the facilities provided but could do his work better if the additional renovation project is approved.

President Bluemle also said the proposed remodeling program was prepared in the context of general use of the Clinical Research Center rather than to meet the needs of Dr. Connor.

The Chancellor asked whether the remodeling would result in additional funds being required for operation and maintenance. President Bluemle said there was no intention to apply for additional operating costs. He explained that in recent years the federal government has generally added these costs to the assessment charged patients and their insurance carriers, particularly when they derive benefit from the medical services that go along with the clinical research operation.

The Committee recommended that the Board approve the recommendations as presented.

Board Discussion and Action

The Board approved the Committee recommendation as presented, with the following voting in favor: Directors Carpenter, Harms, Ingalls, Joss, Maden, McIntyre, Perry, and Stewart. Those voting no: None.

Staff Report to the Committee

Upon the recommendation of institutional officials, arrangements were made last fall for the professional services of Architects Broome, Oringdulph, O'Toole, Rudolf & Associates, Portland, to assist in preparing plans and cost estimates for some remodeling within University Hospital North for the expansion of the Clinical Research Center and within the fourth floor of the Medical Research Building for a related Metabolic Laboratory. Subsequently, with the prior concurrence of the State Emergency Board, applications were filed with the U. S. Department of Health, Education, and Welfare for grant assistance to cover the remodeling costs.

Because of the urgency of providing laboratory space for Dr. William Conner, a renowned cardiologist who joined the faculty of the Medical School recently, so that he could continue his research in coronary heart disease as well as a disease of the blood vessels of the brain and legs, a portion of the remodeling contemplated in the Medical Research Building is expected to be undertaken immediately by utilizing resources of less than $50,000 available to the institution from indirect cost allowances on instructional and research contracts and grants. This initial phase of the proposed Metabolic Laboratory involves an area of about 958 net assignable square feet. The remainder of the remodeling contemplated on the fourth floor of the Medical Research Building will be deferred pending approval of the federal funds.

The Clinical Research Center, in which Dr. Conner also participates, currently occupies space on the third floor of University Hospital North. The funding source for its operation is the Clinical Research Center's Branch of the Division of Research Resources at the National Institutes of Health (part of the Department of Health, Education, and Welfare). The grant application filed with the federal government included a request for funds in the amount of $220,000 for renovation
and alterations to an area of approximately 4,243 square feet within University Hospital North. Based upon informal advice from the granting agency, it appears likely that only about $107,110 will be made available this fiscal year. Because the scope of work to be accomplished initially will require a project budget of approximately $117,878, the institution proposes to supplement the federal grant with about $10,768 of other institutional resources, principally gifts and grants.

As reflected in the preliminary plans prepared by the architects, for which Board approval is being requested at this time, the proposed expansion of the Clinical Research Center on the second floor of the hospital would be accomplished by altering an existing patient ward to provide an intensive care unit, a diet kitchen equipped to prepare metabolic and regular diets, a new toilet room, and remodeling of an existing toilet room. The renovations in the remainder of the ward would be minor, involving primarily clean-up and painting. Of the estimated expenditure requirements of $117,878, the direct construction costs are expected to be about $87,400.

Funds required for the architectural planning of the remodeling are being provided from balances available to the institution, principally gifts and grants.

Resolution
Regarding Classified Information for the U. S. Department of Defense, OSU

(Considered by Committee on Finance, Administration, and Physical Plant, October 28, 1975; present--Perry, McIntyre, Ingalls, Stewart, Carpenter, Harms, Joss.)

Staff Recommendation to the Committee

Although relief from the requirement may eventually be given, it was recommended that the Board of Higher Education adopt the following resolution:

Resolution

At a meeting of the Oregon State Board of Higher Education on the 28th day of October, 1975, with a quorum present, it was voted:

That, those persons occupying the following positions for Oregon State University, shall be known as the Managerial Group as described in the Industrial Security Manual for Safeguarding Classified Information:

President
Vice President for Research and Graduate Instruction
Dean of Administration
Director of Business Affairs
Chairman, Research Council
Dean of Faculty
Security Officer

That the chief executive and the members of the Managerial Group have been processed or will be processed for a personnel clearance for access to classified information, to the level of the facility clearance granted to this institution as provided for in the aforementioned Industrial Security Manual.

