## **Interinstitutional Student Exchange Program**

---

Effective July, 2002, the Oregon University System Interinstitutional Student Exchange Program has been revised. Undergraduate students who wish to spend up to one year at another OUS campus may do so by following the procedure below.

- Apply for admission as a transfer student to the desired OUS campus.
- Once admitted, the student will receive the same services as other enrolled students.
- If the student returns to their original campus within 12 months, the transfer application fee to the original campus will be waived.
