

Undergraduate Admission Requirements Policy for 2010-11 Academic Year

(Approved by the Oregon State Board of Higher Education on February 6, 2009)

Background

In February 2009, the Oregon State Board of Higher Education policy calls for approval of the 2010-11 undergraduate admission requirements for Oregon University System (OUS) institutions. This schedule is necessary for institutional planning, program implementation, publication production, and timely notice to prospective students.

Currently, the Joint Boards of Education has been tasked by the Governor with creating a Unified Education Enterprise, building a student-centered pipeline that maximizes educational opportunity and achievement for all Oregon students. As part of this assignment, OUS continues to examine the current framework of standards and assessments in Oregon to close the gap between high school exit expectations for most students and the proficiency needed to take the next step into postsecondary education.

Although high school diploma standards do not guarantee OUS entrance, the universities' admission criteria are based on continued performance analysis and retention outcomes of students at each institution. The admission policy of each institution is designed to ensure appropriate preparedness and to increase the likelihood for retention and university graduation within four to six years.

Students who successfully complete an Oregon high school diploma but who are not admissible to OUS are encouraged to pursue preparatory coursework and/or remediation at any of the Oregon community colleges. Community college partnerships to support these students are well developed among OUS institutions. Statewide legislative support for statewide P-20 initiatives has improved access to information about alternative pathways toward a baccalaureate degree for students who begin their postsecondary education at Oregon community colleges. A comprehensive electronic source, Oregon ATLAS, provides students with centralized public access to individual course and program articulation among all public institutions in Oregon.

Recommendation to the Board

The OUS Provosts' Council recommends that the Undergraduate Admission Requirements policy be approved as updated for the 2010-11 academic year.

Undergraduate Admissions

The following two charts summarize freshman and transfer admission requirements for 2010-11. Subsequent sections of the report provide more detailed information.

¹ Minimum test scores are not set, but test results may be used during additional campus review processes. OUS schools may require a standardized writing exam. Students submitting the new SAT II Reasoning exam will be submitting a standardized writing exam. Students submitting the ACT should submit scores from the optional writing examination.

² In courses taken to satisfy the subject requirements.

³ Applicants below the 3.00 high school GPA or lacking subject requirements will receive additional campus review. OSU requires the Insight Resume. Completion of math through the level of Algebra II is highly recommended.

⁴ UO automatically admits applicants who have a 3.40 high school GPA and 16 units of subject requirements including the 14 OUS subject requirements and 2 additional academic units. Applicants below the 3.40 high school GPA or 16 units of subject requirements will receive additional campus review.

- All OUS institutions require two years of same high school-level second language with a grade of C- or above, or two terms of a college-level second language with a grade of C- or above, or acceptable performance on proficiency-assessment options. American Sign Language meets the second language requirement. The second language requirement applies to transfer students graduating from high school in 1997 and thereafter.
- All OUS institutions conduct more comprehensive reviews of applicants who do not meet the minimum required GPA for admission. Reviews include additional factors such as standardized test results, rigor of courses taken, review of writing sample or personal essays, non-cognitive factors, and other indicators that predict success in college. Academic performance is not the sole criterion for admission to an OUS university. A university may evaluate a person's behavior and background to determine their ability to maintain the standards of academic and professional conduct expected at the university. An evaluation may take into consideration current behavior and performance as well as past experiences and actions. Simply qualifying for admission does not guarantee admission.

Freshman Admission

To be admitted to freshman standing,¹ students must fulfill each of the requirements (or alternatives) as specified in 1. through 4. below. Applicants failing to meet all of these requirements may receive a comprehensive review of their application that may result in an offer of admission.

1. **High School Graduation:** To be considered for admission to an OUS institution, students must graduate from a standard or regionally accredited high school.

Public high school graduates must have graduated from a standard² high school.

Private high school graduates or home-schooled graduates must have graduated from an accredited³ high school or home-schooled program.

Nongraduates qualify for admission by taking the GED, as follows:

Meet the minimum score and average subtest score on the test of the General Educational Development (GED) as listed below.

¹ Students with any college credit note Transfer Admission 1.

² Standard high schools are public high schools that are certified as meeting specified levels of resources, services, and quality established by the Oregon Department of Education.

³ Accredited high schools are those that are reviewed and recognized by a regional entity, such as the Northwest Accreditation of Schools and Colleges, as meeting an appropriate level of academic rigor and support.

2. Admission Tests (ACT and SAT)

Applicants who have graduated from an accredited and/or standard high school within three years of OUS enrollment must submit scores on the SAT Reasoning or American College Test (ACT) that include a standardized writing examination.

SAT Subject Tests are required for applicants who are graduates of unaccredited high schools, including home-schooled students.

Test scores are used:

- as an alternate means of meeting the GPA and/or subject requirements;
- to comply with the admission policy for graduates of unaccredited high schools;
- in selectively admitting qualified applicants; and
- for advising, guidance, and research purposes.

3. OUS Subject Requirements

Applicants must satisfactorily (grade of C- or above) complete at least 14 units⁴ (one year equal to one unit) of college preparatory work in the following areas. Graduates of Oregon high schools may also use the Proficiency-based Admission Standards System (PASS) option to substitute for English, mathematics, science, social science, and second language subject requirements.

English (4 units). Shall include the study of the English language, literature, speaking and listening, and writing, with emphasis on and frequent practice in writing expository prose during all four years.

Mathematics (3 units). Shall include first-year algebra and two additional years of college preparatory mathematics selected from geometry (deductive or descriptive); advanced topics in algebra (through Algebra II), trigonometry, analytical geometry, finite mathematics, advanced applications, calculus, and probability and statistics, or courses that integrate topics from two or more of these areas. One unit is strongly recommended in the senior year. (Algebra and geometry taken prior to 9th grade will be accepted.)

Science (2 units). Shall include a year each in two fields of inquiry based college preparatory science such as biology, chemistry, physics, or earth and physical science. Science courses that are “inquiry based” provide students the opportunity to apply scientific reasoning and critical thinking to support conclusions or explanations with evidence from their investigations. It is strongly recommended that one year be taken as a laboratory science and that a total of three years of science be taken.

⁴ Minimum requirements for admission to UO include these 14 units. For automatic admission, students must complete two additional approved units in any of the five subject requirements.

Social Studies (3 units). Shall include analysis of societal issues and events. It is strongly recommended that study includes knowledge and use of geographic information, patterns of United States history, patterns of human history, structures and systems of US Government, and analysis of economic systems.

Second Language (2 units). Shall include two years of the same high school-level second language, or a C- or above in the third year of a high school-level language, or two terms of a college-level second language with a grade of C- or above, or satisfactory performance on an approved assessment of second language proficiency. Demonstrated proficiency in American Sign Language meets the second language requirement. The second language requirement only applies to applicants graduating from high school in 1997 or later. If admitted as an exception, students failing to meet this requirement must complete it with a grade of C- or above or with two terms of the same college-level second language.