That the said Managerial Group is hereby delegated all of the Board's duties and responsibilities pertaining to the protection of classified information under classified contracts of the Department of Defense or User Agencies of Its Industrial Security Program awarded to Oregon State University.

That the following named officers and members of the Oregon State Board of Higher Education shall not require, shall not have, and can be effectively excluded from access to all classified information in the possession of Oregon State University and do not occupy positions that would enable them to affect adversely the policies and practices of Oregon State University in the performance of classified contracts for the Department of Defense or User Agencies for Its Industrial Security Program awarded to Oregon State University.

Discussion and Recommendation by the Committee

President MacVicar said Oregon State University is required to file the resolution because certain oceanographic information is classified by the Department of the Navy. This information is useful and in some instances, a necessary core for the appropriate conduct of research in oceanography. He said this does not imply there is any intention on the part of Oregon State University to engage in research which is itself unclassified, but it makes it possible for individuals to have access to classified information which, if used, is freed from its classified status and introduced into the open literature.

The Committee recommended that the Board approve the recommendation and adopt the resolution as presented.

Board Discussion and Action

Mr. Joss said it had been suggested that the Board act on the resolution regarding classified information for the U. S. Department of Defense at the October 28 adjourned meeting instead of deferring action to the regular November 25 Board meeting.

Mr. Ingalls moved that the Board adopt the resolution as recommended by the Committee, but with a change in the date included in the resolution from November 25 to October 28, 1975.

Miss McIntyre said she would not wish to interfere with Oregon State University's access to important information, but she was extremely uncomfortable with waiving her rights and privileges as an individual Board member. She said she would have to vote against the motion if Oregon State University were to engage in classified research but had mixed emotions about the question of only having access to classified information.

The Board adopted the resolution, including the change in date to October 28, 1975, with the following voting in favor: Directors Carpenter, Harms, Ingalls, Joss, Perry, and Stewart. Those voting no: Director Maden. Director McIntyre abstained.
Staff Report to the Committee

Although institutions of the State System do not enter into contracts for research with the Federal Government that would result in the production of classified information, access to classified information that may be helpful is sometimes provided for in other Department of Defense contracts or subcontracts.

In 1961, 1965 and 1974, the Board approved resolutions giving assurance to the Department of Defense that members and officials of the Board would not be given access by reason of their office to classified information which came into the possession of Oregon State University under Department of Defense contracts or subcontracts. A prior resolution (in 1955) listed the Board members by name. Oregon State University officials report that Federal officials advised the 1965 resolution was not acceptable by reason of the fact it did not designate Board members by name as required by Paragraph 22e(1) of the Industrial Security Manual for Safeguarding Classified Information. Since the standard resolution would need to be changed every time there was a change in Board membership, Oregon State University has asked for a modification of the standard resolution language. Such modification has not been made and, in view of the changes in Board membership, re-adoption of the resolution is recommended.

In adopting the resolution a year ago, Mr. Maden spoke and voted against the resolution. Miss McIntyre abstained. Mr. Westerdahl also spoke against the "demeaning" requirement. The access afforded for OSU researchers to classified information as a consequence of adoption of the resolution appears to be sufficiently beneficial to warrant approval of the resolution.

The following gifts and grants to the institutions have been approved for acceptance and expenditure by the institutions and the Board's Office in accordance with Board action on January 27-28, 1964. It was recommended that the Secretary of the Board be authorized to call upon the institutions to make suitable acknowledgement on behalf of the Board to the donors and grantors. The Board accepted the report as presented with the following voting in favor: Directors Carpenter, Harms, Ingalls, Joss, Maden, McIntyre, Perry, and Stewart. Those voting no: None.

Meeting #426-134

October 28, 1975

Academy of Natural Sciences of Philadelphia

American Chemical Society

Grant of $15,750 from the American Chemical Society, Washington, D.C., for research entitled, "A Model for Deltaic-Turbidite Sedimentation: Miocene Astoria Formation, Pacific Northwest," August 1, 1975, through August 31, 1977, under the direction of Dr. Alan R. Niem, Assistant Professor of Geology.

