

# Policy Issues for the Board, 2003-04

---

- **Quality, Affordability, and Access**
- **P-16**
- **Mission Clarification & System Strategic Plans**
- **Governance**

## 1. **Quality, Affordability, and Access**

- Complete the work of developing Board statements on the major policy dimensions of Quality, Affordability, and Access.
- Structure this work according to the policy roles framework developed under “Governance” below, so that State, Board, System, and Institutional responsibilities in each area are identified.

## 2. **P-16**

- Continue to develop a policy agenda for public education throughout P-16.
- Locus for this work is the Joint Boards.

## 3. **Mission Clarification & System Strategic Plans.**

- Conduct individual campus planning discussions through SSP.
- At the conclusion, identify “gaps” and “overlaps” that need to be addressed in a System Strategic Plan.

## 4. **Governance**

- Identify the current distribution of responsibilities for specific policy issues between the State (Executive and Legislature), the Board, the System Administration, and the Universities.
- Identify policy gaps and places where responsibility should be reassigned.
