

**Oregon Opportunity Grant  
Shared Responsibility/Earned Opportunity Grant Award Amount Calculation**

Calculation	Dependent Students	Independent Students		
		Unmarried, no dependent	Unmarried, with dependents	Married, no dependents
Student Budget	Sector average for enrollment-weighted tuition & fees + Sector average for enrollment-weighted other expenses (room & board, books, personal & travel)			
– Student Contribution	Expectation for public two-year colleges: \$4,750 from work or savings, roughly calculated as: Oregon minimum wage (\$7.50/hr) * 16 hrs/wk for 45 weeks - OR - the sum of 10 hrs per wk * 30 wks (academic year) + 40 hrs/wk * 10 wks (summer/holidays) + no work during remaining weeks, all multiplied by ~90%.  Expectation for public four-years and privates: \$7,500 calculated as \$4,750 + \$2,750 borrowing per year.			
	Parental contribution portion of EFC	If EFC <= \$4,750, then FC = \$0  If EFC > \$4,750, then FC = EFC - \$4,750		EFC
– Pell Grant	Determined through federal methodology			
– Federal Tax Credits	Limited to tuition and fees prices and based on estimated federal tax liability levels. For freshmen and sophomores, the higher of the Hope or Lifetime Learning tax credits. For juniors and seniors, the Lifetime Learning tax credit. All students are assumed to take advantage of the full amount for which they are eligible.			

?? Estimates are broken out by income levels.

?? The maximum award may be no more than the sector average for tuition and fees.