Argonne National Laboratory

Grant of $39,377 from the Argonne National Laboratory, Argonne, Illinois, for research entitled, "Feasibility Studies on Neutron Radiography for Small Bundle Tests in SAREF," July 1, 1975, through January 2, 1976, under the direction of Dr. J. P. Barton, Associate Professor of Nuclear Engineering.

Biological Services, Inc.

Grant of $7,000 from Biological Services, Inc., Vancouver, Washington, for research entitled, "Economic Relationship Studies in Connection with Fisheries on the Columbia River," June 1 through December 31, 1975, under the direction of Dr. William G. Brown, Professor of Agricultural Economics.

Mr. A. T. Cloe

Gift of two cedar carved decoys, from Mr. Amos T. Cloe, Newport. The gift is valued at $100.

Mr. D. DeHart

Gift of one Spencer Rotary Microtome, one 180mm Jung Microtome blade, and assorted biological dyes, from Mr. Douglas A. DeHart, Wedderburn. The gift is valued at $390.

Mr. P. Elmore

Gift of six 1920 OSU Beavers, from Mr. Pitts Elmore, Redding, California. The gift is valued at $150.

Exxon Education Foundation

Grant of $6,252 from the Exxon Education Foundation, New York, for the conduct of workshops to acquaint faculty in computer use and to facilitate implementation of EXPER SIM at OSU, July 3, 1975, through June 30, 1976, under the direction of Dr. J. Rolly Kinney, Assistant Professor of Mechanical Engineering.

The Ford Foundation

Grant of $100,000 from The Ford Foundation, New Delhi, India, for the graduate training program in the Department of Agricultural and Resource Economics particularly for sponsored students from India, July 1, 1975, through June 30, 1979, under the direction of Dr. Herbert H. Stoevener, Professor of Agricultural and Resource Economics.

Mrs. A. I. Holt

Gift of two works of art and a parchment manuscript for the art department, and one Tiffany Silver Carving and one Tiffany Silver pitcher for the President's Residence, from Mrs. A. Isabella Holt, Portland. The gifts are valued at $11,600.

Jackson-Josephine Consortium

Grant of $390,364 from the Jackson-Josephine Consortium, Medford and Grants Pass, "for work experience opportunities for poverty level youth between the ages of 14 and 22," July 1 through October 1, 1975, under the direction of Mr. James McAlister, Neighborhood Youth Council Supervisor.

Lilly Research Laboratories

Grant of $3,500 from the Lilly Research Laboratories, Indianapolis, Indiana, for a graduate studies project involving experimentation with anti-fungal agents, July 3, 1975, through July 31, 1976, under the direction of Dr. Leo W. Parks, Professor of Microbiology.

Lockheed-California Company

Grant of $73,755 from the Lockheed-California Company, Burbank, California, for "Research on Wind Energy Conversion Systems--Wind Energy Mission Analysis," May 5, 1975, through February 29, 1976, under the direction of Dr. E. Wendell Hewson, Chairman, Department of Atmospheric Sciences.
Meeting #426-135

National Aeronautics & Space Administration

Grant of $4,773.50 from the National Aeronautics and Space Administration, Moffett Field, California, to "develop advanced method for analysis of the effects of wind turbulence on ride and flight path control systems for light wing loading STOL aircraft," under the direction of Dr. James R. Welty, Head of Mechanical Engineering.

National Council of the Paper Industry for Air and Stream Improvement, Inc.

Grant of $8,009.12 from the National Council of the Paper Industry for Air and Stream Improvement, Inc., New York, for "Sulfite Waste Research," April 1 through June 30, 1975, under the direction of Dr. James G. Knudsen, Associate Dean of Engineering.

National Oceanic and Atmospheric Administration

Grants totaling $1,769,335 from the National Oceanic and Atmospheric Administration, Washington, D. C., for research and other purposes, as follows:

1. $19,532 - "To evaluate and advise with regard to marine economics research and extension," July 1, 1975, through June 30, 1976, under the direction of Dr. Ludwig Eisgruber, Head, Agricultural and Resource Economics.

2. $10,000 - "Analysis of Economics Benefits from Selected Production Possibilities Available to Columbia River Salmon Hatcheries," July 1, 1975, through June 30, 1976, under the direction of Dr. William G. Brown, Professor of Agricultural Economics.

3. $38,687 - "Acute and Chronic Toxicity of Seawater Extracts of Alaskan Crude Oil to Zoeai of the Dungeness Crab, Cancer Magister, Dana," May 27, 1975, through September 30, 1976, under the direction of Dr. Richard S. Caldwell, Assistant Professor of Fisheries.

5. $110,600 - "Baseline Study of Microbial Activity in the Beaufort Sea and Gulf of Alaska and Analysis of Crude Oil Degradation by Psychrophilic Microorganisms," May 10, 1975, through September 30, 1976, under the direction of Dr. Richard Y. Morita, Professor of Microbiology.

6. $1,794 - "Making an assessment and documentation of the accomplishments of the Sea Grant Program," December 1, 1974, through December 1, 1975, under the direction of Dr. William Q. Wick, Director, Sea Grant College Program.

7. $1,550,000 - "Research under the Sea Grant Program," July 1, 1975, through June 30, 1976, under the direction of Dr. William Q. Wick, Director, Sea Grant College Program.

National Science Foundation

Grants totaling $383,600 from the National Science Foundation, Washington, D. C., for research and other purposes, as follows:

1. $9,200 - "Intermediate Minkowski-Christoffel Problems," June 15, 1975, through November 30, 1976, under the direction of Dr. William J. Firey, Professor of Mathematics.

2. $1,200 - "A postdoctoral fellowship in behalf of Dr. Louis Allamandola," May 1, 1975, through April 30, 1976, under the direction of Dr. Joseph W. Nibler, Associate Professor of Chemistry.
3. $17,000 - "For University representatives to attend the meetings of the man and the biosphere planning committees," May 15, 1975, through April 30, 1976, under the direction of Dr. Roy A. Young, Vice President of Research and Graduate Studies.

4. $147,300 - "Semisolid Fermentation of Grass Straw," July 1, 1975, through December 31, 1978, under the direction of Dr. A. W. Anderson, Professor of Microbiology.

5. $13,200 - "For graduate fellowships in behalf of Andrea C. Ostrofsky and Suellen Vernoff," July 1, 1975, through September 30, 1976, under the direction of Dr. Lavern J. Weber, Assistant Dean of the Graduate School; Dr. Thomas C. Moore, Chairman, Department of Botany and Plant Pathology; and Dr. E. J. Dornfeld, Chairman, Department of Zoology.

6. $43,100 - "The conduct of a workshop on relation of metallogenesis and plate tectonics to be held at Gleneden Beach, Oregon," August 1, 1975, through July 31, 1976, under the direction of Dr. LaVerne D. Kulm, Associate Professor of Oceanography.

7. $48,000 - "Construction of equipment for characterization of ultra weak fluorescences," September 1, 1975, through February 28, 1978, under the direction of Dr. Malcolm Daniels, Professor of Chemistry.

8. $104,600 - "Vessel Operation," June 3, 1975, through June 30, 1976, under the direction of Captain Richard G. Redmond, Senior Instructor in Oceanography.

---

**Grant of $14,600 from the Oregon Educational Coordinating Commission, Salem, "for a project to test and evaluate various materials and systems for the purpose of developing a set of computer materials flexible enough to enable students or faculty members to select programming language and computer systems germane to the particular application involved," June 25, 1975, through June 30, 1976, under the direction of Dr. Curtis R. Cook, Assistant Professor of Computer Science.**

**Grants totaling $33,539 from the Oregon State Department of Education, Salem, for the following purposes:**

1. $11,183 - "Coordinate Field Test Project for McKnight Publishing-Exploring Careers in Fabrics, etc.," June 26, 1975, through February 29, 1976, under the direction of Dr. Wayne Courtney, Coordinator of Vocational Education.

2. $22,356 - "To provide a program of training and development for adult education administrators, teachers, counselors, aids and paraprofessionals," July 1, 1975, through June 30, 1976, under the direction of Dr. Tom E. Grigsby, Assistant Professor of Education.

**Grant of $15,000 from the Oregon State Department of Revenue, Salem, "for the conduct of a sample survey of knowledge, behavior, and attitudes of Oregon citizens toward the Oregon tax system," May 1 through September 30, 1975, under the direction of Dr. Lyle Calvin, Chairman, Department of Statistics.**

**Grant of $579.60 from the Oregon State Employment Division, Salem, "for on-the-job training for a disadvantaged person," May 23 through September 19, 1975, under the direction of Mr. Wallace E. Gibbs, Director of Admissions and Registrar.**

**Grant of $399,735 from the Oregon State Executive Department, Manpower Planning Division, Salem, "to provide work experience opportunities for poverty level youth between the ages of 14 and 22," July 1 through October 1, 1975, under the direction of Mr. James McAlister, Neighborhood Youth Council Supervisor.
Oregon State Highway Division  Grant of $30,000 from the Oregon State Highway Division, Salem, for a project, "To study, plan and interpret programs for nine state parks," June 17 through September 1, 1975, under the direction of Dr. Michael Freed, Assistant Professor of Resource Recreation Management.

Oregon State Office of the State Engineer  Grant of $1,420.50 from the Oregon State Office of the State Engineer, Salem, "for an archeological investigation of the Thomas-Cottonwood Watershed, Lake County, Oregon," June 9 through December 31, 1975, under the direction of Dr. W. A. Davis, Professor of Anthropology.

Pacific Northwest Regional Commission  Grant of $25,000 from the Pacific Northwest Regional Commission, Vancouver, Washington, "for a three-day conference on the magnitude and deployment schedule of energy resources," June 12 through December 31, 1975, under the direction of Dr. Chih H. Wang, Director, Office of Energy Research and Development.

Mr. B. Price  Gift of spare parts to the PB 44 air compressor, from Mr. Bill Price, Houston, Texas. The gift is valued at $500.

Rockefeller Foundation  Grants totaling $103,010 from the Rockefeller Foundation, New York, for the following purposes:

1. $81,210 - "Wheat improvement in the Middle East and North Africa," January 1 through June 30, 1975, under the direction of Dr. Warren E. Kronstad, Professor of Agronomic Crop Science.

2. $21,800 - "For a Fellowship Program in Environmental Affairs," September 1, 1975, through August 31, 1976, under the direction of Dr. Peter J. Copek, Assistant Professor of English.

U. S. Agency for International Development  Grants totaling $1,024,250 from the U. S. Agency for International Development, Washington, D. C., for the following purposes:

1. $1,000,000 - "Moisture Conservation and Utilization in Low Winter Rainfall Areas of Less Developed Countries," May 30, 1975, through May 29, 1980, under the direction of Dr. Stanley F. Miller, Research Associate, International Plant Protection Center.

2. $24,250 - "To impart new techniques on Weed Science," July 1 through October 31, 1975, under the direction of Dr. Stanley F. Miller, Research Associate, International Plant Protection Center.

U. S. Department of Agriculture  Grants totaling $27,200 from the U. S. Department of Agriculture, Portland, for research and other purposes, as follows:

1. $18,500 - "Determination of Equivalencies--'A Values' for Emulsion Cold Mix Paving Materials," June 16, 1975, through December 15, 1976, under the direction of Dr. R. G. Hicks, Associate Professor of Civil Engineering.

2. $5,000 - "An inventory and mapping of the surface resources of the Calapooya Creek Watershed, Douglas County, Oregon," May 29 through December 31, 1975, under the direction of Dr. Barry J. Schrumpf, Director, Environmental Remote Sensing Application Laboratory.

3. $3,700 - "Survey of Cultural Resources at Cascade Head, Scenic-Research Area," June 26 through August 15, 1975, under the direction of Dr. Richard E. Ross, Assistant Professor of Anthropology.
Grants totaling $85,240 from the U. S. Department of the Army, Portland, for research and other purposes, as follows:

1. $14,302 - "Development of Methods to Stabilize Willamette River Basin Streambanks by Natural Means," June 24, 1975, through March 31, 1976, under the direction of Dr. Peter C. Klingeman, Associate Professor of Civil Engineering.

2. $49,889 - "Inventory and Assessment of Existing Environmental Conditions at Miller Sands Island in the Columbia River (physical-chemical)," June 30 through December 12, 1975, under the direction of Dr. Norman H. Cutshall, Research Associate in Oceanography.

3. $21,049 - "Social Effects Assessments of the Days Creek Dam," July 1, 1975, through April 16, 1976, under the direction of Dr. Thomas C. Hogg, Chairman of Anthropology.

Grants totaling $244,579 from the U. S. Department of Health, Education, and Welfare, Washington, D. C., for research and other purposes, as follows:

1. $3,918 - "For the purchase of library books and materials," June 23, 1975, through June 30, 1976, under the direction of Mr. Robert M. Connell, Associate Director of Libraries.

2. $1,056 - "For the purchase of instructional television equipment," June 27, 1975, through June 30, 1976, under the direction of Dr. Harold Livingston, Director of Classroom TV.

3. $1,855 - "For the purchase of closed circuit television equipment to be used for instructional purposes," June 27, 1975, through June 30, 1976, under the direction of Dr. Harold Livingston, Director of Classroom TV.

4. $5,000 - "For the purchase of instructional materials, and equipment to assist and improve undergraduate instruction," June 27, 1975, through June 30, 1976, under the direction of Dr. Benjamin P. Purvis, Director, Instructional Resource and Materials Center.

5. $83,700 - "Upward Bound," July 1, 1975, through June 30, 1976, under the direction of Mr. Ramon Chacon, Project Director of Special Services and Upward Bound.

6. $49,500 - "Special Services," July 1, 1975, through June 30, 1976, under the direction of Mr. Ramon Chacon, Project Director of Special Services and Upward Bound.

7. $99,550 - "Vocational Education Training Program in Leadership Development," July 1, 1975, through August 31, 1976, under the direction of Dr. Joel Galloway, Assistant Professor of Industrial Education.

Grants totaling $47,630 from the U. S. Department of the Interior, Seattle, Washington, for the following purposes:

1. $5,650 - "For an archaeological survey, with testing as necessary, of the Gaston #1 Reservoir Site and an archaeological evaluation and inventory in the Tualatin Project, Second Phase," June 17 through September 15, 1975, under the direction of Dr. Wilbur A. Davis, Professor of Anthropology.
2. $25,000 - "Studies of Ecological Problems in National Parks," June 25, 1975, through June 30, 1976, under the direction of Dr. Carl Stoltenberg, Dean of the School of Forestry.

3. $16,980 - "For the conduct of a youth conservation corps camp during the summer, 1975," July 29 through August 30, 1975, under the direction of Mr. M. L. Filipponi, Associate Professor of Resource Recreation Management.

U. S. Department of the Navy

Grant of $19,444 from the U. S. Department of the Navy, Naval Research Laboratory, Washington, D. C., for the study of "Coherent Anti-Stokes Raman Spectroscopy," August 15, 1975, through June 15, 1976, under the direction of Dr. David P. Shoemaker, Head, Chemistry Department.

U. S. Energy Research and Development Administration

U. S. Environmental Protection Agency

Grants totaling $182,342 from the U. S. Environmental Protection Agency, Washington, D. C., for research and other purposes, as follows:

1. $55,327 - "Air Pollution Control," July 1, 1975, through June 30, 1976, under the direction of Dr. Richard W. Boubel, Professor of Mechanical Engineering.

2. $6,025 - "Developing and coordinating a comprehensive hazard evaluation system for assessing unreasonable adverse effect of pesticide on man and the environment," May 5 through August 5, 1975, under the direction of Dr. Virgil Freed, Head of Agricultural Chemistry.

U. S. Public Health Service

Grants totaling $541,173 from the U. S. Public Health Service, Bethesda, Maryland, for research and other purposes, as follows:

1. $26,240 - "Training program in Microbiology," July 1, 1975, through June 30, 1976, under the direction of Dr. Paul R. Elliker, Head of Microbiology.

2. $7,709 - "Comparative Pharmacology and Toxicology," July 1, 1975, through June 30, 1976, under the direction of Dr. Lavern J. Weber, Associate Professor of Pharmacology and Fisheries.

U. S. Environmental Protection Agency

Grants totaling $182,342 from the U. S. Environmental Protection Agency, Washington, D. C., for research and other purposes, as follows:

1. $55,327 - "Air Pollution Control," July 1, 1975, through June 30, 1976, under the direction of Dr. Richard W. Boubel, Professor of Mechanical Engineering.

2. $6,025 - "Developing and coordinating a comprehensive hazard evaluation system for assessing unreasonable adverse effect of pesticide on man and the environment," May 5 through August 5, 1975, under the direction of Dr. Virgil Freed, Head of Agricultural Chemistry.

3. $50,000 - "Study on Energy Costs of Water Quality Improvement," June 25 through August 24, 1975, under the direction of Dr. Peter Klingeman, Associate Professor of Civil Engineering.

4. $70,990 - "Effects of Non-gaseous Airborne Pollutants from Coal-fired Power Plants on Plant Growth and Metabolism," July 21, 1975, through July 20, 1976, under the direction of Dr. Thomas C. Moore, Chairman, Botany and Plant Pathology.

U. S. Energy Research and Development Administration

Grants totaling $182,342 from the U. S. Environmental Protection Agency, Washington, D. C., for research and other purposes, as follows:

1. $55,327 - "Air Pollution Control," July 1, 1975, through June 30, 1976, under the direction of Dr. Richard W. Boubel, Professor of Mechanical Engineering.

4. $70,990 - "Effects of Non-gaseous Airborne Pollutants from Coal-fired Power Plants on Plant Growth and Metabolism," July 21, 1975, through July 20, 1976, under the direction of Dr. Thomas C. Moore, Chairman, Botany and Plant Pathology.

U. S. Public Health Service

Grants totaling $541,173 from the U. S. Public Health Service, Bethesda, Maryland, for research and other purposes, as follows:

1. $26,240 - "Training program in Microbiology," July 1, 1975, through June 30, 1976, under the direction of Dr. Paul R. Elliker, Head of Microbiology.

2. $7,709 - "Comparative Pharmacology and Toxicology," July 1, 1975, through June 30, 1976, under the direction of Dr. Lavern J. Weber, Associate Professor of Pharmacology and Fisheries.

3. $57,268 - "Metabolic Relationships of Selenium in Mypathies," June 1, 1975, through May 31, 1976, under the direction of Dr. Philip D. Whanger, Associate Professor of Agricultural Chemistry.

4. $23,647 - "Ring Expansion Routes to 8, 9, 13, 14--Disecosteroids," June 1, 1975, through May 31, 1976, under the direction of Dr. Richard W. Thies, Assistant Professor of Chemistry.
5. $43,085 - "Genetics and Physiology of Developmental Mutants," June 1, 1975, through May 31, 1976, under the direction of Dr. Lyle R. Brown, Assistant Professor of Microbiology.

6. $14,880 - "Training program in Toxicology," July 1, 1975, through June 30, 1976, under the direction of Dr. Charles E. Warren, Professor of Fisheries.

7. $65,007 - "N-Nitrosamines in Foods," June 1, 1975, through May 31, 1979, under the direction of Dr. Richard A. Scanlan, Associate Professor of Food Science and Technology.

8. $33,600 - "Fluorescence Studies of Enzyme Structure and Function," June 1, 1975, through May 31, 1976, under the direction of Dr. Sonia R. Anderson, Associate Professor of Biochemistry and Biophysics.

9. $78,051 - "Training program in Biometry," July 1, 1975, through June 30, 1976, under the direction of Dr. Lyle Calvin, Head, Department of Statistics.

10. $36,981 - "Establishment and operation of a Drug Information Service," July 1, 1975, through June 30, 1976, under the direction of Dr. Charles O. Wilson, Dean, School of Pharmacy.

11. $6,242 - "Play Behavior and Socialization," June 25, 1975, through May 31, 1976, under the direction of Dr. Dennis L. McDonald, Assistant Professor of Biology.

12. $37,291 - "Analysis of the Sterol Components of Yeast," June 30, 1975, through May 31, 1976, under the direction of Dr. Leo W. Parks, Professor of Microbiology.

13. $7,138 - "Photoreaction and Herbicide Metabolism," April 1, 1975, through March 31, 1976, under the direction of Dr. Sheng C. Fang, Professor of Agricultural Chemistry.

14. $1,504 - "Methylmercury Detoxification in Marine Animals," January 1 through December 31, 1975, under the direction of Dr. Donald R. Buhler, Associate Professor of Agricultural Chemistry.

15. $102,550 - "The Development and Application of Analytical Methods for N-Nitrosamine Compounds," May 2, 1975, through November 30, 1976, under the direction of Dr. Donald D. Bills, Associate Professor of Food Science and Technology.

Grant of $35,113 from the U. S. Veterans Administration, Portland, "to provide counseling interviews and administer certain examinations and psychological testing," July 1, 1975, through June 30, 1976, under the direction of Dr. Morris LeMay, Director, Counseling and Testing Center.

Subgrant of $76,630 through the University of Oregon, Eugene, under a U. S. Department of Health, Education, and Welfare grant, "for a Gerontology training program," June 30, 1975, through June 29, 1976, under the direction of Dr. J. Richard Connelly, Assistant Professor of Family Life.

Subgrant of $36,725 through the University of Oregon Health Sciences Center, Portland, under a U. S. Public Health Service grant, for research entitled, "Late Results of Valve Replacement: Computer Analysis," June 1, 1975, through May 31, 1976, under the direction of Dr. Lyle Calvin, Head, Department of Statistics.
Gift of 71 books on the subjects of counseling and guidance, from Dr. Charles Warnath, Corvallis. The gift is valued at $161.20.

Gifts to the Oregon State University Horner Museum, from various donors, as follows:

Mr. & Mrs. D. Chipman: Gifts of 5 glass jello molds, popcorn popper, gem pan, pancake griddle, cast iron skillet, iron pot, electric iron with 2 stands, 2 film boxes, 2 glass seed jars, 3 bottles, crockery preserve jar, 2 tea canisters, wooden stirring spoon, porcelain dishes from Japan (8 plates, 4 cups, 1 salt and pepper, 13 saucers), pottery bowl, and china lamp with brass base, from Mr. and Mrs. Dale Chipman, Portland. The gifts are valued at $300.

Gifts to the Oregon State University Library, from various donors, as follows:

Mr. W. Bollen: Volumes 1-17 of the Canadian Journal of Microbiology and Volumes 1-2 of Journal of Bacteriology, from Mr. W. B. Bollen, Corvallis. The gift is valued at $477.

Estate of E. Englund: One thousand, two hundred and seventeen volumes, from the Estate of Eric Englund, Washington D. C. The gift is valued at $1,100.

Dr. T. Stitzel: Ninety books on the subjects of management, finance, and marketing, from Dr. Thomas Stitzel, Corvallis. The gift is valued at $360.75.

Grants to the several Agricultural Experiment Station Departments and Divisions, for research work and other purposes, from various donors, as follows:

Abbott Laboratories: $500 - "Research with Abbot Laboratories' growth regulator ABG 3001," under the direction of Dr. M. N. Westwood, Professor of Horticulture.

Agricultural Engineering Research Foundation: $4,000 - "Optimizing production of agricultural systems in relation to energy," under the direction of Dr. Robert B. Winsink, Assistant Professor of Agricultural Engineering.

Agricultural Research Foundation: $4,000 - "Study the impact of changes in farm irrigation systems," under the direction of Dr. John W. Wolfe, Professor of Agricultural Engineering.

Agricultural Research Foundation: $7,050 - "Testing and studying fungicides for the control of diseases of fruit trees," under the direction of Mr. I. C. MacSwan, Professor, Extension Plant Pathology Specialist.

$3,000 - "Breeding, genetics, pathology, chemistry and culture of hops," under the direction of Dr. C. E. Horner, Professor of Plant Pathology.

$3,000 - "Control of mint diseases," under the direction of Dr. C. E. Horner, Professor of Plant Pathology.

$2,047 - "Activity and flavor production of lactic cultures," under the direction of Dr. W. E. Sandine, Professor of Microbiology.

$11,762.90 - Representing the value of equipment transferred from the Agricultural Research Foundation to the various departments and experiment stations.
